**BY GOVERNOR
ORDERED,**

That the State Controller transfer \$1,061,925 from the All Other line category to the Capital Expenditures line category within account 010-18F-0112-01, Statewide Radio and Network System account, for funding State communication network projects; and,

Be it further ordered,
that the State Controller increase the allotment in account 010-18F-0112-01, Statewide Radio and Network System account, by \$1,061,925 in the Capital Expenditures line category, and decrease the allotment in account 010-18F-0112-01 by \$1,061,925 in the All Other line category for the purpose of funding State communication network projects; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2024", for which this shall be our sufficient warrant.

Statement of Fact

This financial order increases allotment in the Capital Expenditures line category and decreases allotment in the All Other line category within the Statewide Radio and Network System account to pay for upgrades to the Maine State Communication Network. This includes the final installation of the Microwave system as well as the upgrade to the Core and the Capital and Symphony upgrades. The funding is no longer needed in the All Other category for debt service repayments as all current obligations have been met for this fiscal year.

That the State Controller increase allotment in account 014-18F-0263-01, County Tax Reimbursement, by \$98,438 in the All Other line category for the purpose of funding additional excise tax reimbursements to Maine counties; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2024", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward in the All Other line category to support an increase in excise tax reimbursements derived from the purchase of motor vehicles and watercrafts by unorganized territory taxpayers. Failure to allot these funds will prevent Maine counties from receiving these funds to provide necessary services to the unorganized territories within their jurisdictions.

ORDERED,

That the State Controller authorize transfers and adjustments to allotment between General Fund accounts in the Department of Corrections in accordance with the line category breakdown of the attached work program forms for the fiscal year ending June 30, 2024, for the purpose of meeting payrolls; and,

Be it further ordered,

that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2024", for which this shall be our sufficient warrant.

Statement of Fact

Statement of Fact

This financial order will enable the Department to transfer funding from those General Fund programs that would end the year with a surplus to those programs that would end the year with a deficit and enable the Department to close out the year with a zero balance in all programs. The Department of Corrections is running a surplus in All Other in some programs due to the establishment of program targets under baseline funding levels. This process resulted in some programs ending the year with savings while other programs ending with a deficit. The department has met with all program managers and confirmed that surplus funding is no longer needed for the purpose for which it was originally intended and is available for use by other programs.

When the Unemployment Program Administrative Fund was established in Public Law 2019 c. 616, the Department anticipated that the Fund would be used primarily for All Other line category expenditures. Given current federal funding formulas, a more effective use of the Fund would be supporting Personal Services and All Other expenses in certain functional areas of the unemployment program. This financial order authorizes use of the Fund for these salaries as well as unemployment administrative costs in fiscal year 2023-24. Statement of Fact

This financial order increases All Other allotment in order to utilize funds received for operation of the unemployment program and to allot the unencumbered balance forward. Funds will be used for rent, technology costs, and other general operating expenses, thereby maximizing the use of federal funds for staffing of the program. The federal grant is largely a staffing grant, with future fiscal year funding reliant on certain expenditure levels in the Personal Services category. Therefore, the Department largely dedicates available Other Special Revenue funding to All Other expenditures. ORDERED,

That the State Controller transfer \$175,000 from the Personal Services line category in account 010-12A-0799-66, Rehab Services, to the Personal Services line category in account 010-12A-0126-64, Division for the Blind and Visually Impaired; and,

Be it further ordered,

that the State Controller decrease allotment by \$175,000 in the Personal Services line category in account 010-12A-0799-66, Rehab Services, and increase allotment by \$175,000 in the Personal Services line category in account 010-12A-0126-64, Division for the Blind and Visually Impaired, for the purpose of funding payroll shortfalls; and,

Be it further ordered,

that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2024", for which this shall be our sufficient warrant.

Statement of Fact

This order transfers Personal Services between accounts in the General Fund within the Department of Labor to fund payroll shortfalls that occurred as a result of unbudgeted collective bargaining costs. Funds in the Rehab Services account are no longer required in the Personal Services line category for the purpose for which they were originally intended. This transfer will not cause an additional need in the Rehab Services account in this fiscal year. Failure to approve this order will result in the inability to meet payroll obligations for the remainder of the fiscal year.

That the State Controller increase allotment in account 014-13A-0029-01, Joint Enforcement Agreement -NOAA, by \$44,449 in the Capital Expenditures line category for the purpose of allotting a portion of the unencumbered balance forward to purchase three replacement outboard motors; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2024", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward in the Bureau of Marine Patrol (BMP) Joint Enforcement Agreement-NOAA account to purchase three replacement outboard motors for two Marine Patrol vessels. Funding for these enforcement boats is granted by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration, National Marine Fisheries Service, Office of Law Enforcement to be implemented in the Joint Enforcement Agreement for the 2023 award. These vessels are law enforcement and emergency response boats. Mechanical failure of the existing outboard motors could result in the vessels becoming inoperable and would hamper Patrol's response to an emergency. Failure to allot these funds will have a detrimental impact to the Bureau of Marine Patrol's enforcement and public safety efforts.

Statement of Fact

The Maine Public Utilities Commission has received a petition requesting a transfer of 100 percent of the ownership and control of a public utility or the parent of a public utility that operates in Maine, Docket 2024-00072. Pursuant to 35-A M.R.S. § 708(4), if a reorganization would result in the transfer of ownership and control of a public utility or the parent company of a public utility, the Commission shall order the applicant to pay to the Commission a filing fee. The Commission will contract for expert legal counseling services to assist in the review of the transfer. The Commission estimates the consulting services to be approximately \$300,000.

Failure to approve this financial order will have a detrimental impact on the program, as the result will be the inability to provide sufficient analysis and review, thus potentially causing adverse consequences in terms of cost and reliability for Maine consumers.
