That the State Controller increase allotment in account 014-94B-0253-01, Baxter State Park Authority, by \$148,200 in the Capital Expenditures line category for the purpose of purchasing a backhoe; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2026", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward to purchase a backhoe for essential road work tasks, including ditching, road surfacing, and rock removal. Baxter State Park has nearly 50 miles of dirt roads to maintain, and the park relies heavily on its equipment to complete this work. Backhoes also serve as front-end loaders in our gravel pits, loading gravel, which is crucial for our operations. In emergencies, backhoes are used to assist with tree removal following significant weather events. They are equipped with forks to facilitate material handling both inside and outside the park. During winter, they play a vital role in snow removal and back plowing at headquarters. Failure to allot these funds will negatively impact Baxter State Park Authority's ability to maintain the park's infrastructure in a manner that is safe for the public and facilitates access for recreational use.
