That the State Controller increase allotment in account 015-19A-0587-22, CARES DECD, by \$310,672 in the Personal Services line category and by \$6,711,744 in the All Other line category for the purpose of funding activities related to COVID-19; and,

Be it further ordered,
that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

This financial order establishes allotment in the Personal Services and All Other line categories. Funding is required in this account for economic development and small business assistance. Maine is working on a micro-enterprise program to make one-time working capital grants based on lost revenue. Plans are to also partner with the largest food bank in the state to purchase food and work with the vast statewide network of the other food banks to increase the supply and access to food. The agency will develop an emergency 3 month living expense program delivered through the statewide Community Action Agencies. Funds are provided through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

ORDERED,

That the State Controller increase allotment in account 022-05A-Z271-60, DOE Coronavirus Relief Fund by \$165,310,000 in the All Other line category for the purpose of supporting schools and districts in returning to classroom-based instruction; and,

Be it further ordered, that the State Controller authorize the expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2021", for which this shall be our sufficient warrant.

Statement of Fact

Maine's schools are preparing to provide a safe and healthy return to classroom-based instruction this fall. Schools, districts, CTE programs and Charter Schools anticipate many unbudgeted expenses and logistical hurdles including: transportation and facilities modifications to allow for social distancing and to accommodate new health/safety guidelines; increased need for cleaning supplies and handwashing stations; contracted services to cover custodial needs, tutoring, medical staffing and program oversight; increased need for substitutes, technology, assessments of student learning, communications resources/signage, and professional development for teachers who must become fluent in hybrid and remote learning models in order to accommodate all students. These additional costs are directly related to the COVID-19 pandemic and were not previously reflected in local or state education budgets. This financial order establishes allotment in the DOE Coronavirus Relief Fund account to support schools and districts in returning to classroom-based instruction. Funding is provided by the Coronavirus Aid, Relief and Economic Security (CARES) Act.
