STATE OF MAINE ONE HUNDRED AND TWENTY-SIXTH LEGISLATURE FIRST REGULAR SESSION JOURNAL OF THE SENATE

In Senate Chamber Thursday March 21, 2013

Senate called to order by President Justin L. Alfond of Cumberland County.

Prayer by Reverend Jane Macintyre, South Parish Congregational Church in Augusta.

REVEREND MCINTYRE: I stand here this morning in tribute to the Reverend Dr. Beth Clark who died on Friday, March 8th. Her age was 98 years. She was an ordained minister in the United Church of Christ; a member of my church, South Parish; and the mother of the Honorable Beverly Daggett. Besides pastoring many congregations, Reverend Clark traveled all over the world, studying in Switzerland, in Greece, in Crete, in Oxford, and in the Holy Lands, just for a start. She worked with the National Church Board and the World Council of Churches. Her passion was peace and helping others to a better life, and isn't that really the mission of this Body? On April 1, 2003, Reverend Clark stood here to open the session with a prayer. Her words hold as much meaning now as they did when she first offered them. She said, "I want you to know it's not easy to pray. How do you get in touch with that unseen spirit that all of us need to support us from day to day? But will you join me as I try to pray.

O God, our Creator, the God of our nation as well as the God of all nations, You have sustained us through all time and now we again seek Your guidance as the problems and issues of society overwhelm us. Strengthen our determination to outlaw war, recognizing that it is not the mighty, the leaders, who suffer the most, but children and families, innocence and humble soldiers. We should remember always that words are better than bullets. We acknowledge our humanity, that no one of us knows everything. Teach us that humility is better than hubris, that persuasion is better than coercion, that quiet assurance is better than arrogance, and that acceptance is better than judging. Sometimes, unintentionally, someone spills some milk. Help us be willing to say, "I'm sorry" and work to clean up the mess without blaming. Help us to be human beings together, for we are not gods. O Holy God, continue to bless this Senate with decisions for joy, for the people, as well as satisfactions for this Senate. We pray this in the memory of wonderful leaders and parents who have supported us all. Amen."

Pledge of Allegiance led by Senator Colleen M. Lachowicz of Kennebec County.

TOWN OF JAY 340 MAIN STREET JAY, MAINE 04239-1697

We, the undersigned Officials in the Town of Jay, on March 4, 2013 sign the following resolution for our 2013/14 Budget Year.

WHEREAS, the Governor's unprecedented biennial budget places towns in an untenable fiscal position; and

WHEREAS, the proposal includes the elimination of \$283 million in municipal revenue sharing, falls \$200 million short of funding local schools at the 55% level passed in referendum; would cut the state's reimbursement for General Assistance by an estimated \$6.7 million; would eliminate the Homestead Exemption for anyone under the age of 65; would eliminate the "circuit breaker" property tax and rent revenue from towns; and would fail to reimburse towns for 50% of the cost for the Business Equipment Tax Exemption Program; and

WHEREAS, the Governor's proposal also contains cuts to health and human services, clean elections, the wage and benefits of public workers, and other initiatives necessary for strong communities and who's under-funding continues to shift costs to towns; be it

RESOLVED, The Officials of Jay call upon the Maine Legislature to reject these proposals, identify less harmful cost savings, and raise revenue in an equitable fashion in order to avoid a regressive tax shift to municipalities.

CITY OF BANGOR RESOLUTION REGARDING THE GOVERNOR'S PROPOSED BUDGET By the Bangor City Council on March 11, 2013

Whereas, the City of Bangor stands to lose \$3.7 million in municipal revenue sharing in the upcoming fiscal year if the state budget as proposed by Governor Paul LePage is adopted; and

Whereas, The Bangor School Department would pay an additional \$645,000 to fund teacher retirement under the Governor's budget proposal; and

Whereas, 3,615 non-elderly Bangor households would lose \$197 each, or \$712,155 total, in property tax relief in the upcoming fiscal year under the cuts to the Homestead Exemption program, if the Legislature adopts the Governor's proposed budget; and

Whereas, 1,810 non-elderly Bangor households that currently qualify for the Circuit Breaker program would lose an average of \$386 each, or \$698,660 total in the upcoming fiscal year, under that program, if the Legislature adopts the Governor's proposed budget; and

Whereas, in total many Bangor households would lose \$583 in tax offsets if they had previously qualified for both the Homestead Exemption and Circuit Breaker programs, if the Legislature adopts the Governor's proposed budget; and

Whereas, the City of Bangor stands to lose \$140,000 in tractor trailer excise tax revenues being transferred from the City of Bangor to the State of Maine, if the Legislature adopts the Governor's proposed budget; and

Whereas, the City of Bangor stands to lose \$821,000 in General Assistance reimbursement, an entitlement program mandated by the State, in which the State establishes the eligibility requirements, benefit levels and process to be employed; and

Whereas, our community will once again be forced either to eliminate classroom education and other programs in our schools or find local funds to compensate for the reduction in state financial support for public education; and

Whereas, this City Council will be faced with the unacceptable choice of either severely cutting essential municipal services or dramatically increasing the property tax burden on our fellow residents; and

Whereas, we, as the elected representatives of the residents and taxpayers of Bangor, have an obligation to maintain essential local services, ensure a quality education for our children and contain the property tax burden of our citizens;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BANGOR THAT, we call upon the Governor and the members of 126th Legislature to fully fund municipal revenue sharing for the coming biennium, maintain the Circuit Breaker and Homestead Exemption property tax relief programs, and fulfill the state's K-12 education funding mandate under the School Finance Act of 2003 and confirmed by vote of the people of Maine in a June 2004 referendum.

TOWN OF FREEPORT RESOLUTION

A Resolution in opposition to multiple proposals to shift the burden of funding State Government to Municipalities through property taxes:

WHEREAS, the Freeport Town Council is concerned and wishes to express its opposition to multiple proposals to shift the burden of funding State government to municipalities through the property tax levy system and,

WHEREAS, the State administration has submitted a proposed budget for the upcoming biennium that will dramatically shift the burden of funding State government to the property tax by eliminating or significantly modifying property tax relief programs and,

WHEREAS, the proposal to suspend municipal revenue sharing would result in a loss of more than \$525,000 in revenues to the Town of Freeport, which represents approximately six percent of the Town's revenue budget and 38 cents on the property tax mil rate and,

WHEREAS, the changes in the BETR program would result in a loss to the Town of Freeport of at least \$244,000 in the first year of the biennium, which represents approximately three percent of the annual revenue budget and 17 cents on the property tax mil rate and,

WHEREAS, the total of these two largest cuts represents approximately 55 cents on the tax mil rate or a \$110 increase to the tax bill of a \$200,000 home in Freeport, therefore: BE IT RESOLVED: That the Freeport Town Council requests that the Maine Legislature reconsider this large tax shift when creating its biennial FY2014 and FY2015 budget, and welcomes the opportunity for further discussion of this issue in hopes of assisting the State to create a more efficient system of government in order to avoid this shift in revenue from the municipalities to the State.

TOWN OF YARMOUTH 200 MAIN STREET YARMOUTH, MAINE 04096

March 12, 2013

Honorable Mark W. Eves Speaker of the House 2 State House Station Augusta, Maine 04333

Honorable Justin L. Alfond President of the Senate 3 State House Station Augusta, Maine 04333

Dear Speaker Eves and President Alfond:

The Yarmouth Town Council recently adopted a resolution stating its unanimous opposition to Governor LePage's proposal to suspend revenue sharing, further erode the tax base by exempting business equipment, eliminating the Homestead Exemption for most homeowners, and eliminating or severely restricting the Circuit Breaker program for residents already squeezed by taxes. A copy of the text of that resolution is set forth below.

The Yarmouth Town Council fully understands the need for fiscal restraint, and has exercised that restraint guite diligently for a long while. The proposed Town budget (non-education) for the Town of Yarmouth for 2013/14 is a reduction from the current year and represents TOTAL CUMULATIVE INCREASES from 2008 forward of less than one-half of one percent. Yes, that's a total increase in spending of 0.48% over six budget years. The Town also understands and embraces the value of shared and collaborative service delivery with other communities, and our current portfolio of "regionalized" and shared services or employees includes General Assistance Administration, Emergency Dispatch Operations, Solid Waste Recycling and Waste - to - Energy incineration, Paramedic level EMS services, Storm water management, regional transportation planning and resource allocation, joint purchasing, Code Enforcement, Assessing, police investigation and forensics, natural gas market development, vocational/technical education, shellfish conservation programs and enforcement, insurance and employee benefits purchases, fire training facility, library services, and household hazardous waste collection and disposal. Yarmouth, like most if not all communities, has cinched its belt tightly, and has found or invented ways to collaborate to reduce costs and/or deliver better services. But we cannot continue to absorb State policies that erode the tax base, reduce State Aid to Education, mandate services, and undercut the transfer of resources that were instituted to alleviate the burdens on the taxpayer. We regrettably accept that no life ring will be tossed to us by the State government that threw us out of the raft in the first place, but these latest proposal merely tie a cinder block to our feet. Augusta cannot continue to pass the buck and the bill on to the property taxpayer. We thank you for voting no on these proposals that shift the costs from State revenue base to the local property tax.

Sincerely,

S/Nathaniel J. Tupper Yarmouth Town Manager

The following Resolution was adopted by the Yarmouth Town Council (7-0) on February 21, 2013.

Item No. 72: A resolution regarding the Governor's proposed budget initiatives

Resolve, Expressing the Opposition of the Town Council of the Town of Yarmouth to Proposals to Shift the Burden of Funding State Government to the Property Tax and Property Tax Payer.

Whereas, the State Administration has submitted a proposed budget for the coming biennium that will dramatically shift the burden of funding state government to the property tax by eliminating or significantly modifying long-standing property tax relief programs; and

Whereas, the proposal to suspend municipal revenue sharing would result in a \$775,000-revenue loss to the Town of Yarmouth, representing of the Town's general fund total budget and 2.93% on the property tax rate; and

Whereas, low and moderate income residents under the age of 65 who now qualify for the state property tax circuit breaker program will no longer qualify for it in the coming budget year; and

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF YARMOUTH THAT the Town Council hereby expresses its strong opposition to provisions included in the recently proposed state budget that would significantly shift the burden of funding state government to the property tax and property tax payer. These proposals will dramatically increase property taxes in Yarmouth, taxes which often are unrelated to the ability of property owners to pay, and will require spending reductions which will call into question our ability to protect the health and welfare of our community and provide our residents with basic government services.

Be it Further Resolved, that The Town Clerk is directed to provide copies of this resolve to the members of the legislature representing the Town of Yarmouth, members of the Appropriations Committee, and the Governor.

RESOLUTION

Be it Resolved by the Town of Starks Board of Selectmen:

Whereas, the Town of Starks Board of Selectmen is deeply concerned and wishes to express its opposition to multiple proposals to Shift the Burden of Funding State Government to Municipalities through the Property Tax and to the Property Tax Payer;

Whereas, the State Administration has submitted a proposed budget for the coming biennium that will dramatically shift the burden of funding state government to the property tax by eliminating or significantly modifying multiple property tax relief programs;

Whereas, the proposal to suspend municipal revenue sharing would result in a loss of over \$92,504 in revenues, which represents 11.0% of the Town's Revenue Budget;

Whereas, the proposal to redirect the commercial excise tax would result in a loss of approximately \$6,000 or 1% of the Town's Revenue Budget;

Whereas, RSU #9 would be required to pay additional monies to fund Teacher Retirement under the Governor's budget proposal which would affect the school budget and ultimately be reflected in approximately \$7,560 or 1% in new Town assessment;

Whereas, eliminating the homestead exemption in FY 15 for those under 65 will increase taxes for those residents by \$221.00 in that year if the Town's tax remains the same;

Whereas, low and moderate income residents under the age of 65 who now qualify for the state property tax circuit breaker program will no longer qualify for it in the coming budget year;

Whereas, if enacted, these changes reflect at least \$106,064 or 13% of the Municipality's revenue sources;

Whereas, these proposals would dramatically increase property taxes in Starks and all communities and also require large spending reductions that will challenge the Town's ability to protect the health, safety and welfare of the community through providing basic services;

Now, therefore, be it Resolved by the Starks Board of Selectmen to express its opposition to the proposed state budget which significantly shifts the burden of funding state government to the property tax and property tax payer. Further, the Starks Board of Selectmen call upon the members of the Legislature to fully fund municipal revenue sharing for the coming biennium, fulfill the State's K-12 Education Funding Mandate under the School Finance act of 2003, allow the towns to keep the commercial excise tax it collects, and maintain the Circuit Breaker and Homestead Exemption property tax relief programs for our citizens.

TOWN OF WINSLOW, MAINE 114 BENTON AVENUE WINSLOW, MAINE 04901

- Date: March 11, 2013
- To: State of Maine Legislature
- Subject: Biennial State Budget Concerns
- From: Winslow Town Council

The Winslow Town Council would like to offer the following for your consideration in crafting the State Biennial Budget for FY 2014-15.

Winslow is a relatively small town in Kennebec County with a population of approximately 7,800 residents. Over the last 20 years our population has actually decreased. Since 1980, our median age has increased from 31 to 42 as our population has aged. Our taxable valuation base has grown at a rate of about 1% per year. Winslow's 2010 Full Value Tax rate was 4th highest in Kennebec County. Winslow has been able to control expenditures so that the mil rate has been stable since 2008.

We understand that there are state budget proposals before the Legislature that would terminate municipal revenue sharing for two years, alter commercial excise tax distribution, and shift teacher retirement costs to the local level. While we understand the significant challenges state government faces in balancing the next budget, we believe that removing these historic revenue sources from local finances as well as shifting additional costs to local responsibility will have very serious consequences to the people of Winslow and the state as a whole.

Our review indicates that these state budget proposals will remove at least \$700,000 annually from state revenue sharing and commercial excise tax revenue as well as shift \$200,000 to local expenditures for teacher retirement. The combined impact is equivalent to a 1.6 mil rate impact. While there is always opportunity to reduce local expenditures to offset the loss in revenue and mitigate the impact on property taxes, our options are limited.

The municipal portion of our local expenditures have been actually decreasing the last few years as we work to control costs and implement efficiencies. Our proposed municipal budget for 2013-14 is approximately 6% less than in 2009-10. If we were to totally adsorb the \$700,000 in lost state revenue sharing and excise tax diversion, we would need to reduce municipal expenditures by nearly 11%. This amount is equivalent to our total allocations for our Police Dept. Of course we could simply stop whole department activities such as trash collection and shift this to a resident private pay responsibility. While this would allow us to "balance" our budget by cost-shifting, the net effect is that Winslow taxpayers would be paying more for less and their financial burden is increased without a choice.

Another important factor is the Education cost impact. Winslow's proposed 2013-14 budget is more than \$1 million less than in 2009-10. Shifting another \$200,000 in teacher retirement costs to local sources will simply force a greater property tax burden and/or reduced education opportunities. As you may know, Winslow has combined with Waterville and Vassalboro for school administration consolidation per the past Legislature's direction. While it is hoped that school administration savings have been realized, requiring local property taxpayers to absorb another significant cost or choose to reduce classroom resources is an unrealistic challenge at this time.

While often not visible, the County tax requirement has increased significantly in the last ten years. The forecasted 2013-14 County Tax burden for Winslow property taxpayers is \$591,000 as

compared to a \$411,000 costs in 2003-04. In ten years, Winslow's county tax burden has increased by 44%. While it was hoped "Jail Consolidation" was going to at least slow County expenditure increases, results to date do not indicate any appreciable cost containment or easing of the local County Tax burden.

Another important matter is timing. Winslow is just beginning the 2013-14 budget review with a schedule that calls for the first reading of the Budget by April 8 and finalization by May 13. The current uncertainty of revenue sharing, excise tax redistribution, and shifting of teacher retirement expenses to the local level with a possible impact of \$900,000 to local taxpayers places the Council in a "Sophie's Choice" position....do we speculatively raise property taxes and make significant local spending cuts without knowing the Legislature's decision on these unprecedented funding and expense proposals.

As we are sure you realize, property taxes are the only revenue source that local government has control over to meet the expenditure needs. We would ask the Legislature to fully consider the implications if they decide to eliminate revenue sharing, re-allocate excise tax, and shift teacher retirement to local taxpayers. The impact of the Legislature's decision will be immediate and significant. We would ask that you recognize that revenue redistribution and cost-shifting has never proven to be a successful and sustainable means to balance budgets either at the state or local levels.

Thank you for your consideration.

ORDERS OF THE DAY

The Chair laid before the Senate the following Tabled and Later Today Assigned matter:

JOINT ORDER - Expression of Legislative Sentiment recognizing the York High School Boys Indoor Track Team winning the 2013 Class B State Championship

SLS 117

Tabled - March 21, 2013, by Senator HILL of York

Pending - motion by same Senator to PASS

(In Senate, March 21, 2013, READ.)

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Hill.

Senator **HILL**: Thank you Mr. President. Just so you understand why I asked it to be tabled before, after the sentiment had been read, the team was up in the gallery but I really wanted them to come down to the first floor, as I had told them would happen, so we could all see them closer up.

The York High School Indoor Boys Track Team has won the Class B State Championship and I am truly proud of them. Winning is sweet, yet what is most important is what lead to the win; talent, hard work, team spirit, and a "can do" attitude amongst both the team and their coaches. With that I applaud the following: Nick Eaton, Joe Vogel, Kyle Morrison, Thomas Reid, Alec Jordan, Dan Galante, Brandon LeBlanc, and the coaches, Ted Hutch and, listen to this name, Roger Clements. Thank you very much. I appreciate you hearing this.

On motion by Senator **HILL** of York, the Joint Order was **PASSED**.

Sent down for concurrence.

The Chair laid before the Senate the following Tabled and Later Assigned (3/20/13) matter:

JOINT ORDER - Expression of Legislative Sentiment Recognizing the Hampden Academy Boys Basketball Team of Hampden

SLS 115

Tabled - March 20, 2013, by Senator JACKSON of Aroostook

Pending - motion by Senator CUSHING of Penobscot to PASS

(In Senate, March 20, 2013, READ.)

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Cushing.

Senator CUSHING: Thank you Mr. President. Ladies and gentlemen of the Senate, today I ask your indulgence as we take a moment to celebrate the success of a group of talented young men who have recently completed a significant milestone and an amazing record. I'm speaking of the Hampden Academy Boys Basketball Team, this year's Class A State Champions, who completed an undefeated season marked by disciplined play and a strong sense of unity and team spirit. This was personified in their theme of "One Team. One Dream" and was for many of these young men, who were part of last year's squad who won the Eastern Maine Class A title, a burning desire to complete this unmet goal. The State Championship, as with many things in life, when you set a goal and stay focused and disciplined, you find that many good things come together. Nothing exhibits this more than the final seconds of the Eastern Maine final this year against the strong team from Lawrence. The Bulldogs gained the lead and held it for most of the game. As it entered the final 30 seconds, it was neck and neck. After Nick Gilpin was fouled, he

went to the line and tied the score. It appeared the game might head for overtime to be decided. However, a quick effort by Lawrence's Xavier Lewis, with a baseline jumper, added two points capped by a trip to the foul line that put the Bulldogs back on top and to many it looked like what would be an upset of the undefeated Bronco's season. With 4.2 seconds left, Nick Gilpin rebounded the missed free throw, dribbled twice, and, as the Lawrence players converged on him, he passed the ball to his brother, Zach, just beyond the mid-court line. With time running out, Gilpin turned and launched the shot which glanced off the backboard and found its mark as time expired. Hampden took the next step towards the championship. To me, this demonstrated the result of a no-quit attitude and laser focus on their goal. They harnessed the energy that comes from this type of determination and brings to bear the countless hours of preparation and practice so that when the opportunity presents itself the pupil is ready. These are the desired results that all coaches strive for and on which true success is built. Ladies and gentlemen, please join me in our recognition of the accomplishments of these fine young men. Thank you.

THE PRESIDENT: The Chair recognizes the Senator from Waldo, Senator Thibodeau.

Senator THIBODEAU: Thank you Mr. President. Ladies and gentlemen of the Senate, I rise today to also recognize this incredible team. I think I'm the only Hampden Academy alumni in the Senate Chamber today. I guess I wanted to give one last cheer for the purple and white. This year the Hampden Broncos became the Class A State Champions. These young men have made our community incredibly proud. We had a season that can only be described as magical. Senator Cushing described some of the highlights, including an undefeated season and a last minute shot that was just magical. If you are interested in seeing it, I think if you check on ESPN you can probably still find it. It was one of the top 10 in our nation. We are incredibly proud of these young men. It was a true team effort for the entire season. Each of these young men have worked incredibly hard and refused to accept defeat. This work ethic that they have learned, this unwillingness to accept defeat, will result in only the first of many great accomplishments in their lives. If they apply these same work ethics and that refusal to accept defeat, they are going to have many, many future successes. I'm incredibly proud of these young men and want to congratulate them first hand. Now, for those of you who are wondering which young men are from Winterport, which is in my Senate District, versus Senator Cushing's, the handsome ones live in Winterport. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Hancock, Senator Langley.

Senator **LANGLEY**: Thank you Mr. President. Men and women of the Senate, you might wonder why I rise. I live in Ellsworth and support Hancock County teams, but I just have to tell you a quick story. After that exciting last minute win, the very next day my wife and I were up watching the MDI Trojans play in Bangor. At the end of that game we walked out in the middle of this team, walked out with them. We spoke with the brother who made the pass. He commented to us that the first 31 minutes and 20 seconds really stunk and the last 30 seconds were really great. Thank you for a job well done. On motion by Senator **CUSHING** of Penobscot, the Joint Order was **PASSED**.

Sent down for concurrence.

THE PRESIDENT: The Chair is proud to recognize the Boys Class A Champions from Hampden High School. Would you please continue rising and accept the greetings of the Maine State Senate.

JOINT ORDER - Expression of Legislative Sentiment Recognizing Zach Gilpin of Hampden SLS 114

Tabled - March 21, 2013, by Senator **GOODALL** of Sagadahoc

Pending - motion by Senator CUSHING of Penobscot to PASS

(In Senate, March 20, 2013, READ.)

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Cushing.

Senator **CUSHING**: Thank you Mr. President. Ladies and gentlemen of the Senate, I appreciate your indulgence in our recognition of some accomplishments. Today I rise to speak to an accomplished young man who was part of the previous sentiment's accolades. Zach Gilpin of Hampden is a student at Hampden Academy and a member of the 2013 Class A State Championship Boys team. He is also the recipient of the William Warner Award from the Bangor Daily News for the most valuable player for the Class A Boys Tournament. I think that as you look at my comments previously, it's clear that he and his brother were significant contributors. I also think that as we look at the highlights of that game, you see that it was through his leadership and the team's effort that this award was presented to him. He clearly exemplifies many of those attributes that we look for when we look for the most valuable players in certain instances. I thank you for giving me the opportunity to rise and recognize this young man and thank you for the courtesy you have extended me.

On motion by Senator **CUSHING** of Penobscot, the Joint Order was **PASSED**.

Sent down for concurrence.

THE PRESIDENT: The Chair recognizes Zach Gilpin from Hampden Academy.

JOINT RESOLUTION - Memorializing Major Gregory W. Sanborn, Deputy Chief Game Warden, of Sidney SLS 108

Tabled - March 20, 2013, by Senator KATZ of Kennebec

Pending - motion by same Senator to ADOPT

(In Senate, March 20, 2013, READ.)

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator KATZ: Thank you Mr. President. Men and women of the Senate, I'm going to ask this memoriam be read, but before I do I'd like to make a couple of comments. Major Gregory Sanborn was a true public servant whose life was too short. He died last month at the age of 47 from a rare form of cancer. Greg was a teacher, taught at Bingham and at Fryeburg. In 1990 he went to realize his lifelong dream of becoming a Game Warden. Over the years he rose to the number two position in the Warden Service. The impact that he had on the service is probably best expressed by the comments of three of his colleagues. First, "Greg became a good and loyal friend. You will not meet a more dedicated Game Warden than Warden Sanborn." Second said, "Greg had a knack of interacting with the public and at the same time he wrote more summonses and warnings than any other warden before or after. The amazing part was he never generated a letter of complaint." The third said, "Greg had extraordinary common sense and had a gift for reading a person's body language. He had a keen sense of fairness and he believed in doing what was right for the entire agency." Most important with him was his family. His wife of 19 years, Deb, is here and his son, David. With Mrs. Sanborn today, Mr. President, are Colonel Wilkinson of the Warden Service. Commissioner Woodcock, and Deputy Commissioner Erskine. We are all honored by her presence and we are all honored by the life of Major Sanborn. Mr. President, when we adjourn today I respectfully request that this day we do it in honor and lasting tribute to Gregory W. Sanborn. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Jackson.

Senator JACKSON: Thank you Mr. President. Ladies and gentlemen of the Senate, I rise to pay tribute to someone that was a great man in my mind. I had the honor of chairing the Inland, Fisheries and Wildlife Committee in the 123rd and during that time Major Sanborn was named Interim Acting Commissioner. I hadn't seen him before serving on IF&W, but during that time I got to know him guite a lot better. Greg always would be in the committee and have something to say when you went back and talked to him. I have great respect for Game Wardens. I have a number that have served in my family, but to be guite honest, I always have some feeling when I speak to one that I have to be on my best behavior. With Greg I didn't have that feeling. He seemed like just one of the guys. Easy to talk to. Made me feel really at home. My first time chairing a committee and he was just the greatest guy to speak to, to talk to, to bring up issues, and he'd give you his thoughts and opinions. I just always, always respected him for that. There is nothing worse than going to funerals, but I have to say that the same feelings that I'm having now I felt at his funeral. Greg did a video that was played at the funeral home that was just mesmerizing, to have somebody to speak like that. I suppose in his mind it helped put a lot of people's hearts at ease. I just really wanted to get up and say how much I thought of him and how sorry I am to his family. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Washington, Senator Burns.

Senator BURNS: Thank you Mr. President. Ladies and gentlemen of the Senate, it is my privilege today to just rise for a moment to speak about Major Sanborn. He was a brother officer and that means a lot in the work that I did for most of my life, as Mr. Sanborn did. I first got to meet Major Sanborn when he transferred to Washington County. I had recently retired from the State Police from what I guess you would say was a similar type position; a supervisor of officers. I very quickly come to like him and he very quickly established a reputation among his peers and among the other agencies of being a very knowledgeable and a very easy person to work with. That continued throughout his career. He established a reputation in Washington County and I think that carried on through the rest of his career and that is why he became a wonderful leader in his department. He knew his job well. Got along with people, but also knew how to enforce the law. He did that extremely well. I, too, had the privilege of attending his memorial service and it was a very unique service. It was a very impressive service and did great to tell about his life and how his life and his family impacted him and how he impacted others. I've only been through one of those experiences one time before and that was with another brother officer that suffered from cancer before he passed away. It was quite a moving experience and it was quite a testimony to the life that he lived and the contribution that he made to our state. community, and the love that he had for his family. He was an extremely well respected officer. I know he was a great family man. There is the other side of the coin also. It is good that some of the people in my profession can cause people to be on

their best behavior once in a while Senator. Major Sanborn also had that ability, too, if you were on the wrong side of the law. It's my privilege today to honor him. Thank you, Mr. President.

At the request of Senator KATZ of Kennebec, READ.

On motion by Senator **KATZ** of Kennebec, the Joint Resolution was **ADOPTED**.

Sent down for concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the chamber Major Sanborn's wife and son, Deb and Dave Sanborn. They are accompanied today by Colonel Wilkinson, Colonel of the Maine Warden Service; Commissioner Chandler Woodcock; and Deputy Commissioner Andrea Erskine. They are the guests today of the Senator from Kennebec, Senator Katz. Would they please stand and accept the greetings of the Maine State Senate.

The Chair laid before the Senate the following Tabled and Later Assigned (1/8/13) matter:

JOINT RESOLUTION - Memorializing Russell W. Libby of Mt. Vernon

SLS 26

Tabled - January 8, 2013, by Senator KATZ of Kennebec

Pending - motion by Senator SAVIELLO of Franklin to ADOPT

(In Senate, January 8, 2013, READ.)

THE PRESIDENT: The Chair recognizes the Senator from Sagadahoc, Senator Goodall.

Senator GOODALL: Thank you Mr. President. Men and women of the Senate. I rise today sharing some remarks and memorializing the passing of Mr. Russell W. Libby. I only had the pleasure and honor of meeting and interacting with Mr. Libby a handful of times, but to all of us he was a force in this state to promote the positive aspects of agriculture and regarding the great profession and of greater provenance and mainstreaming organic farming and really helping propel the Maine Organic Farmers and Gardeners Association along with his efforts at the Common Ground Fair, amongst many many other issues. He is someone, to me, that often we see people write letters to the editors or send correspondence to us individually. When I saw his name I would automatically want to know what he had to say. His opinions were well thought out. His advocacy was strong. He was just a stanched defender and advocate for farmers and the organic profession. To me, he brought so much credibility to the arguments that are made in this building and across the state and his efforts to promote this industry and the great state are up there with anyone. I just wanted to share those comments and say how thankful I am for everything he did and how sorry I am. It will be a lost to his family and to this state. Mr. Libby led a great life and I am proud that we can recognize everything that he did and accomplished here today. Thank you, Mr. President.

READ.

THE PRESIDENT: The Chair recognizes the Senator from Franklin, Senator Saviello.

Senator SAVIELLO: Thank you Mr. President. Ladies and gentlemen of the Senate. Russell Libby: farmer. advocate. Selectman, father, and husband. All the words describe the multiple roles he played in his life. About 17 years ago I met Russell for the first time in his capacity as the Maine Organic Farmer and Gardeners Association's new Executive Director while I was serving as the Chair at the Pesticide Control Board. When I came to the State House eleven years ago. I found Russell again. When I became the Senator for his hometown, I found him again as a Selectman. Just recently I've gotten to know him, Russell, as a family man. Russell served on the Maranacook School Board, heading up their budget committee. He didn't always like the decisions he had to help make, but was so aware of the budget numbers that he could see where they needed to be. He was a Selectman, as I already mentioned. He was on the ordinance review committee. He served on many boards and committees related to agriculture in the state and the nation. Most of us remember him as the Maine Organic Farmers and Gardeners Association Executive Director. Russell loved that work, that very creative organization, because it was one of the few organizations that allowed him to fully engage the use of all his guirky and deep knowledge and skills. Russell, the man, can be remembered by those who knew him as a great leader who had a sense of purpose. People said he was known for his laugh. Others remember how much he loved his children. A few people said they remembered him as a competitive person by nature who liked having the last word in every discussion. Organic farmers and friends remember Russell as a state leader in the organic farming movement and as a wise and driven leader. Russell was MOFGA's Executive Director for 17 years and was credited with building one of the nation's largest state-level organic associations. It was said of him that he steered the ship like a sailor who knew every tide. The ship is still on course thanks to Russell. Under Russell's leadership MOFGA became the country's largest state-level organic association with more than 6.500 members. 418 certified organic farms and processing operations, and a 400 acre year-around education system with more than 1,500 volunteers and 32 employees according to previous reports. He put the organization on national agriculture community mainstream. When he took over there were only 3,000 families in MOFGA. Libby directed the development of MOFGA's Common Ground Education Center. He supervised the expansion and growth of all the programs, including agriculture services, educational events, and farmer training. Russell insured that the transition to new leadership would go smoothly. He left the organization with a good path, strong financial health, and a great staff and army of volunteers. Russell was, well, Russell. He had his \$10 a week idea, which has now been used by many many local organizations. He figured out the money that would stay local if each household would spend \$10 a week within his community for local food or other local made goods. He started the Mt. Vernon Farmer's Market. He and a few local farmers and gardeners met to decide to do a little market on Saturday mornings. He usually took at least one of his daughters with him and they shared a booth with a neighbor who was a wonderful gardener. His personal fuel tax; the last couple of years of his life he would levy a hefty fine on himself every time

he filled his car with gas. He always heated with wood, but had electricity. He wanted to use that tax to build a family fund so that they could eventually switch to solar power. The woods; his knowledge of the woods, fields, and waterways around him was personal and went so deep. To that end, he spoke with great feeling about the old apple tree in his parent's yard; the apples his Mom made into a wonderful pie. At his home in Mt. Vernon there was this great maple tree that dominated his yard, which under which the family had many a summer meal and which he tapped only one tap per year so as not to stress the tree. He loved any ash tree. He taught his youngest daughter the size of a pine by hugging it and using angles to figure out its height. He noted each year the rate of recovery for trees damaged in Hurricane Bob and Ice Storm of 1998. He had an uncanny understanding of the woods and fields. In Mt. Vernon, he probably understood where every bit of water went in that watershed. He kept track of the first day, year to year, that the Red Winged Blackbirds returned to the north end of Torsey Pond. Math; always. What a numbers guy. He learned to play with numbers by figuring the Red Sox stats when he was a kid. Whether it was a school budget, calculating the slope of a field, keeping track of the batches of food his wife, Mary Anne, put up, or gallons of sap from one tap, figuring poverty rates, food insecurity, or, for his own entertainment, figuring all the sums that he could come up with by using the four basic math operations together on the numbers of whatever license plate that was on the car ahead of him on the highway. As I close, a few thoughts and comments I leave with you. A member of MOFGA's Board of Directors and former President described Libby as a public person who was capable of having deep, close, and wonderful friendships. Libby never thought of himself as having an outgoing, precarious personality, but the hundreds who met him at the conferences felt they had a close connection with him. Others say he was very inspiring, very very humble, but a very engaging man in the best sense of the word. He was very funny too. He loved to make fun of himself. He was someone who could hobnob with the elite in Washington and hang out with the pretty regular people, everyday people, back here in Maine. He taught himself how to feel comfortable in all these different environments. Russell Libby, as a person, could look at the future but keep the past in mind. Good words for all of us to remember. He will be missed. Thank you, Mr. President.

On motion by Senator **SAVIELLO** of Franklin, Joint Resolution was **ADOPTED**.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the chamber the Libby family. Russell's mom, Sandra Libby; Russell's sister, Ronda Nichols; Russell's sister, Pam Fowler; Russell's brother, Chris Libby; Russell's nephew, Charlie Libby; Russell's daughter, Anna Libby; and Russell's wife, Mary Anne Libby. Would they all please rise and accept the warm greetings of the Maine State Senate.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Cain.

Senator CAIN: Thank you Mr. President. Men and women of the Senate, I rise for a quick note about this Joint Resolution. A few moments ago in the House I, along with many other distinguished women who join us in the back of the Chamber today, was recognized as part of Women's History Month. I'll admit that it's a little bit awkward to stand up on a sentiment that you are mentioned in. It's a first for me and probably a last. Whether I'm in this sentiment or not, the point is that if you read this sentiment you will see that, as a state, we have come very far with the number of women who have led our Chambers and provided leadership in both political parties and at both ends of the building. What you will also see is that there are not that many names on this list and there can be more and there will be more. but there will only be more because of the pathways set by the women who are here today with us, many of whom have mentored me, many of whom are your friends and your colleagues and your mentors. The women of the Maine Legislature and the women who continue to and have represented Maine in the United States Congress and in the Judicial Branch and as our Constitutional Officers are extraordinary, each in their own right. I believe what they have brought to the table is not necessarily a better way or even a different way. What they bring to the table is an important perspective in a state and a country where more half of collegegoing students today are women. Half of the population is women. Yet in our elected bodies we find 20% to 30%, if we're lucky, of our elected officials. Women bring to the table diverse experiences, backgrounds, perspectives, and heart and soul on so many issues, on all issues, whether they are issues of education or business, economic development, the environment, or the law. In Maine, we are special because the rest of the country looks to us and the leadership of the women who have gone before, who are here now, and will come down the line. Today is also Girl's Day at State House. I would ask you to take a look and reflect for a moment on the women who have led this Chamber, the women who serve in this Chamber and the other Body currently, look at the pages who are with us today in the House and Senate, and the girls who are walking the halls wearing tee shirts that say "Girls Rock the House and the Senate" because those are the girls that will turn into the women who will lead our state in the future. To be part of that sisterhood of leaders is something that brings great pride to me, and brings great pride to the women who serve in the Senate today and those who will serve in the future. Thank you, Mr. President, for the opportunity to speak on behalf and in honor of so many women that I admire so deeply. Thank you.

Senator **TUTTLE**: Thank you Mr. President. Women and men of the Senate, it is my pleasure to be here today speaking on this sentiment. I served with many of the individuals here today from Senate President Elizabeth Mitchell to Senate President Beverly Daggett, who co-chaired the former Committee on Legal and Veterans Affairs, to Senator Mary Cathcart, former Majority Leader Carol Kontos, Senator Pam Cahill, Senator Debra Plowman, Senator Mary Small, Senator Beverly Bustin, my good friend Attorney General Janet Mills, Chief Justice Leigh Saufley, and former State Auditor Gail Chase. If I've missed anybody I apologize. They have truly been an inspiration to me. It's good to see them come back to the people's Senate and I congratulate them all for the honor they give us by being here today. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Aroostook, Senator Jackson.

Senator **JACKSON**: Thank you Mr. President. Ladies and gentlemen of the Senate, very quickly. Looking down through the list, people that I had the opportunity to vote for, either in the House or the Senate, I have the great honor and pleasure of saying I supported every one of them. When I was supporting them, they were just the best person for the job. I never once considered if they were a man or a woman. They were just the best person and I think that's what we all should strive for. I certainly have had the pleasure of serving with all these people and they did do a great job. I appreciate everything they have done for me and things that I could say that I've taken from them their leadership ability. I just wanted to get up and say how much I appreciate it all they did for this Body and this Legislature. Thank you.

ADOPTED, in concurrence.

THE PRESIDENT: The Chair is pleased to recognize in the rear of the chamber Beverly Bustin-Hatheway, the Assistant Senate Leader: Pam Cahill, Republican Leader: Bev Daggett, the first woman Senate President and Senate Majority Leader; Sharon Treat, the Senate Majority Leader and the Senate Majority Whip: Emily Cain, the House Democratic Leader; Carol Kontos, House Majority Leader and former Senator; Janet Mills, the first and second woman to be the Attorney General here in Maine; Gail Chase, the first woman State Auditor; Leigh Saufley, first woman Chief Justice of the Maine Supreme Court; Pola Buckley, State Treasurer; the Honorable Libby Mitchell, the first woman Speaker and the first woman to be both the Speaker and Senate President in the United States; Mary Small, Republican Leader; and Deb Plowman, Republican Assistant Majority Leader. Would they all please rise and accept the greetings of the Maine State Senate. The Chair missed one person. Dale McCormick, the first woman to be the State Treasurer and former State Senator.

ORDERS

Joint Resolution

THE PRESIDENT: The Chair recognizes the Senator from York, Senator Tuttle.

Joint Resolution in Memoriam:

WHEREAS, the Legislature has learned with deep regret of the death of:

Beth Pendleton Clark, of Augusta, author, pastor and educator. Dr. Clark was born in Bradford, New Hampshire and grew up in Bangor, where her father was the pastor of Columbia Street Baptist Church, and later the family moved to Waterville. She graduated from Colby College with an AB degree and from Andover Newton Theological Seminary with a BD degree. In 1968 she received a Master of Divinity degree from Eastern Baptist Theological Seminary and in 1981, at the age of 69, became the first woman to receive a Doctor of Ministry degree from Lancaster Theological Seminary. In 1940, she married the Reverend John G. Clark of Augusta, Georgia. As he served churches in the South, she raised their 2 children and served those churches by working with youth, singing in the choir and directing plays. After the death of her husband in 1955, she completed his book, Meditations on the Lord's Supper, which was published in 1958. Dr. Clark held several professional positions, including the position of Executive Director of the YWCAs in Bristol, Tennessee and Asheville, North Carolina. She was also Dean of Women at Anderson College in Anderson, South Carolina and at Eastern College in St. Davids, Pennsylvania. Dr. Clark was Volunteer Resources Coordinator at the Selinsgrove State School and Hospital from 1965 to 1978. Following her retirement in 1978. Dr. Clark studied and traveled extensively. While serving on the National United Church Board, she visited mission stations in Jamaica, Haiti and Puerto Rico. She was an interim pastor for twenty-one churches in the Penn Central Conference. After moving to Maine, she continued to do some preaching, including at churches in Falmouth and Deer Isle. She will be greatly missed and long remembered by her family, including her loving daughter and son-in-law, the Honorable Beverly Daggett and Thomas Daggett, her friends and those whose lives she touched; **SLS 119**

Sponsored by Senator KATZ of Kennebec. Cosponsored by Representatives: FOWLE of Vassalboro, POULIOT of Augusta, WILSON of Augusta.

READ.

THE PRESIDENT: The Chair recognizes the Senator from Kennebec, Senator Katz.

Senator **KATZ**: Thank you Mr. President. Men and women of the Senate, it is perhaps poetic justice that this memoriam comes before us today when we are honoring some of the great women who have moved this state forward. In hearing about the accomplishments of Beth Pendleton Clark, it is exhausting just to listen to it all; all the amazing things she did in her life. She truly was a renaissance woman. I am confident that of all the things she did she was proud of none of them more than she was of being the mother of the first female President of the Senate, my friend and my constituent Beverly Daggett. It is my honor to sponsor this memoriam. Thank you, Mr. President.

THE PRESIDENT: The Chair recognizes the Senator from Cumberland, Senator Haskell.

Senator HASKELL: Thank you very much Mr. President. Mr. President and colleagues of the Senate, there are some people whose lives are larger than life, just a little bit bigger than everybody else. When they tread upon this earthly soil their footprints spread. Certainly the impact that Beth Clark had was larger than life, not just as a woman whose accomplishments you heard about, but as a person; a person whose life was admired. respected, emulated; a person whose life, and more so her actions and deeds, changed lives and touched people. Perhaps you are wondering why a Senator from Cumberland is standing up to speak. I'm going to tell you a little bit about our personal history. In the 113th Legislature, then Representative Daggett came into office. I came in in the 114th. Not only was Representative Daggett somebody I looked up to, but because Representative Daggett and I were just about the same height and our hair was just about the same color at that time and our shoulders were just about the same width at that time and certain facial characteristics were similar, I would frequently be tapped on the shoulder. "Oh, Representative Daggett, I love your bill on such-and-such. What are we going to do about that?" The two of us got mixed up a lot, to the point where we began to think of ourselves as sisters. I'd frequently say, "What bills have you got this week, Beverly, that I should know about so I'll know what to tell people?" Through our careers, I spent another three years after that in the House with her and certainly watched as she moved over to the Senate to become the first woman to stand in the place where our good Senate President is now standing. It was a delight to see an image of myself standing up there when I saw Senator Daggett standing up there and presiding over this Senate. It's such a pleasure to talk about her mother, to talk about the impact that her mother had on her life. She's one of those rare individuals who got an opportunity to give her daughter life twice. She gave her daughter life the first time the way we would all understand and the second time in 2008 when she gave her one of her kidneys; a lifesaving donation to Beverly's life. All of us were touched at that time. We thought about what would we do in either one of their circumstances; hers or her mother's. We're so deeply touched by that personal gift that came from a mother; the gift of life again for her daughter. For that, I think there is a little special check mark, a little star. Now that she has sloughed off with the trials of this life to be welcomed into the open arms of her next life, we think today of her daughter, Beverly, and of Tom, too, as well and ask that when the Senate adjourns today it adds to this list of wonderful people that we've talked about today, in honor and lasting tribute, Beverly's mom. Thank you.

JOINT ORDER - Expression of Legislative Sentiment recognizing the Honorable Mary Cathcart of Orono on her induction into the Maine Women's Hall of Fame

SLS 118

Tabled - March 21, 2013, by Senator GOODALL of Sagadahoc

Pending - motion by Senator CAIN of Penobscot to PASS

(In Senate, March 21, 2013, READ.)

At the request of Senator CAIN of Penobscot, READ.

THE PRESIDENT: The Chair recognizes the Senator from Penobscot, Senator Cain.

Senator **CAIN**: Thank you Mr. President. Men and women of the Senate, it seems fitting that on a day when we are recognizing

women of the Legislature and seeing Girls That Rock The House in the Senate, that we take a minute to also recognize someone who may not have held one of the formal positions on the Legislative Council but was as much of a leader and a trailblazer for this Legislature and in our state for women and girls, and that is the Honorable Mary Cathcart. I have known Mary Cathcart for more than 10 years, but it has really been in the last 8 years, now 9, during my time in the State Legislature that I can truly speak to Mary's impact on me, as a mentor and role model, and on so many other women that I know, and young girls. It may sound cliché, but there truly is something about Mary. There is something about Mary and her tenacity and her determination and in her kindness and her gentleness that makes you always say yes to her, no matter what she is asking. I know you know this because many of you have shadows today from the Maine New Leadership Program or many of you have come and spoken at events that Mary has put together or visited the University of Maine at her request. Mary's public service, representing Orono and communities in Penobscot County, is well known and respected. It was quite an honor for me last Saturday to be present when Mary was inducted into the Maine Women's Hall of Fame. She said to the crowd, "This is the greatest honor of my entire life." I think that's because Mary's work and passion began on behalf of women and girls in Maine. Through all of the work and successes she's had, whether it is in R&D, in higher education, in business development, in the environment, and all the other causes she championed, she never lost sight of and continues to have her eve on the prize of advancing the cause and condition for women and girls in the state of Maine. Truth be told, Mary Cathcart and her husband, Jim Dearman, are the reason that I serve in this Chamber today. It was the two of them that asked me to run for office when I was just 24 years old. I'm not alone. I am one of many women in this state who can say that Mary Cathcart played a defining role in the rest of their lives. Mary is loved in Lincoln, in Burlington, in Orono, in Old Town, in Augusta, and all around New England through her work with the New England Board of Higher Education. Mary doesn't leave your side. If Mary is with you, she is with you until the end. She has stood with me and I have been proud to follow in her footsteps over the last now 9 years. Mary's commitment to Maine, and particularly Maine women and girls, has really only grown since she left this honorable Chamber. She has now founded the Maine New Leadership Program at the University of Maine, inspiring the next generation of women leaders in our state to enter politics. I think the biggest compliment of all that I'm ever paid when I do my work here in this building is when someone says to me, "You know, Emily, you remind me a lot of Mary Cathcart." It is those days, Mr. President, that I know I'm doing something right; because if I can be a little more like Mary, if I can get a little more of that something that there is about Mary, then I'm doing right by the people of Maine, as she did for so long. It is my pleasure to ask you to join me in recognizing Mary today, who is a leader for all time for women and for all of Maine. Thank you, Mr. President.
