REPORTS FROM EXECUTIVE DIRECTOR AND COUNCIL OFFICES

Executive Director's Report

Grant Pennoyer, Executive Director, presented the following report.

1. Remote Public Testimony

Last month in my report to you, I introduced the new online process for accepting remote testimony being developed by the Office of Legislative Information Technology (LIT), the Legislative Information Office (LIO) and the Law and Legislative Reference Library. The significant growth of emailed testimony over the last few years has made the implementation of this automated processing of remote testimony a high priority. The Clerks even with the assistance of LIO staff have not been able to keep up and process all the emailed testimony as this process is very labor intensive.

Shortly after last month's Council meeting, LIT was able to resolve some of the final "bugs" in this new application and we reached out to the committee chairs with a description of the new remote testimony process. Their feedback added a significant improvement to the subject line of the automated emails forwarding with the testimony to committee members, adding the LD#(s) to the subject line in addition to the committee abbreviation and date of the hearing. Early last week, we sent out a broadcast email announcing the implementation of the new application beginning Monday, April 22nd. After concerns were raised about no longer accepting any emailed testimony, we issued a new announcement indicating that we would continue to accept testimony by email, but we are strongly encouraging the public to use the testimony application.

If an insufficient percentage of the public switch from email to using the new web-based application, then I will be asking the Council to address the significant demands related to processing and posting emailed testimony, which could include: additional session-only staff; no longer posting testimony submitted by email; or next session making the use of the application mandatory for remote testimony and no longer accepting email.

2. MELD Bill Production System Replacement Project

The Revisor of Statutes has been testing the new Bill Production System (BPS) about three weeks producing test bills and amendments. Some of the more recent phases of the project have involved much more complicated programming and has resulted in the timeline for completing the project being extended by about two weeks. We are still confident that we can have a fully functioning BPS in time for producing bills during the 2nd Regular Session.

Fiscal Report

Chris Nolan, Director, Office of Fiscal and Program Review, presented the following report.

1. General Fund Revenue Update

Total General Fund Revenue - FY 2019 (\$'s in Millions)						
	Budget	Actual	Var.	% Var.	Prior Year	% Growth
March	\$176.4	\$217.0	\$40.6	23.0%	\$192.2	12.9%
FYTD	\$2,629.3	\$2,649.7	\$20.3	0.8%	\$2,502.4	5.9%

General Fund revenue was over budget by \$40.6 million (23.0%) for the month of March and by \$20.3 million (0.8%) for the fiscal year to date. Individual income tax revenue was over budget by \$26.2 million for the month but is still under budget by \$17.7 million for the fiscal year to date. The positive variance in individual income tax revenue in March was largely the result of a negative variance in income tax refunds of \$16.3 million (an increase in net revenue) and a positive variance in individual income tax withholding payments of \$8.0 million. The negative variance in March individual income tax refunds offsets February's positive variance of \$17.0 million (a reduction in net revenue). Corporate income tax revenue was over budget by \$10.6 million for the month and by \$22.1 million for the fiscal year to date, largely the result of corporate estimated payments exceeding budgeted levels. Sales and use tax revenue (February sales) was over budget for the month by \$0.8 million and for the fiscal year to date by \$1.1 million.

2. Highway Fund Revenue Update

Total Highway Fund Revenue - FY 2019 (\$'s in Millions)

	Budget	Actual	Var.	% Var.	Prior Year	% Growth
March	\$25.2	\$25.4	\$0.2	0.8%	\$24.4	3.8%
FYTD	\$256.3	\$260.2	\$4.0	1.5%	\$250.6	3.8%

Highway Fund revenue was over budget by \$0.2 million (0.8%) for the month of March and by \$4.0 million (1.5%) for the fiscal year to date. Fuel taxes were under budget by \$0.9 million for the month and under budget by \$1.1 million for the fiscal year to date. Motor vehicle registrations and fees were over budget for the month by \$1.3 million and over budget for the fiscal year to date by \$5.4 million.

3. Cash Balances Update

The average balance in the cash pool for March was \$1,337.1 million, a decrease from February's average of \$1,464.8 million but above both last March's average balance and the ten-year average for the month. Historically, March is a low point in the fiscal year for cash balances that are then usually replenished in April and May. General Fund internal borrowing from other funds was not needed in January (has not been needed since April of 2016). The average Highway Fund balance of \$35.2 million in March was up from February's average of \$32.2 million and above last March's average balance.

4. Economic/Revenue Forecast

The Consensus Economic Forecasting Commission (CEFC) convened on March 29, 2019, to review and update its forecast through 2023. The CEFC made only modest changes to the economic forecast. The Revenue Forecasting Committee (RFC) is scheduled to meet on May 1, 2019 to review and update as necessary the existing revenue forecast. The modest changes reflected in the new CEFC forecast are expected to have only a modest effect on the revenue forecast. The RFC will also consider the impact of April performance of individual and corporate income taxes at its May 1st meeting.

REPORTS FROM COUNCIL COMMITTEES

Personnel Committee

President Jackson reported that the Personnel Committee met on Wednesday, April 17th to consider the following matters:

1. Workday Maine Update

Ms. Little provided the committee with an update regarding the Workday Maine HR System project. Mr. Phillip Platt, Director of Shared Services for DAFS, was available to answer the committee's questions. The committee is recommending to the Legislative Council that the Legislative Branch fully utilize the Workday Maine HR System.

Motion: That upon the unanimous recommendation of the Personnel Committee, the Legislative Council authorizes the executive director to explore the functionality of the Workday Maine human resource management system and implement this system for nonpartisan staff if he deems it appropriate to meet the recruiting, onboarding, timekeeping, accrual and leave time request needs for nonpartisan staff; and further, authorizes the Executive Director to implement the Workday Maine human resource management system if deemed appropriate by the Clerk and Secretary to meet the recruiting, onboarding, timekeeping, accrual and leave time request needs with respect to House and Senate employees respectively and sufficiently addresses access and security concerns; and further, directs the Executive Director to provide regular updates on this project at future Personnel Committee meetings. Motion by President Jackson. Second by Senator Libby. **Motion passed unanimously (7-0-0-3**, with Representatives Moonen, Fecteau and Dillingham absent).

2. Electronic Communication Guidelines for Legislators and Legislative Staff.

Mr. Rende, Director of LIT, provided information to the committee regarding electronic communications. The committee provided guidance. This item will be discussed later during New Business.

3. Harassment Prevention Update

Ms. Little reviewed the latest draft harassment policy. The committee provided Ms. Little with final guidance for policy edits. It is anticipated that the committee will be prepared to recommend a revised policy at its next meeting.

4. Onsite Child Care

The committee identified some next steps for Ms. Little to take regarding this matter. This matter will be discussed at a future meeting.

5. Collective Bargaining

Mr. Pennoyer and Ms. Little provided the committee with background information related to collective bargaining. This item will be discussed at a future meeting.

State House Facilities Committee

Senator Libby reported that the State House Facilities Committee met on Wednesday, April 24th to consider the following items.

1. Press Access through the Connector

At the committee meeting, Mr. Pennoyer provided an overview of a new solution that has been developed to quickly provide access to the State House for the Press through the Connector when warranted. During the Legislative Council meeting, Senator Libby

presented a proposed amendment to the Security Screening Policy which allows the media access to the State House through the connector if certain requirements are met.

Motion: That the Legislative Council approves an amendment to the *Legislative Council Policy on Security Screening Protocols for the Maine State House* as presented which creates a new section VI.F. Motion by Senator Libby. Second by Senator Vitelli. **Motion passed unanimously (8-0-0-2, with Representatives Moonen and Fecteau absent).**

2. Amendment to Security Screening Policy for MEMA Director Access

Mr. Pennoyer presented to the committee a proposed amendment to the Security Screening Policy to add the MEMA Director to the list of employees that have after-hours access to the State House to be able to meet with the Governor.

Motion: That the Legislative Council approves an amendment to the *Legislative Council Policy on Security Screening Protocols for the Maine State House* as presented which revises section VI.E. Motion by Senator Libby. Second by Representative Dillingham. **Motion passed unanimously (8-0-0-2, with Representatives Moonen and Fecteau absent).**

3. Security in the Cross Office Building

The committee discussed the idea of providing security screening in the Cross Office Building with Mr. Pennoyer and Chief Gauvin of Capitol Police. The committee is recommending that the Legislative Council direct Chief Gauvin and the Executive Director to develop some options for adding security screening at the Cross Office Building and present those to the State House Facilities Committee at a future meeting.

Motion: That the Legislative Council directs the Executive Director to coordinate with Chief Gauvin, Bureau of Capitol Police, to develop some options for adding security screening in the Cross Office Building and to present those options to the State House Facilities Committee. Motion by Senator Libby. Second by Representative Dillingham. **Motion passed unanimously (8-0-0-2, with Representatives Moonen and Fecteau absent).**

4. Multi-year Plan for Maintenance and Improvements

The committee reviewed the multi-year plan for maintenance and improvement projects for the State House and grounds. The committee recommended that the Legislative Council approve the plan as presented. This matter will be discussed later under new business in today's agenda.

President Jackson asked if there was any objection to taking items out of order. There was no objection. The Chair then moved to **New Business, Item #5.**

NEW BUSINESS

Item #5: Adoption of the Maine State House and Grounds Multi-Year Plan for Maintenance and Improvements

Senator Libby gave a brief overview of the Multi-Year Plan and then presented the following motion.

Motion: That upon the unanimous recommendation of the State House Facilities Committee the Legislative Council approves the maintenance and improvement projects as presented in the 2019 update of the Maine State House and Grounds Multi-Year Plan for Maintenance and Improvements. Motion by Senator Libby. Second by Representative Dillingham. **Motion passed (6-2-0-2**, with Senator Timberlake and Representative Stewart opposed and Representatives Moonen and Fecteau absent).

The Legislative Council then returned to the other items on its agenda.

REPORTS FROM COUNCIL COMMITTEES

Legislative Budget Subcommittee

Speaker Gideon reported the Budget Subcommittee met on Wednesday, April 24th to review the Legislature's Budget. Dawna Lopatosky, Legislative Finance Director, reviewed the budget materials she had prepared for the committee. In addition to the provisional budget recommendations submitted last summer to the Bureau of the Budget and included in the Governor's proposed Biennial Budget, the subcommittee also considered several new initiatives. A motion was made and withdrawn regarding a proposed Legislative budget with the determination that changes may need to be made. It was recommended that these changes be reviewed before submitting a new motion for a Legislative budget.

NEW BUSINESS

Item #1: Consideration of After Deadline Requests

The Legislative Council proceeded to consider and vote on fourteen (14) after deadline bill requests and four (4) Joint Resolutions. The Legislative Council authorized 4 (4) bills for introduction in the Second Regular Session, six (6) bills were tabled, and four (4) bills remained tabled from a previous meeting. The Legislative Council tabled one (1) Joint Resolution and three (3) Joint Resolutions remained tabled from a previous meeting. The Legislative Council's action on the bill requests is attached.

Item #2: Archived Committee Audio Files

Mr. Pennoyer reviewed the status of archived committee audio files and presented the question of allowing the archived files to be put on the website for anyone to access for the Legislative Council to consider. After discussion, the following motion was made.

Motion: That the Legislative Council approves making the archived and all future committee audio files available to the public on the Legislative website. Motion by Speaker Gideon. Second by Representative Stewart. **Motion passed unanimously (7-0-0-3, with Senator Libby and Representatives Moonen and Fecteau absent).**

Item #3: Adoption of the *Legislative Council Policy on Electronic Communications*

The Legislative Council discussed this issue and it was recommended to send this policy back to the Personnel Committee for changes.

Motion: That the Legislative Council recommends that the Personnel Committee review this policy for changes and bring it back to the Legislative Council at a future time. Motion by Representative Dillingham. Second by Senator Timberlake. **Motion passed unanimously (6-0-0-4**, with Senators Libby and Vitelli and Representatives Moonen and Fecteau absent).

Item #4: Request regarding the ASLCS Professional Development Conference

Mr. Hunt, Clerk of the House, presented a request on behalf of Mr. Grant, Secretary of the Senate, and himself for Maine to host the 2020 ASLCS Conference in Portland with a trip to Augusta planned during the conference. Mr. Hunt gave an overview about the American Society of Legislative Clerks and Secretaries, which typically includes guests from other countries.

Motion: That the Legislative Council approves the request for Maine to host the ASLCS Conference in 2020. Motion by Representative Dillingham. Second by Speaker Gideon. **Motion passed unanimously (6-0-0-2**, with Senators Libby and Vitelli and Representatives Moonen and Fecteau absent).

Item #6: Funding for the Commission on Uniform State Laws

Commission member Ann Robinson gave a presentation about the commission. A discussion was held with several questions posed, including regarding the funding of this commission over time. A request was made to Ms. Robinson to provide more information. This matter will be discussed at a future meeting.

ANNOUNCEMENTS AND REMARKS

Executive Director's Report May 23, 2019

1. Remote Public Testimony Application

The application to allow for the submission of testimony online has been working well for the last month. The Office of Legislative Information Technology (LIT) and the Legislative Information Office (LIO) worked cooperatively to quickly address identified issues with the application. I would like to thank those offices for their efforts to make the implementation of this application successful. As I mentioned last month, we will be evaluating the shift from emailed testimony to testimony submitted using this new application and reporting back to you after the session with options for the future.

2. Archived Committee Audio

Pursuant to the Legislative Council's motion at its last meeting, LIT has made the archived versions of the committee audio files available on the Legislature's website. I have not made a broad announcement of its availability as I was waiting for LIT to address some minor issues in the way the files are accessed. When LIT completes the corrections and makes it available, I will be sending out an announcement of its availability both internally and to the interested parties lists.

3. Fiscal Year 2019-20 Insurance Premium Increases

The Department of Administrative and Financial Services recently released the proposed rate changes for fiscal year 2019-20 for both Health Insurance and Dental Insurance that will take effect July 1st. Health Insurance premiums will increase by 3.8% and dental insurance premiums will increase by 9%. I would note that this is the first increase in dental insurance premiums since 2013. Coverage changes are available on the website of the Office of Employee Health and Benefits within the Bureau of Human Resources.

Fiscal Briefing

May 23, 2019

Prepared by the Office of Fiscal & Program Review

1. General Fund Revenue Update (see attached)

Total General Fund Revenue - FY 2019 (\$'s in Millions)						
	Budget	Actual	Var.	% Var.	Prior Year	% Growth
April	\$447.0	\$520.2	\$73.2	16.4%	\$432.0	20.4%
FYTD	\$3,085.8	\$3,179.4	\$93.5	3.0%	\$2,934.4	8.3%

General Fund revenue was over budget by \$73.2 million (16.4%) for the month of April and by \$93.5 million (3.0%) for the fiscal year to date. These positive variances **do not reflect the May 2019 revenue forecast**, which increased budgeted revenue by \$66.7 million for FY 2019. Individual income tax revenue was over budget by \$53.0 million for the month and by \$35.3 million for the fiscal year to date; \$25 million of this positive year-to-date variance is reflected in the May 2019 revenue forecast. The positive variance in individual income tax revenue in April was largely the result of a positive variance in year-end filing receipts of \$54.3 million. Corporate income tax revenue was over budget by \$13.2 million for the month and by \$35.2 million for the fiscal year to date; \$35 million of this positive year-to-date variance is reflected in the May 2019 revenue forecast. Sales and use tax revenue (March sales) was under budget for the month by \$0.6 million and on budget for the fiscal year to date; the May 2019 forecast made no changes in these lines.

2. Highway Fund Revenue Update (see attached)

Total Highway Fund Revenue - FY 2019 (\$'s in Millions)						
	Budget	Actual	Var.	% Var.	Prior Year	% Growth
April	\$27.7	\$28.9	\$1.2	4.3%	\$27.7	4.4%
FYTD	\$284.0	\$289.2	\$5.2	1.8%	\$278.4	3.9%

Highway Fund revenue was over budget by \$1.2 million (4.3%) for the month of April and by \$5.2 million (1.8%) for the fiscal year to date. These variances **do not reflect the May 2019 revenue forecast**, which increased budgeted revenue by \$4.8 million for FY 2019. Fuel taxes were over budget by \$0.2 million for the month but under budget by \$0.8 million for the fiscal year to date. Motor vehicle registrations and fees were over budget for the month by \$0.8 million and over budget for the fiscal year to date by \$6.1 million; \$4.5 million of this positive year-to-date variance is reflected in the May 2019 revenue forecast.

3. Cash Balances Update

The average balance in the cash pool for April was \$1,415.6 million, an increase from March's average of \$1,337.1 million and above both last April's average balance and the ten-year average for the month. Historically, March is a low point in the fiscal year for cash balances that are then usually replenished in April and May. The average Highway Fund balance of \$65.0 million in April was up significantly from March's average of \$35.2 million and above last April's average balance. This positive variance was largely the result of receiving a distribution of bond funds in April.

RE: Proposed Second Session Cloture Schedule and Related Dates
Date: May 23, 2019

Attached for your review and consideration is a proposed schedule that establishes dates and deadlines for cloture and related events for the Second Regular Session of the 129th Legislature. Pursuant to Joint Rule 203, the Legislative Council is charged with establishing the cloture date and procedures for submission of legislation for each second regular session.

Consistent with the Joint Rules and past Legislative Council practice and policy, the schedule requires that:

- Bill requests be accompanied on or before the cloture date by sufficient instructions from which a bill may be fully drafted;
- If a bill is to be drafted by an outside source, the final draft must be submitted to the Revisor's Office by the cloture date; and
- Departments and agencies must submit final drafts by the cloture date.

During the time between cloture and the meeting of the Legislative Council to undertake the initial screening of Legislators' bill requests, the Revisor's Office will prepare and distribute a packet that lists all of the requests filed by Legislators that are subject to the Council's vote. Each request to be voted upon will be indexed by subject matter and given a brief summary by the Revisor's Office. The office, with the assistance of the Office of Policy and Legal Analysis and the Office of Fiscal and Program Review, will also identify requests that appear to be closely related to other requests, to bills carried over to the second regular session, or to bills that might be considered finally rejected in the first regular session. The packet also includes a listing of those bills carried over and a listing of bill titles submitted by executive and independent agencies, which, traditionally, have not been subject to the screening process.

After the initial screening of Legislators' requests and decision by the Legislative Council, the Revisor's Office will compile the results and notify each individual Legislator of the Council's actions and provide instructions on the procedure to follow if a Legislator wishes to appeal a decision of the Legislative Council.

A supplemental volume will be prepared and distributed between the appeal deadline and the meeting of the Council to hear those appeals.

The schedule also includes the option of a bill signing day, which is traditionally scheduled in mid-December prior to the convening of the Second Regular Session to ensure that all bills that have been drafted will be signed and ready for introduction when the Legislature convenes in January. I have suggested two alternative days in order to enable the coordination of this year's bill signing day with any Legislator training sessions that may be scheduled.

In the 128th Legislature, out of 289 pre-cloture Legislator-filed bill requests, the Legislative Council accepted a total of 96. In the 127th Legislature, out of 414 pre-cloture Legislator-filed bill requests, the Legislative Council accepted a total of 91. For both of those years, most of the bills were completed and signed on the applicable bill signing day and transmitted to the Secretary of the Senate and the Clerk of the House for printing and referral to committees before the Second Regular Session convened. Departments and agencies were also subject to the bill signing day, and most of their pre-cloture bill requests were also completed and sent to the chambers before the session convened.

If I can provide you any further information, please do not hesitate to contact me.

Legislative Council Policy on Harassment

Harassment prevention and awareness

The Legislative Branch is committed to creating and maintaining a work environment that is free from harassment, including sexual harassment. Harassment undermines the quality of the work environment and the integrity of the employment relationship, destroys morale, interferes with performance, and demeans victims. The Legislative Branch affirms the right under this policy of all Legislators, legislative staff, and others having business with the Legislative Branch, to work in an environment that is free from harassment. Prevention is the best tool to eliminate harassment in the workplace. We strive for harassment prevention through best practices including: a strong leadership commitment to harassment prevention, a stated policy against harassment, effective training, empowering bystanders to intervene, and fostering a respectful and inclusive workplace culture. We are committed to preventing illegal harassment and to identifying and remedying inappropriate behavior if and when it occurs.

The purpose of this policy is to provide information about available internal and external resources, clearly outline the complaint process, identify supervisor responsibilities and comply with legal requirements.

Definitions

1. "Covered person" means:

- Staff, interns and volunteers of the Legislative Branch
- Legislators, and
- Third parties, including the media, lobbyists, contractors, and members of the general public who have business with the Legislative Branch.

It is not the intent under this policy for the Legislative Branch to receive complaints, investigate complaints, or mediate disputes between third parties.

2. "Harassment" means:

Unwelcome conduct that violates Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), and the Americans with Disabilities Act of 1990 (ADA), Genetic Information Nondiscrimination Act of 2008 (GINA), Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) or the Maine Human Rights Act. The U.S. Equal Employment Opportunity Commission describes harassment as unlawful when:

"1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person

would consider intimidating, hostile, or abusive. Anti-discrimination laws also prohibit harassment against individuals in retaliation for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or lawsuit under those laws; or opposing employment practices that they reasonably believe discriminate against individuals, in violation of these laws.”

3. “Sexual harassment” means:

“Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment when: a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment; b) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or c) such conduct has the purpose or effect of substantially interfering with an individual’s work performance or creating an intimidating, hostile, or offensive working environment.”

3. “Supervisor” means:

The Legislative Branch has several trained supervisors who are responsible for appropriately receiving complaints and handling concerns.

Legislative staff, interns or volunteers should report concerns to any trained supervisor listed below:

- Executive Director
- Human Resources Director
- President of the Senate
- Speaker of the House
- Any Caucus Leader
- Any Assistant Caucus Leader
- Clerk of the House
- Assistant Clerk of the House
- Secretary of the Senate
- Assistant Secretary of the Senate
- Any Chief of Staff
- Revisor of Statutes
- Director, Law Library
- Director, Legislative IT
- Director, OFPR
- Director, OPLA
- Director, OPEGA
- Finance Director
- Manager, Legislative Information
- Deputy Director, OPLA
- Deputy Director, Law Library
- Deputy Director, Revisor of Statutes

Legislators should report concerns to any trained supervisor listed below:

- President of the Senate
- Speaker of the House
- Any Caucus Leader
- Any Assistant Caucus Leader
- Clerk of the House (for House members)
- Secretary of the Senate (for Senators)
- Human Resources Director

Third parties should report concerns to any trained supervisor listed below:

- Executive Director
- Human Resources Director
- President of the Senate
- Speaker of the House
- Clerk of the House
- Secretary of the Senate
- Facilities Manager
- Legislative Information Office Manager

What this policy covers

The Legislative Branch affirms the right of all Legislators and legislative staff to work in an environment that is free from harassment and in addition is committed to ensuring that all covered persons can work and do business in a legislative environment free from harassment.

The following are characteristics that are specifically protected in some form under state and/or federal law. Any conduct that degrades, ridicules or otherwise draws unwanted attention to any employee or other person having dealings with the Legislative Branch on the basis of:

- Race
- Color
- Sex (including pregnancy and medical conditions resulting from pregnancy)
- Sexual orientation (including actual or perceived sexual orientation or gender identity/gender expression)
- Marital status
- Physical or mental disability (including current or past disability, perceived disability or association with a disabled person)
- Religion
- Age
- Ancestry or national origin
- Genetic information
- Whistleblower activity
- Military or veteran status (including current or past military service)
- A previous assertion of a claim or right under the Maine Workers' Compensation Act

Harassment is a violation of law and of this policy. Harassment is unacceptable conduct and will not be condoned or tolerated in the workplace.

Examples of harassment

The examples provided below illustrate the types of behaviors that may constitute harassment. Whether behavior constitutes harassment depends on the totality of the circumstances. The examples in this section are not intended to be exhaustive of all behaviors that may violate this policy. Whether an act or series of acts constitutes harassment depends on the relevant facts and must be determined on a case-by-case basis. A single act may or may not constitute harassment and behavior that may be inoffensive in a single instance may, if repeated, become offensive and harassing over time.

Sexual harassment: Examples of sexual harassment can include:

- a. Verbal
 - Sexual comments or innuendos about one's clothing, body or sexual activity
 - Discussing sexual topics in the workplace, such as sexual practices or preferences or telling sexual jokes or stories
 - Requesting or demanding sexual favors
 - Repeatedly asking to socialize on or off-duty when an individual has indicated they are not interested;
 - Suggesting that there is any connection between sexual behavior and any term or condition of employment (whether positive or negative)

- b. Nonverbal
 - Displaying sexually explicit pictures or objects in the work area
 - Giving gifts of a sexual nature
 - Making sexually suggestive gestures
 - Making unwelcome visits to a home or hotel room
- c. Physical
 - Unwelcome hugs or kissing
 - Patting, pinching or intentionally brushing against an individual's body
 - Unwelcome sexual contact or intercourse
 - Sexual assault

Other harassment: Examples based on protected characteristics include, but are not limited to:

- Offensive jokes, slurs or name calling
- Physical assaults, threats or intimidation
- Ridicule or mockery
- Insults or put-downs
- Offensive objects or pictures, or
- Interference with work performance.

Relevant considerations: The examples illustrate behaviors that may be harassment. The following are relevant when considering the circumstances:

- A single incident may or may not be harassment
- Whether an action is considered harassment depends on the circumstances and will be reviewed on a case-by-case basis
- Conduct or communication that is welcome to one person may be unwelcome to another
- Conduct or communication that was welcome between two individuals at one time may become unwelcome later, and
- The individual raising the concern does not have to be the recipient of the behavior, but can be anyone affected by the conduct.

Unprofessional behavior prohibited:

Any behavior of a sexual nature in the workplace is considered unprofessional regardless of whether it constitutes illegal sexual harassment. Similarly, any conduct that degrades, ridicules or otherwise draws unwanted attention to any covered person on the basis of protected characteristics listed above is considered unprofessional regardless of whether it constitutes illegal harassment. Disciplinary action may result regardless of whether the recipient finds the conduct offensive.

Trained supervisor responsibilities

A supervisor must take all concerns brought to the supervisor's attention seriously, provide a supportive environment, and work constructively to address any inappropriate or unprofessional conduct in the workplace.

A supervisor who receives a concern must consult with the Human Resources Director to determine the appropriate course of action. If it is determined in consultation with human resources that the behavior is inappropriate or unprofessional pursuant to other applicable policies but does not rise to the level of illegal harassment, the supervisor must document the information received and summarize discussions held, corrective action plans developed and any implementation and/or follow-up actions taken. A

supervisor must take all reasonable steps to ensure that these records are kept confidential and are not accessible to others.

If it is determined in consultation with human resources that the behavior appears to involve illegal harassment the Human Resources Director will ensure that the matter is addressed in accordance with this policy.

Not following the supervisor responsibilities in this policy will be considered a failure to fulfill the responsibilities of the position and may result in disciplinary action. When in doubt about the seriousness or nature of the behavior reported, a supervisor should discuss the matter with the Human Resources Director.

Seeking advice

Covered persons who experience or witness potentially inappropriate behavior are strongly encouraged to promptly speak to an appropriate, trained supervisor as listed in a previous section or the Human Resources Director. Discussions, information sharing and seeking advice will be kept as confidential as possible. Complete confidentiality in all cases cannot be guaranteed.

Not all reported behavior may meet the definition of illegal harassment, but behavior that raises concerns will always be taken seriously and addressed as needed. If behavior doesn't appear to meet the definition of illegal harassment, other policies relating to the professional behavior of legislative staff may apply. The Human Resources Director can provide guidance on this policy and other applicable policies, assist in identifying ways to resolve the concern and improve the work environment, and also provide guidance on the complaint process if the reported behavior does appear to involve illegal harassment. If the reported behavior appears to involve illegal harassment, investigation and action pursuant to this policy will be required to ensure the harassment stops.

In addition, the Maine Coalition Against Sexual Assault provides a confidential telephone, text and chat resource to discuss questions, concerns and options for those that may have experienced or witnessed sexual harassment or inappropriate behavior. The hotline can be accessed by texting or calling 1-800-871-7741. Visit <http://www.mecasa.org> for more information.

Complaint and investigation process

Any covered person who believes she or he has been subjected to harassment is strongly encouraged to make a complaint to any supervisor listed previously in this policy, which includes the Human Resources Director. The complaint may be made orally or in writing. Any complaint received by a supervisor requires consultation with the Human Resources Director

If, in consultation with the Human Resources Director, it is determined that the reported behavior may constitute illegal harassment, the Human Resources Director must ensure it is investigated as a complaint under this policy.

Unless circumstances warrant otherwise, investigations and corrective actions are developed in consultation with the relevant supervisors, the Executive Director, and if involving Legislators, with the relevant caucus leader and/or presiding officer. Appropriate and alternative arrangements will be made if the alleged harasser is someone who would normally be involved in the investigation/corrective action process.

Investigations will be prompt, impartial, and thorough. Confidentiality and privacy of affected individuals (complainants, witnesses, and the subject of the complaint) will be protected to the extent possible and permitted by law, consistent with a thorough and impartial investigation. Complainants and the subject of

the complaint will be informed of the resolution of the complaint to the extent permitted under the law. The Human Resources Director must document complaints, investigations and outcomes.

After an investigation, anyone who has been determined to have harassed another in violation of this policy will be subject to appropriate corrective and/or disciplinary action. In the case of legislative staff, this may include termination of employment. For legislators, this may include expulsion. The investigation and corrective action may differ depending on the circumstances of the complaint, in particular, if the complainant or alleged harasser is a third party.

Retaliation prohibited

Retaliation or a threat or suggestion of retaliation against any covered person who makes a complaint in good faith is strictly prohibited. This includes retaliation against individuals who raise concerns, complaints, or those who participate as witnesses or otherwise assist an investigation. Complainants are protected from retaliation regardless of the resolution of the original complaint. Retaliation should be reported in the same manner as described above for harassment complaints and will be promptly investigated. Retaliatory conduct is grounds for disciplinary action, up to and including termination for legislative staff and up to and including expulsion for legislators. Depending on the facts, the following could be retaliation:

- Reprimanding an employee or giving a performance evaluation that is lower than it should be;
- Transferring the employee to a less desirable position;
- Engaging in verbal or physical abuse;
- Threatening to make, or actually making reports to authorities;
- Increasing scrutiny;
- Spreading false rumors; or
- Making the person's work more difficult.

Training

The Legislative Branch will provide in-person harassment prevention training to new and existing legislative staff, interns, volunteers and Legislators at least annually. This includes specific training for supervisors on their obligations. Newly hired legislative staff are required to attend training within 30 days after employment begins. Attendees are required to sign an acknowledgement of understanding this policy. In accordance with state law, registered lobbyists are also required to attend annual in-person training.

Maine Human Rights Commission

In addition to internal reporting mechanisms, legislative staff and Legislators have the right to file a complaint of sexual harassment or other harassment with the Maine Human Rights Commission (MHRC) and the Equal Employment Opportunity Commission. Legislative staff and Legislators are protected by law from retaliation for exercising this right or for aiding an investigation or testifying in any proceedings brought in response to a complaint. Complaints may be filed with the MHRC within 300 days of the date of the alleged harassment by contacting:

Maine Human Rights Commission
19 Union Street (51 State House Station)
Augusta, ME 04333
Phone: (207) 624-6290

Feedback

The Legislative Branch is committed to continuous improvement of this policy. Feedback on this policy is encouraged and should be provided to the Human Resources Director.

Re: Yellow Tulip Project

Attached you will find a proposal requesting the Legislature's participation in the Yellow Tulip Project. I felt it was necessary to bring this to the Legislative Council as it involves planting yellow tulips in the State House gardens between the State House and the Cross Office Building. While this may seem very straight forward and I am sure we can accommodate the addition of the tulips to the flower beds between the buildings, the Legislative Council recently promulgated a new policy that provides guidance on using the State House for political purposes. That policy states "that no political signs or signs advocating for any cause be attached to the State House or any surrounding structures or posted on State House grounds, without the express consent of the Legislative Council." A copy of that policy is attached.

This proposal does not include any signage attributing the new yellow tulips to the project, but they would be the center of events in May each year. The tulips and the events would be highlighted by the Yellow Tulip Project in materials and information distributed by the group. The caution I would offer about authorizing this particular project and the planting of the tulips is the precedent set by allowing the use of the State House gardens to represent a particular cause that could be used by other groups in support of similar initiatives at the State House.

Yellow Tulip Project – QIC

<https://theyellowtulipproject.org/>

Project Description:

The Yellow Tulip Project focuses on smashing the stigma that surrounds mental illness and building a community where people realize there is help and hope out there. When founder Julia Hansen was in middle school and until her sophomore year in high school she definitely felt alone in dealing with her own depression. The deafening silence and stigma that surrounds the topic kept her from reaching out for help.

It took the tragedy of losing her two best friends to suicide in 2015-2016 for her to find her voice and to speak out. She had an idea - to create a space for determined youth to eradicate stigma, build community, and inspire productive conversations about how to combat the rising rates of suicide. The Yellow Tulip Project was born from this vision.

There are three aspects to the project:

1. Hope Gardens – these are planted at schools and community organizations in the fall and the tulips are welcomed in the spring. These communal events bring people together and provide a space for conversations about mental health.
 - Hope Gardens bring a community together to collectively push back against the stigma associated with mental illness. And after a long winter, tulips remind us of perseverance and the renewal of spring.
 - The Hope Planting events coincide in or around *Global Mental Health Awareness Day* on October 10th
 - Spring Hope Garden flowers and exhibit/education coincide with mental health awareness month in May
2. A growing network of passionate YTP Ambassadors to represent The Yellow Tulip Project in schools around the country. Dedicated youth ambassadors are given leadership positions within the organization as well. These Ambassadors speak at public events and spread the anti-stigma message of hope.
3. The “I Am More: Facing Stigma” photography exhibit. This exhibit features powerful black and white portraits of people who are either personally dealing with their own mental health challenges, or have been impacted by a family member or friend’s mental illness and want to speak out to help smash the stigma. They are musicians, artists, nature lovers, parents, and friends; and they are all Facing Stigma. This exhibit challenges our assumptions of what mental illness “looks like”.

The Quality Improvement Committee (QIC)

The Statewide QIC serves as the mental health and substance abuse planning and advisory council for Maine. Meetings are held monthly in Augusta, typically on the first Friday of each month. Our membership is a combination of youth, family, young adults, and adults with the experience of living with emotional and behavioral health issues, providers of services for children, youth, family, young adult, adults and State of Maine employees from mental health, substance abuse, housing, corrections, data, education, labor and Medicaid.

Mission

The mission of the Statewide Quality Improvement Council is to improve the state system of mental health and substance use disorder services by magnifying the voice of the Mainer's with lived experiences and their families by making specific recommendations for improvements.

QIC Proposal:

For the QIC, the plan would be to have a fall 2019 event with local student Ambassadors, legislators, QIC members, and the public for the planting. We would hope to generate some press and to raise awareness of mental health and suicide – helping to reduce stigma.

Then in May 2020, we would celebrate the tulips in the garden with another ceremony. There would be a press conference with QIC members, legislators, the governor, and public to have a proclamation and again raise awareness. There would then be viewing of the photo display and educational sessions for QIC and legislators on mental health issues and suicide prevention.

For the photo display at the capital, the Maine Arts Commission requires having 30-40 pieces framed and ready to hang for the display. It will be one of their regular rotational displays from April through June 2020 in the Cross Building. Currently, there are only 24 pieces in the traveling display so the YTP and QIC could put out a call for art from local schools to generate an additional 15 pieces. The focus would be on personal stories and reflections.

Request of the Legislative Council:

To do this project we need approval of the Legislative Council for the planting of the tulip bulbs in the fall of 2019. We have already arranged with the Maine Arts Commission to be the rotating art display for the spring of 2020.

And we would hope for a legislative sentiment and participation of leadership in both the fall and spring ceremonies.

There is already a May children's mental health awareness day at the Hall of Flags each year, with parent and family groups and providers of services coming together. This Yellow Tulip project would provide an addition each year with the visual blooming of the yellow tulips.

Legislative Council Policy on the Use of the State House for Political Purposes

It is the intent of the Legislative Council that the State House and its surrounding grounds reflect a neutral institution of Democracy that is a place for political discussion and an environment within and around the State House that does not reflect any favoritism or bias toward a particular cause or political point of view.

Therefore, it is the policy of the Legislative Council that no political signs or signs advocating for any cause be attached to the State House or any surrounding structures or posted on State House grounds, without the express consent of the Legislative Council. Persons may carry signs as part of a demonstration or rally, but nothing may be attached to the State House or surrounding trees or structures, such as fences or light posts. The prohibition on posting of signs includes the projecting of images on the State House or any surrounding structures.

This policy includes proposals to change the lighting of the State House Dome to commemorate or recognize an event or worthy cause. The State House Dome lights are not currently equipped to accommodate colors or filters, but any proposal including those as simple as turning off some of the lights for a particular reason are not consistent with maintaining the neutrality of the State House and therefore must be denied.

This policy is adopted by the Maine Legislative Council on September 20, 2018.
