

*Bill is drafted in Sections §§4003 and 4004***Chapter 1071: CHILD AND FAMILY SERVICES AND CHILD PROTECTION ACT****§4003. Purposes**

Recognizing that the health and safety of children must be of paramount concern and that the right to family integrity is limited by the right of children to be protected from abuse and neglect and recognizing also that uncertainty and instability are possible in extended foster home or institutional living, it is the intent of the Legislature that this chapter:

1. Authorization. Authorize the department to protect and assist abused and neglected children, children in circumstances which present a substantial risk of abuse and neglect, and their families;

2. Removal from parental custody. Provide that children will be removed from the custody of their parents only where failure to do so would jeopardize their health or welfare;

3. Rehabilitation and reunification. Require that reasonable efforts be made to rehabilitate and reunify families as a means for protecting the welfare of children, but prevent needless delay for permanent plans for children when rehabilitation and reunification is not possible;

3-A. Kinship placement. Consistent with sections 4005-G and 4005-H, place children who are removed from the custody of their parents with an adult relative when possible;

3-B. Sibling placement. Consistent with sections 4005-G and 4005-H, place children who are removed from the custody of their parents with as many of those children's siblings as possible;

4. Permanent plans for care and custody. Promote the early establishment of permanent plans for the care and custody of children who cannot be returned to their family. It is the intent of the Legislature that the department reduce the number of children receiving assistance under the United States Social Security Act, Title IV-E, who have been in foster care more than 24 months, by 10% each year beginning with the federal fiscal year that starts on October 1, 1983; and

5. Report. Require the department to report monthly to the joint standing committees of the Legislature having jurisdiction over appropriations and financial affairs and health and human services matters, beginning in July 2000, on the status of children served by the Office of Child and Family Services. The report must include, at a minimum, information on the department's caseload, the location of the children in the department's custody and the number of cases of abuse and neglect that were not opened for assessment. This information must be identified by program and funding source.

§4004. Authorizations

1. General. The department may take appropriate action, consistent with available funding, that will help prevent child abuse and neglect and achieve the goals of section 4003 and subchapter XI-A, including:

A. Developing and providing services which:

- (2) Supplement that care; and
- (3) When necessary, substitute for parental care of children;

B. Encouraging the voluntary use of these and other services by families and children who may need them;

C. Cooperating and coordinating with other agencies, facilities or persons providing related services to families and children;

D. Establishing and maintaining a Child Protective Services Contingency Fund to provide temporary assistance to families to help them provide proper care for their children;

E. Establishing a child death and serious injury review panel for reviewing deaths and serious injuries to children. The panel consists of the following members: the Chief Medical Examiner, a pediatrician, a public health nurse, forensic and community mental health clinicians, law enforcement officers, departmental child welfare staff, district attorneys and criminal or civil assistant attorneys general.

The purpose of the panel is to recommend to state and local agencies methods of improving the child protection system, including modifications of statutes, rules, policies and procedures;

F. Investigating suspicious child deaths. An investigation under this paragraph is subject to and may not interfere with the authority and responsibility of the Attorney General to investigate and prosecute homicides pursuant to Title 5, section 200-A; and

G. Requesting and receiving confidential criminal history record information, as defined by Title 16, section 703, subsection 2, from the Department of Public Safety and public criminal history record information, as defined by Title 16, section 703, subsection 8.

2. Duties. The department shall act to protect abused and neglected children and children in circumstances that present a substantial risk of abuse and neglect, to prevent further abuse and neglect, to enhance the welfare of these children and their families and to preserve family life wherever possible. The department shall:

A. Receive reports of abuse and neglect and suspicious child deaths;

B. Promptly investigate all abuse and neglect cases and suspicious child deaths coming to its attention or, in the case of out-of-home abuse and neglect investigations, the department shall act in accordance with subchapter 11-A;

C-1. Determine in each case investigated under paragraph B whether or not a child has been harmed and the degree of harm or threatened harm by a person responsible for the care of that child by deciding whether allegations are unsubstantiated, indicated or substantiated. Each allegation must be considered separately and may result in a combination of findings.

The department shall adopt rules that define "unsubstantiated," "indicated" and "substantiated" findings for the purposes of this paragraph and that specify an individual's rights to appeal the department's findings. Rules adopted pursuant to this paragraph are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

E. If, after investigation, the department does not file a petition under section 4032 but does open a case to provide services to the family to alleviate child abuse and neglect in the home, assign a caseworker, who shall:

(1) Provide information about rehabilitation and other services that may be available to assist the family; and

(2) Develop with the family a written child and family plan.

The child and family plan must identify the problems in the family and the services needed to address those problems; must describe responsibilities for completing the services, including, but not limited to, payment for services, transportation and child care services and responsibilities for seeking out and participating in services; and must state the names, addresses and telephone numbers of any relatives or family friends known to the department or parent to be available as resources to the family.

The child and family plan must be reviewed every 6 months, or sooner if requested by the family or the department;
