

# OFPR Cycle Review through Week 39 of SFY 2022

## MaineCare Spending - Cycle Summary

The average weekly MaineCare cycle for FY 2022 through week 39 was \$77.4 million (state and federal dollars), which is above the MaineCare weekly cycle average for FY 2021 through week 39 of \$66.8 million. This increase was expected based on the appropriated funds, which include multiple legislatively approved rate and program changes for SFY 2022, additional one-time funds for COVID assistance, and the Section 9817 of the federal American Rescue Plan Act (Public Law No: 117-2), which allowed for a 10% additional federal match for certain home and community-based services (HCBS) to be reinvested in those HCBS services. This increase is in line with the overall allotment levels for funding of FY 2022.
