## SUMMARY

This bill makes changes to certain licensing laws related to marine resources. It clarifies eligibility requirements for a for-hire charter boat operator's license. It amends a provision of law governing lobster and crab trap limits by removing language that describes trap limits prior to March 1, 2000 and repealing a provision that establishes a specific civil penalty for violating trap limits. It removes a prohibition on issuing an elver dealer's license or supplemental license to a person using the same business address as a person who has violated certain laws governing elver dealers for at least 5 years following the violation.
