1 Emergency preamble. Whereas, acts and resolves of the Legislature do not 2 become effective until 90 days after adjournment unless enacted as emergencies; and 3 Whereas, the school district reorganization law enacted in 2007 established a 4 uniform school budget validation referendum process for state-approved units of school 5 administration; and 6 Whereas, the new budget process also requires a school administrative unit of a 7 single municipality to integrate the referenda procedures with any school budget adoption procedures that may have been previously established in that municipality's charter; and 8 9 Whereas, the law governing that integration has been interpreted to preempt 10 procedures established in a municipal charter that are merely procedural in nature and allow for a duly elected municipal council to be involved in the development of a school 11 budget that is ultimately recommended to the legislative body; and 12 Whereas, clarifying legislation is immediately necessary to allow for procedures 13 14 established by municipal charter to be made effective during the development of the 15 2014-15 school budget; and 16 Whereas, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as 17 18 immediately necessary for the preservation of the public peace, health and safety; now, 19 therefore, 20 Be it enacted by the People of the State of Maine as follows: 21 Sec. 1. 20-A MRSA §2307, sub-§1, as enacted by PL 2007, c. 668, §28 and 22 affected by §55, is amended to read: 1. Budget meeting. In charter municipalities the budget meeting required by section 23 24 1485, subsection 3 must be a meeting of the municipal council or other municipal 25 legislative body established by the charter with authority to approve the budget. For 26 budgets developed for a municipal school unit after January 1, 2014, this subsection does 27 not preclude school budget development, review or recommendation procedures 28 established in a municipal charter that occur prior to and in preparation for the budget meeting of the municipal council or other municipal legislative body. 29 30 **Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved. 31 32 **SUMMARY** 33 The school district reorganization law enacted in 2007 established a uniform school 34 budget validation referendum process for state-approved units of school administration composed of 2 or more member municipalities. The new budget process requires that a 35 state-approved unit of school administration composed of a single municipality must also 36 integrate the referenda procedures with any school budget adoption procedures that may 37

have been previously established in a municipal charter. This emergency bill clarifies in time for budgets developed after January 1, 2014 that the statute integrating the budget adoption law for municipal school units with municipal charters does not preempt municipal charter provisions that establish school budget development, review and recommendation procedures that occur prior to the meeting held by the municipal legislative body to vote on the school budget.
