

**§953. Minimum standards**

1. This subsection applies only to policies and contracts issued prior to January 1, 1948, or such earlier date after July 21, 1945, as shall have been elected by an insurer as the date on and after which it would comply with the standard nonforfeiture law.

Except as otherwise provided in subsection 3, the legal minimum standard of value for such life insurance policies issued on or after the first day of September, 1931, by any life insurer chartered by this State, shall be the American Experience Table of Mortality with interest at 3 1/2% per year. Any such life insurer may, at its option, value its insurance policies issued on and after such day, in accordance with their terms on the basis of the American Men Ultimate Table of Mortality with interest not higher than 3 1/2% per year by the net level premium method. Reserves for all such policies and contracts may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.
