Committee: Transportation

Fiscal Note Required: Yes

Preliminary Fiscal Impact Statement

Potential current biennium cost increase - Highway Fund

Potential current biennium cost increase - Other Special Revenue Funds

Potential current biennium revenue increase - Other Special Revenue Funds

Fiscal Detail and Notes

Adoption of this rule could increase Highway Fund and Other Special Revenue Funds expenditures if a proposal regarding truck configuration and weight is received and the department determines it would require capital improvements to the infrastructure in order for it to withstand the proposed configuration. The rule includes a provision requiring the entity requesting the change to pay for 50% of the improvements, which would increase Other Special Revenue Funds revenue.
