LR 2653(01)

An Act to Clarify the Property Tax Exemption for Air Pollution Control Facilities

Preliminary Fiscal Impact Statement for Original Bill

Sponsor: Sen. Reny of Lincoln

Committee: Taxation

Fiscal Note Required: No

Preliminary Fiscal Impact Statement

No state fiscal impact

Fiscal Detail and Notes

Prohibiting a facility that stores spent nuclear fuel or certain radioactive waste from qualifying as an air pollution control facility for the purposes of eligibility for a property tax exemption may increase municipal tax revenues. Because the property tax exemption for air pollution control facilities does not qualify for state reimbursement to municipalities there is no state fiscal impact.
