ORDERED,

That the State Controller increase allotment in account 014-18A-0080-04, Bangor Campus Office Space, by \$380,000 in the Capital Expenditures line category for the purpose of allotting a portion of the unencumbered balance forward to fund the replacement of failing environmental control systems that service state owned office buildings in Bangor; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2019", for which this shall be our sufficient warrant.

Statement of Fact

This financial order allots a portion of the unencumbered balance forward in account 014-18A-0080-04, Bangor Campus Office Space, to fund the replacement of failing environmental control systems that service state owned office buildings in Bangor. These systems are inefficient and are at or beyond their serviceable life. This will replace antiquated steam distribution systems with energy efficient hydronic systems. Failure to allot these funds will result in the inability to replace these environmental control systems.
