## PREFACE

The 2013 edition of Laws of the State of Maine is the official publication of the session laws of the State of Maine enacted by the 126th Legislature and is compiled and published under the authority of the Maine Revised Statutes, Title 3, section 163-A. Laws of the State of Maine has been in continuous publication since 1820, when the acts and resolves adopted by the First Legislature were published by the Secretary of State under the authority of Resolve 1820, chapter 25.

Volume 3 contains the public laws, private and special laws and resolves enacted at the First Special Session and the Second Regular Session of the 126th Legislature, followed by the 2013 Revisor's Report, chapter 1 and a selection of significant addresses, joint resolutions and memorials.

Volumes 1 and 2 were published at the conclusion of the First Regular Session of the 126th Legislature and contain legislation enacted during that session.

The following conventions are used throughout the series.

1. At the top of each page is a heading that classifies each law by session of passage, year, type and chapter number.
2. A table of contents that locates major divisions and contents by page number is located at the beginning of each volume.
3. An individual subject index of the documents contained in these volumes, arranged alphabetically by subject heading with corresponding chapter numbers, is located at the end of this volume.
4. Session cross-reference tables are also provided at the end of this volume showing how unallocated public laws, laws exempted in previous revisions and titles and sections of the Maine Revised Statutes of 1964 have been affected by the laws included in this publication.
5. Words and phrases deleted from the statutes are shown struck through. When an entire section or larger segment is repealed, the text that is repealed is not shown struck through, but its repeal is indicated by express language.
6. When new words or sections are added to the statutes, they are underlined.
7. A chaptered law's Legislative Document number is printed beneath its chapter number heading, indicating the source of the chapter.
8. The effective date for Maine laws is provided for in the Constitution of Maine, Article IV, Part Third, Section 16, which specifies that, except for certain emergency legislation, an act or resolve enacted into law takes effect 90 days after the adjournment of the session in which it passed. The general effective date of nonemergency laws passed at the Second Regular Session of the 126th Legislature is August 1, 2014. The effective dates of emergency legislation vary and are provided at the ends of the chapters that were enacted as emergencies.

Copies of a specific chaptered law may be obtained by contacting the Engrossing Division of this office. Laws of the State of Maine is also available online through the website of the Office of the Revisor of Statutes at <http://www.mainelegislature.org/ros/lom/lomdirectory.htm>.

This edition of Laws of the State of Maine and its predecessors have been prepared for the convenience of the people of the State of Maine, and any comments or suggestions for improvements in subsequent editions would be appreciated.

## CHAPTER 434 H.P. 1087 - L.D. 1515

### An Act To Increase the Availability of Mental Health Services

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** this legislation authorizes the Commissioner of Corrections to transfer an adult jail inmate to a correctional facility for the purpose of providing the inmate with mental health services, and to accept placement of certain adult defendants in a mental health unit of a correctional facility; and

**Whereas,** it is critically important to implement this authority as soon as possible in order to increase the availability of mental health services; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 15 MRSA §101-D, sub-§5,** as amended by PL 2013, c. 265, §2, is further amended to read:

**5. Finding of incompetence; custody; bail.** If, after hearing upon motion of the attorney for the defendant or upon the court's own motion, the court finds that any defendant is incompetent to stand trial, the court shall continue the case until such time as the defendant is determined by the court to be competent to stand trial and may either:

A. Commit the defendant to the custody of the Commissioner of Health and Human Services for appropriate placement in an appropriate program for observation, care and treatment of people with mental illness or persons with intellectual disabilities or autism. An appropriate program may be in an institution for the care and treatment of people with mental illness, ~~an appropriate residential program that provides care and treatment for persons who have intellectual disabilities or autism,~~ an intermediate care facility for persons who have intellectual disabilities or autism, a crisis stabilization unit, a nursing home, a residential care facility, an assisted living facility, a hospice, a hospital, an intensive outpatient treatment program or any living situation program specifically approved by the court. At the end of 30 days or sooner, and again in the event of recommitment, at the end of

60 days and 180 days, the State Forensic Service or other appropriate office of the Department of Health and Human Services shall forward a report to the Commissioner of Health and Human Services relative to the defendant's competence to stand trial and its reasons. The Commissioner of Health and Human Services shall without delay file the report with the court having jurisdiction of the case. The court shall hold a hearing on the question of the defendant's competence to stand trial and receive all relevant testimony bearing on the question. If the State Forensic Service's report or the report of another appropriate office of the Department of Health and Human Services to the court states that the defendant is either now competent or not restorable, the court shall within 30 days hold a hearing. If the court determines that the defendant is not competent to stand trial, but there does exist a substantial probability that the defendant will be competent to stand trial in the foreseeable future, the court shall recommit the defendant to the custody of the Commissioner of Health and Human Services for appropriate placement in an appropriate program for observation, care and treatment of people with mental illness or persons with intellectual disabilities or autism. An appropriate program may be in an institution for the care and treatment of people with mental illness, an appropriate residential program that provides care and treatment for persons who have intellectual disabilities or autism, an intermediate care facility for persons who have intellectual disabilities or autism, a crisis stabilization unit, a nursing home, a residential care facility, an assisted living facility, a hospice, a hospital, an intensive outpatient treatment program or any living situation program specifically approved by the court. When a person who has been evaluated on behalf of the court by the State Forensic Service or other appropriate office of the Department of Health and Human Services is committed into the custody of the Commissioner of Health and Human Services under this paragraph, the court shall order that the State Forensic Service or other appropriate office of the Department of Health and Human Services share any information that it has collected or generated with respect to the person with the institution or residential program in which the person is placed. If the defendant is charged with an offense under Title 17-A, chapter 9, 11 or 13 or Title 17-A, section 506-A, 802 or 803-A and the court determines that the defendant is not competent to stand trial and there does not exist a substantial probability that the defendant can be competent in the foreseeable future, the court shall dismiss all charges against the defendant and, unless the defendant is subject to an undischarged term of imprisonment, order the Commissioner of Health and Human Services to

commence proceedings pursuant to Title 34-B, chapter 3, subchapter 4. If the defendant is charged with an offense other than an offense under Title 17-A, chapter 9, 11 or 13 or Title 17-A, section 506-A, 802 or 803-A and the court determines that the defendant is not competent to stand trial and there does not exist a substantial probability that the defendant can be competent in the foreseeable future, the court shall dismiss all charges against the defendant and, unless the defendant is subject to an undischarged term of imprisonment, notify the appropriate authorities who may institute civil commitment proceedings for the individual. If the defendant is subject to an undischarged term of imprisonment, the court shall order the defendant into execution of that sentence and the correctional facility to which the defendant must be transported shall execute the court's order; or

B. Issue a bail order in accordance with chapter 105-A, with or without the further order that the defendant undergo observation at an institution for the care and treatment of people with mental illness, an appropriate residential program that provides care and treatment for persons who have intellectual disabilities or autism, an intermediate care facility for persons who have intellectual disabilities or autism, a crisis stabilization unit, a nursing home, a residential care facility, an assisted living facility, a hospice, a hospital approved by the Department of Health and Human Services or an intensive outpatient treatment program or a living situation any program specifically approved by the court or by arrangement with a private psychiatrist or licensed clinical psychologist and treatment when it is determined appropriate by the State Forensic Service. When outpatient observation and treatment is ordered an examination must take place within 45 days of the court's order and the State Forensic Service shall file its report of that examination within 60 days of the court's order. The State Forensic Service's report to the court must contain the opinion of the State Forensic Service concerning the defendant's competency to stand trial and its reasons. The court shall without delay set a date for and hold a hearing on the question of the defendant's competence to stand trial, which must be held pursuant to and consistent with the standards set out in paragraph A.

**Sec. 2. 34-A MRSA §1001, sub-§11-B** is enacted to read:

**11-B. Likelihood of serious harm.** "Likelihood of serious harm" means a:

A. Substantial risk of physical harm to a person, as manifested by that person's recent threats of, or attempts at, suicide or serious self-inflicted harm;

B. Substantial risk of physical harm to other persons, as manifested by a person's recent homicidal or other violent behavior or recent conduct placing others in reasonable fear of serious physical harm; or

C. Reasonable certainty that a person will suffer severe physical or mental harm as manifested by that person's recent behavior demonstrating an inability to avoid risk or to protect the person's self adequately from impairment or injury.

This subsection is repealed August 1, 2017.

**Sec. 3. 34-A MRSA §1001, sub-§12-A** is enacted to read:

**12-A. Person with mental illness.** "Person with mental illness" means a person who has attained 18 years of age and has been diagnosed as having a psychiatric or other illness that substantially impairs that person's mental health. An intellectual disability as defined in Title 34-B, section 5001, subsection 3 or a personality disorder is not a psychiatric or other illness for purposes of this subsection. This subsection is repealed August 1, 2017.

**Sec. 4. 34-A MRSA §3049** is enacted to read:

**§3049. Involuntary medication of person with mental illness**

**1. Grounds for involuntary medication.** A person with mental illness residing in a mental health unit of a correctional facility that provides intensive mental health care and treatment may be given medication for the mental illness without the consent of the person if, upon application by the chief administrative officer of the facility, the Superior Court of the county in which the correctional facility is located finds by clear and convincing evidence that:

- A. The person is a person with mental illness;
- B. As a result of the mental illness, the person poses a likelihood of serious harm;
- C. The medication has been recommended by the facility's treating psychiatrist as treatment for the person's mental illness;
- D. The recommendation for the medication has been supported by a professional who is qualified to prescribe the medication and who does not provide direct care to the person;
- E. The person lacks the capacity to make an informed decision regarding medication;
- F. The person is unable or unwilling to consent to the recommended medication;
- G. The need for the recommended medication outweighs the risks and side effects; and
- H. The recommended medication is the least intrusive appropriate treatment option.

For purposes of this subsection, "intensive mental health care and treatment" means daily on-site psychiatric treatment services, daily on-site group and individual mental health treatment and other therapeutic programs and 24-hour on-call psychiatric coverage and includes, as authorized in accordance with this section, the ability to order and administer involuntary medication for treatment purposes.

**2. Rights prior to involuntary medication.** Except as provided in this section, a person who is the subject of an application for an order permitting involuntary medication pursuant to this section must be provided, before being medicated, a court hearing at which the person has the following rights.

A. The person is entitled, at least 7 days before the hearing, to written notice of the hearing and a copy of the application for an order permitting involuntary medication, including the specific factual basis for each of the grounds set out in subsection 1.

B. The person is entitled to be present at the hearing.

C. The person is entitled to be represented by counsel.

D. The person is entitled to present evidence, including by calling one or more witnesses.

E. The person is entitled to cross-examine any witness who testifies at the hearing.

F. The person is entitled to appeal to the Supreme Judicial Court any order by the Superior Court permitting involuntary medication.

**3. Court hearing.** Except as provided in this section, the following applies to the court hearing.

A. The Superior Court may, in its discretion, grant a continuation of the hearing for up to 10 days for good cause shown.

B. The Maine Rules of Evidence apply.

C. The Supreme Judicial Court may adopt such rules of court procedure as it determines appropriate.

D. If the person is indigent, costs of counsel and all other costs, including all costs on appeal, must be provided by the Maine Commission on Indigent Legal Services as in other civil cases.

E. The Superior Court may, in its discretion, subpoena any witness and, if the person is indigent, the witness fees must be provided by the Department of Health and Human Services.

F. The hearing must be electronically recorded and, if an appeal is brought and the person is indigent, the transcript fee must be provided by the Department of Health and Human Services.

G. The order and the application for the order, the hearing, the record of the hearing and all notes, exhibits and other evidence are confidential.

4. Ex parte order. When there exists an imminent likelihood of serious harm, the Superior Court may enter an ex parte order permitting involuntary medication. An application for the ex parte order must include all the information otherwise required under this section, as well as the specific factual basis for the belief that the likelihood of serious harm is imminent. The ex parte order and the application for the ex parte order, the proceeding, any record of the proceeding and all notes, exhibits and other evidence are confidential. If the court enters an ex parte order permitting involuntary medication, a hearing conforming with the requirements of subsections 2 and 3 must be held within 10 days.

5. Court order. If the Superior Court finds by clear and convincing evidence that each of the grounds set out in subsection 1 has been met, the court may grant the application for involuntary medication, as requested or as may be modified based upon the evidence, and may authorize the correctional facility's chief administrative officer to permit qualified health care staff to order and administer medication for treatment of the mental illness, as well as laboratory testing and medication for the monitoring and management of side effects.

6. Periodic review. Involuntary medication of a person under this section may continue only with periodic reviews consisting of subsequent hearings conforming with the requirements of subsections 2 and 3 to take place at least once every 120 days.

7. Medication by consent. This section does not preclude giving medication for a mental illness when either the person to receive the medication or the person's legal guardian, if any, consents to the medication.

8. Repeal. This section is repealed August 1, 2017.

Sec. 5. 34-A MRSA §3069-A is enacted to read:

**§3069-A. Transfer of jail inmates for mental health services**

1. Eligible inmates. The commissioner may transfer from a jail to a correctional facility an adult inmate who the chief administrative officer of the Riverview Psychiatric Center confirms is eligible for admission to a state mental health institute under Title 34-B, section 3863, but for whom no suitable bed is available, for the purpose of providing to the inmate mental health services in a mental health unit of a correctional facility that provides intensive mental health care and treatment. The commissioner may not transfer pursuant to this section a person who has been

found not criminally responsible by reason of insanity. The commissioner may return an inmate transferred pursuant to this subsection back to the sending facility.

For purposes of this subsection, "intensive mental health care and treatment" has the same meaning as in section 3049, subsection 1.

2. Evaluation. The commissioner may transfer from a jail to a correctional facility an adult inmate whom the court orders to be examined or further evaluated by the State Forensic Service under Title 15, section 101-D, subsection 1, 2, 3 or 9 if the State Forensic Service determines that the jail where the inmate is incarcerated cannot provide an appropriate setting for the examination but that a mental health unit in a correctional facility can provide an appropriate setting for the examination. The commissioner shall return an inmate transferred pursuant to this subsection back to the sending facility upon the completion of the examination ordered, including any further evaluation ordered, unless the commissioner transferred the inmate for another reason in addition to the examination.

3. Disclosure of information. With respect to an adult inmate who has previously been hospitalized under Title 34-B, chapter 3, subchapter 4, the commissioner may make it a prerequisite to a transfer of the inmate under this section that necessary information be disclosed to the department pursuant to Title 34-B, section 1207, subsection 1, paragraph B.

4. Application of other laws. All other applicable provisions of law governing inmates, whether detained pending a trial or other court proceeding or sentenced, apply to inmates transferred under this section.

5. Discretion. Nothing in this section or in any other provision of law requires the commissioner to transfer an adult inmate from a jail to a correctional facility or precludes the commissioner from transferring an adult inmate from a jail to a correctional facility at any time for any other reason at the commissioner's discretion.

6. Repeal. This section is repealed August 1, 2017.

Sec. 6. 34-A MRSA §3069-B is enacted to read:

**§3069-B. Placement of defendants for observation**

1. Acceptance of placement. The commissioner may accept the placement of an adult defendant in a mental health unit of a correctional facility that provides intensive mental health care and treatment for observation whom a court commits to the custody of the Commissioner of Health and Human Services under Title 15, section 101-D, subsection 4 if, in addition to the findings required under Title 15, section 101-D, subsection 4, the court, after hearing, finds by clear and convincing evidence that:

A. The defendant is a person with mental illness and, as a result of the defendant's mental illness, the defendant poses a likelihood of serious harm to others;

B. There is not sufficient security at a state mental health institute to address the likelihood of serious harm; and

C. There is no other less restrictive alternative to placement in a mental health unit of a correctional facility.

The commissioner may not accept the placement of a person who has been found not criminally responsible by reason of insanity.

For purposes of this subsection, "intensive mental health care and treatment" has the same meaning as in section 3049, subsection 1.

**2. Termination of placement.** The commissioner may terminate the placement of a defendant accepted pursuant to this section if the commissioner determines that the likelihood of serious harm posed by the defendant has decreased or the security at a state mental health institute has increased or for any other reason.

**3. Disclosure of information.** With respect to an adult defendant who has previously been hospitalized under Title 34-B, chapter 3, subchapter 4, the commissioner may make it a prerequisite to accepting placement of the defendant under this section that necessary information be disclosed to the department pursuant to Title 34-B, section 1207, subsection 1, paragraph B.

**4. Application of other laws.** All other applicable provisions of law governing defendants committed for observation apply to defendants accepted for placement under this section.

**5. Discretion.** Nothing in this section or in any other provision of law requires the commissioner to accept the placement of a defendant who is committed for observation.

**6. Repeal.** This section is repealed August 1, 2017.

**Sec. 7. 34-B MRSA §1207, sub-§1, ¶B,** as repealed and replaced by PL 2009, c. 415, Pt. A, §20, is amended to read:

I. The work-sharing plan specifies the manner in which the requirements of this subsection will be implemented including a plan for giving notice, when feasible, to an employee whose workweek is to be reduced together with an estimate of the number of layoffs that would have occurred absent the ability of employees to participate in the work-sharing and such other information as the

United States Secretary of Labor determines is appropriate; and

J. The eligible employer allows eligible employees to participate, as appropriate, in training, including employer-sponsored training or worker training funded under the federal Workforce Investment Act of 1998, Public Law 105-220, 112 Stat. 936, to enhance job skills if such training has been approved by the commissioner.

**1.** The administrator shall receive and act on all applications for licenses to make supervised loans under this Act. Applications must be filed in the manner prescribed by the administrator and must contain the information required by the administrator to make an evaluation of the financial responsibility, character and fitness of the applicant.

A. For a lender subject to this subsection whose activities include making or arranging residential mortgage loans, an application for a license to make supervised loans must be made electronically, through the nationwide mortgage licensing system and registry. Licenses expire December 31st of each year and must be renewed through the nationwide mortgage licensing system and registry. An application for an initial license must be accompanied by a fee of \$250, and an annual renewal application must be accompanied by a fee of \$100. An application for an initial license or renewal for a place of business other than that of the applicant's first licensed location must be accompanied by a fee of \$100. An applicant must

also pay a nationwide mortgage licensing system and registry processing fee in an amount to be determined by the administrators of the nationwide mortgage licensing system and registry. A non-profit organization exempt from taxation under the United States Internal Revenue Code, Section 501(c)(3) and engaged in the financing of housing for low-income people under a program designed specifically for that purpose must pay an initial licensing fee, and a fee for each branch location, of \$20 and a renewal licensing fee and renewal fee for each branch location of \$10, plus the applicable nationwide mortgage licensing system and registry processing fee.

B. For a lender subject to this subsection whose activities do not include making or arranging residential mortgage loans, an initial application for a license must be accompanied by a \$500 fee and a renewal application must include a \$200 fee. In determining the financial responsibility of an applicant proposing to engage in making insurance premium loans, the administrator shall consider the liabilities the lender may incur for erroneous cancellation of insurance.

A. Every applicant shall also, at the time of filing such application, file with the administrator, if the administrator so requires, a surety bond satisfactory to the administrator in an amount not to exceed \$50,000. The terms of the bond must run concurrent with the period of time during which the license will be in effect. The bond must run to the State for the use of the State and of any person or persons who may have a cause of action against the licensee under this Act. The bond must be conditional that the licensee will faithfully conform to and abide by the provisions of this Act and to all rules lawfully made by the administrator under this Act and will pay to the State and to any

such person or persons any and all amounts of money that may become due or owing to the State or to such person or persons from the licensee under and by virtue of this Act during the period for which the bond is given.

B. As used in this section, the term "financial responsibility" means that the applicant has available for the operation of the licensed business net assets of at least \$25,000 and upon issuance of a license, each licensee shall maintain net assets of at least \$25,000 that are either used or readily available for use in the conduct of the business of each office of the licensee in which supervised loans are made.

D. In determining the financial responsibility of a nonprofit organization engaged in the financing of housing for low-income people under a program specifically designed for that purpose, the administrator may waive the requirement of a bond and availability of \$25,000 of net assets, if the applicant submits appropriate additional evidence of financial responsibility.

**Sec. 3. 9-A MRSA §2-302, sub-§4**, as amended by PL 1995, c. 614, Pt. A, §2, is further amended to read:

**S.P. 663 - L.D. 1668**

**An Act To Expedite Training  
Waiver Decisions for  
Unemployment Claimants by  
Transferring Original  
Jurisdiction from the  
Unemployment Insurance  
Commission to the Bureau of  
Unemployment Compensation**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas**, the number of applications for training waivers to the Maine Unemployment Insurance Commission has increased dramatically in 2013 because the only path for many citizens to receive their unemployment benefits requires their participation in commission-approved training; and

**Whereas**, the commission does not possess adequate staff to efficiently process both the training waiver case load and its normal case load despite the use of mechanisms such as overtime; and

**Whereas**, training waiver cases are inherently time-sensitive because claimants rely upon their unemployment benefits to pay for necessities of daily living, such as food, medicine and shelter, and failure

to quickly process training waiver cases can result in citizens' having inadequate funds for these critical items; and

**Whereas**, the backlog of training waiver cases has increased substantially since submission of this legislation; and

**Whereas**, if this legislation is not enacted as an emergency, the backlog of training waiver cases will increase and adversely affect even more unemployment claimants; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 26 MRSA §1192, sub-§6**, as amended by PL 1991, c. 870, §3, is further amended to read:

**6. Approved training.** Notwithstanding any other provisions of this chapter, any otherwise eligible claimant in training, as approved for the claimant by the ~~commission~~ deputy, under rules adopted by the commission with the advice and consent of the commissioner, may not be denied benefits for any week with respect to subsection 3, relating to availability and the work search requirement or the provisions of section 1193, subsection 3. Enrollment in a degree-granting program may not be the sole cause for denial of approved training status for an otherwise eligible claimant. Benefits paid to any eligible claimant while in approved training, for which, except for this subsection, the claimant could be disqualified under section 1193, subsection 3, may not be charged against the experience rating record of any employer but must be charged to the General Fund. For purposes of this subsection, "the deputy" means a representative from the bureau designated by the commissioner.

**Sec. 2. 26 MRSA §1192, sub-§6-C**, as repealed and replaced by PL 1989, c. 502, Pt. A, §109, is amended to read:

**6-C. Prohibition against disqualification of individuals in approved training under section 1196.** Notwithstanding any other provision of this chapter, no otherwise eligible individual may be denied benefits for any week because that individual is in training as approved by the ~~commission~~ deputy, under rules adopted by the commission with the advice and consent of the commissioner, nor may that individual be denied benefits by reason of leaving work to enter that training, ~~provided that~~ as long as the work left is not suitable employment.

For purposes of this subsection, ~~the term~~ "suitable employment" means, with respect to an individual, work

of a substantially equal or higher skill level than the individual's past adversely affected employment, and "the deputy" means a representative from the bureau designated by the commissioner.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective March 10, 2014.

**Whereas**, it is necessary that these uncertainties and this confusion be resolved immediately in order to ensure proper administration of the spirits business in the State and to protect the public safety; and

legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 12 MRSA §6210**, as enacted by PL 2013, c. 468, §8, is amended to read:

**§6210. Procedure for administrative assessment of penalty for pecuniary gain**

The department in an adjudicatory proceeding may impose an administrative penalty for a violation of section 6575-K or section 6864, subsection 7-A equal to the pecuniary gain from that violation in accordance with this section.

**1. Definition.** As used in this section, unless the context otherwise indicates, "pecuniary gain" means the amount of money or the value of property at the time a person violates section 6575-K or section 6864, subsection 7-A that the person derives from the violation.

If the commissioner determines that the imposition of a penalty is necessary, the commissioner shall immediately notify the person who is alleged to have violated the law in accordance with Title 5, section 9052. The notice must state that the person may request a hearing in writing within 10 days of the notice.

The penalty may be based on evidence of the amount of money or value of property the person received for elvers sold in violation of section 6575-K or section 6864, subsection 7-A.

**4. Appeal.** A decision of the commissioner or the commissioner's designee to assess an administrative penalty for pecuniary gain pursuant to this section may be appealed to the Superior Court if the appeal is filed with the court within 30 days of the decision.

**1. Annual allocation.** In accordance with section 6505-A, the commissioner shall annually allocate 21.9% of the overall annual quota of elver fishery annual landings to the federally recognized Indian tribes in the State. If the Passamaquoddy Tribe, the Penobscot Nation, the Aroostook Band of Micmacs and the Houlton Band of Maliseet Indians reach an agreement regarding the division of this 21.9% portion of the overall annual quota among them and communicate in writing that agreement to the commissioner prior to March 1st of the year in which the quota is allocated, the commissioner shall allocate that portion of the quota in accordance with that agreement. If no agreement is reached, the commissioner shall allocate that portion of the quota in accordance with the following:

**3. Overage.** If the total weight of elvers sold by persons licensed by the Passamaquoddy Tribe, Penobscot Nation, Aroostook Band of Micmacs or Houlton Band of Maliseet Indians exceeds the quota allocated under subsection 1 to that tribe, nation or band, the commissioner shall deduct the amount of the overage from any future allocation to that tribe, nation or band. If the overage exceeds the overall annual quota allocated to that tribe, nation or band for the following year, the overage must be deducted from the overall annual quota allocations to that tribe, nation or band in subsequent years until the entire overage has been accounted for.

The rules must:

- A. Establish an overall annual quota for the State;
- B. Establish the amount of the overall annual quota under paragraph A that is allocated to persons licensed under this section and specify a formula to establish individual quotas for persons licensed under this section. The formula may take into account the amount of elvers a person licensed under this section lawfully harvested in

previous seasons based on final harvesting reports. The rules must specify the date by which harvester reports are considered final for the purpose of determining individual quotas; and

C. Provide, in accordance with section 6302-B, that 21.9% of the overall annual quota under paragraph A is allocated to the federally recognized Indian tribes in the State and establish the amount of that portion of the overall annual quota allocated to the Passamaquoddy Tribe, the Penobscot Nation, the Houlton Band of Maliseet Indians and the Aroostook Band of Micmacs.

If persons issued licenses under this section collectively exceed the overall annual quota allocated to those persons pursuant to paragraph B, the number of pounds by which the license holders exceeded that overall annual quota must be deducted from the following year's overall annual quota allocated to persons licensed under this section. If the overage exceeds the overall annual quota allocated to persons licensed under this section for the following year, the overage must be deducted from the overall annual quota allocated to persons licensed under this section in subsequent years until the entire overage has been accounted for.

The commissioner may adopt or amend rules on an emergency basis if immediate action is necessary to establish and implement the elver individual fishing quota in advance of the beginning of the elver fishing season.

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**H.P. 1203 - L.D. 1680**

**An Act To Protect the Integrity of Funding for Harness Racing Purses**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** this legislation needs to take effect before the expiration of the 90-day period in order to provide protection for funds used to pay purses in harness horse racing as soon as possible; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of

the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 8 MRSA §272-B, first ¶**, as repealed and replaced by PL 2007, c. 211, §1 and affected by §2, is amended to read:

Notwithstanding any other provision of this chapter, up to 3% of funds designated to supplement purses may be paid to a statewide association of horsemen in accordance with this section. A statewide association of horsemen, referred to in this section as "the association," means an association of horsemen a majority of the membership of which is composed of owners, trainers and drivers or any combination of owners, trainers and drivers who are licensed by the commission and whose officers are authorized by the membership to negotiate with a person licensed to conduct racing under section 271 on behalf of the association's membership.

**Sec. 2. 8 MRSA §272-C** is enacted to read:

**§272-C. Trust account**

**1. Establishment; deposits.** A licensee conducting live racing in the State shall establish a trust account for the benefit of the persons who race horses at that licensee's facility. Except as provided by subsection 3, funds distributed to or retained by the licensee pursuant to sections 287, 289, 290, 292 and 298 and Title 7, section 91, less any administrative assessments pursuant to section 267-A, that must be used to pay or supplement harness racing purses must be deposited in that account and used exclusively to pay harness racing purses. The funds in a trust account established in accordance with this subsection are not considered to be property of the licensee, may not be pledged as security for the debts of the licensee and are not subject to attachment or execution by creditors of the licensee.

**2. Payment if licensee fails to conduct racing.** If a licensee fails to conduct a race meet during a calendar year, all funds held in the trust account established under this section by that licensee must be returned to the commission, which shall return to the licensee any amount that represented a reimbursement that equaled an overpayment of harness racing purses. Any remaining balance of the trust account must be redistributed by the commission to the trust accounts of all racetracks that continue to conduct live racing in the State, with each track receiving that portion of money determined by multiplying the amount of money available for redistribution by a fraction, the numerator of which is the number of race dates at that racing facility during the prior calendar year and the denominator of which is the total number of race dates

throughout the State during that year, except that those funds received by a licensee pursuant to section 298 must be returned to the fund to supplement harness racing purses established in section 298 and must be distributed according to that section.

**3. Limited interim use of funds permitted.**

Notwithstanding subsection 1, a licensee, solely for the purpose of funding racing operations, may during the period from January 1st to April 30th make use of funds that otherwise would be in a trust account established pursuant to subsection 1 if the following conditions are met:

A. The amount of the funds to be used is approved in writing by the association described in section 272-B;

B. The licensee provides the executive director of the commission written notice of the amount of funds to be used and the written approval from the association under paragraph A to use the funds;

C. The executive director of the commission certifies that the licensee is likely to receive disbursements from the funds established under sections 295 and 299 and Title 7, section 91 within 120 days; and

D. Funds used are repaid to the trust account established pursuant to subsection 1 no later than 10 days from the May 30th distribution to the licensee under section 295, subsection 2 and section 299, subsection 2.

This subsection is repealed June 30, 2017.

**Sec. 3. 8 MRSA §275-A, sub-§1**, as amended by PL 2003, c. 401, §10, is further amended to read:

**1. Commercial track.** "Commercial track" means a harness horse racing track licensed under this chapter to conduct harness horse racing with pari-mutuel wagering that:

A. If the population of the region is 300,000 or more, based on the 1990 U.S. Census, conducted racing on more than 100 days in each of the previous 2 calendar years, except that if a racetrack that qualifies as a commercial track under this paragraph ceases operation, a separate racetrack operated by the owner or operator of the racetrack that ceased operation qualifies as a commercial track, and for all purposes is considered the same commercial track as the track that ceased operation, if the population of the region of that separate racetrack is 300,000 or more, based on the 1990 U.S. Census, and the sum of the number of days on which racing was conducted at the track that ceased operation and the number of days on which racing was conducted at the separate racetrack equals at least 100 days in each of the 2 preceding calendar years; or

B. If the population of the region is less than 300,000, based on the 1990 U.S. Census, conducted racing on more than 25 days in each of the previous 2 calendar years, except that if a race-track that qualifies as a commercial track under this paragraph ceases operation, a separate race-track operated by the owner or operator of the racetrack that ceased operation qualifies as a commercial track, and for all purposes is considered the same commercial track as the track that ceased operation, if the population of the region of that separate racetrack is less than 300,000, based on the 1990 U.S. Census, and the sum of the number of days on which racing was conducted at the track that ceased operation and the number of days on which racing was conducted at the separate racetrack equals at least 26 days in each of the 2 preceding calendar years;

C. Began operation after January 1, 2014 in a region with a population of 300,000 or more, based on the 1990 U.S. Census, to replace a commercial track as defined by paragraph A that ceased operation after January 1, 2014 and for which no separate racetrack has been opened by the owner or operator of that commercial track that ceased operation. For purposes of this paragraph, a race-track is not required to have conducted racing during the 2 preceding calendar years but is required to conduct racing on at least 100 days during each calendar year after the track is initially licensed as a commercial track. If a commercial track under this paragraph has not been granted 100 race days by the commission for the initial calendar year of operation, race days conducted during that year by the commercial track that ceased operation after January 1, 2014 are credited to the replacement commercial track; or

D. Began operation after January 1, 2014 in a region with a population of less than 300,000, based on the 1990 U.S. Census, to replace a commercial track as defined by paragraph B that ceased operation after January 1, 2014 and for which no separate racetrack has been opened by the owner or operator of that commercial track that ceased operation. For purposes of this paragraph, a race-track is not required to have conducted racing during the 2 preceding calendar years but is required to conduct racing on at least 25 days during each calendar year after the track is initially licensed as a commercial track. If a commercial track under this paragraph has not been granted 25 race days by the commission for the initial calendar year of operation, race days conducted during that year by the commercial track that ceased operation after January 1, 2014 are credited to the replacement commercial track.

For the purposes of this subsection, "region" is determined by measuring a distance of 50 miles from the

center of the racing track along the most commonly used roadway, as determined by the Department of Transportation, drawing a circle around the center of the racing track using that 50-mile measurement and excluding those municipalities or unorganized territories that do not have boundaries contained entirely by that circle.

Sec. 4. 8 MRSA §276-B is enacted to read:

**§276-B. Commercial track ceases operation; entitled to funds**

Other than funds used exclusively to pay harness racing purses, a commercial track that ceases operation is entitled to distribution of all funds maintained by the State under this chapter based on the number of race days conducted by that commercial track.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective March 22, 2014.

The primary caregiver shall use a numerical identification system to enable the primary caregiver to identify marijuana plants cultivated for a patient. Access to the cultivation facility is limited to the primary caregiver, except that an elected official invited by the primary caregiver for the purpose of providing education to the elected official on cultivation by the primary caregiver, emergency services personnel or a person who needs to gain access to the cultivation facility in order to perform repairs or maintenance or to do construction may access the cultivation facility to provide those professional services while under the direct supervision of the primary caregiver.

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until

90 days after adjournment unless enacted as emergencies; and

**Whereas**, current civil forfeiture law provides for many exemptions from attachment; and

**Whereas**, the description of a debtor's fishing boat that is used for income-generating purposes is out of date; and

**Whereas**, the continued use of the out-of-date description allows the attachment of fishing boats that are commonly used in commercial fishing, leading to an inability of the debtor to generate income, which is contradictory to the reason for the exemption; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 14 MRSA §4422, sub-§9**, as enacted by PL 1981, c. 431, §2, is amended to read:

**Whereas**, the Unemployment Reform Blue Ribbon Commission, established by Executive Order 2013-003, recognized significant staffing shortages within the Department of Labor, Bureau of Unemployment Compensation and recommended the addition of full-time staff; and

**Whereas**, as a result of being understaffed, the Bureau of Unemployment Compensation has been unable to serve the unemployed citizens of Maine adequately in relation to the timeliness of claims processing, call center wait times, adjudications and hearings, and this inability has resulted in a below-standard level of service for Maine citizens; and

**Whereas**, Maine remains out of compliance with the United States Department of Labor's minimum performance measures for timeliness; and

**Whereas**, the Bureau of Unemployment Compensation and the Maine Unemployment Insurance Commission need to add full-time, permanent staff to reverse this trend, yet there are no federal or state funds readily available for this purpose; and

**Whereas**, the Department of Labor, Bureau of Employment Services needs to fully fund a modernization of the bureau's Maine Job Bank computer system, expand the functionality of the system and access to the system and create a stable technological platform from which to deliver the services offered by the Maine Job Bank; and

**Whereas**, the Department of Labor, Center for Workforce Research and Information needs to develop economic data critical to the reemployment of unemployed workers; and

**Whereas**, in order to rectify quickly the staffing shortages and deliver services to the unemployed citizens of Maine, it is necessary that this legislation take effect as soon as possible; and

Any amount that may be obligated under such an appropriation is limited to an amount that does not exceed the amount by which the aggregate of the amounts transferred to the account of the State of Maine pursuant to Section 903(d) and Section 903(f) of the federal Social Security Act exceeds the aggregate of the amounts used by the State pursuant to this Act and charged against the amounts transferred to the account of the State of Maine.

**CHAPTER 517**

**S.P. 536 - L.D. 1452**

**An Act To Protect Areas in Which Shellfish Conservation Gear Has Been Placed for Predator Control and Habitat Enhancement Purposes and Establish a Municipal Predator Control Pilot Program**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the soft shell clam and marine worm industries are vital to Maine's coastal economy; and

**Whereas,** cooperation of the soft shell clam and marine worm industries and other interested parties is needed to develop predator control strategies to mitigate the effects of green crabs; and

**Whereas,** the soft shell clam and marine worm industries have an economic interest in properly managing the intertidal zone in a way that does not disadvantage either user group; and

**Whereas,** green crabs are thought to exert adverse impact on juvenile soft shell clams and the intertidal zone and research is needed to understand and respond to the effects of green crabs on the intertidal zone; and

**Whereas,** green crabs are invasive and are causing immediate damage; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 12 MRSA §6671, sub-§§10-B and 10-C** are enacted to read:

**10-B. Molesting municipal shellfish gear placed in protected areas.** A municipality may, as part of a municipal shellfish conservation program, place protective netting, fencing, traps or other gear in the intertidal zone to provide protection from shellfish predators. Any netting, fencing, traps or other gear placed for this purpose must be clearly marked with signs or tags that identify the municipality that placed the gear and indicate the purpose of the gear.

A. A person may not tamper with, molest, disturb, alter, destroy or in any manner handle gear placed by a municipality in accordance with this subsection.

B. A person who violates paragraph A commits a civil violation for which a fine of not less than \$300 and not more than \$1,000 may be adjudged.

**10-C. Prohibition.** A person may not fish for or take any marine organism from within a predator control project area that has been approved by the commissioner as part of a municipal predator control project, except that the municipality may remove green crabs from within the predator control project area. A person who violates this subsection commits a civil violation for which a fine of not less than \$300 and not more than \$1,000 may be adjudged.

This subsection is repealed February 28, 2015.

**Sec. 2. Municipal predator control pilot project.**

**1. Pilot project authorized.** The Commissioner of Marine Resources, referred to in this section as "the commissioner," may solicit proposals from municipalities with shellfish conservation ordinances approved pursuant to the Maine Revised Statutes, Title 12, section 6671, subsection 4-B to conduct a pilot project for the purpose of determining the effectiveness of predator control in increasing the survival rate of soft shell clams and marine worms. Municipalities

must submit their proposals on forms provided by the Department of Marine Resources. The area encompassed by a predator control proposal from a municipality may include no more than 10% of the total area of the entire municipal intertidal zone that is open to the taking of shellfish. In addition, the area encompassed by a predator control proposal, when combined with any area under municipal shellfish aquaculture permits under Title 12, section 6673, subsection 2-A, paragraph B, may not include more than 25% of the entire municipal intertidal zone that is open to the taking of shellfish under section 6671.

**2. Proposal selection.** The commissioner may approve predator control proposals to participate in the pilot project under subsection 1 from up to 4 municipalities. If more than 4 municipalities submit proposals, the commissioner shall consult the Shellfish Advisory Council established pursuant to the Maine Revised Statutes, Title 12, section 6038 for advice on which proposals to approve. The commissioner may approve more than 4 municipal proposals if the commissioner determines that the additional municipal projects do not affect access to the municipal intertidal zone for the purpose of harvesting marine worms.

**3. Marking.** A municipality with a predator control project approved by the commissioner under subsection 2 shall clearly mark the boundaries of the predator control project with green stakes and flags and post signs that include the words "approved predator control project" and "no harvesting of marine organisms is allowed within these boundaries."

**4. Maintenance of predator control gear.** A municipality must maintain all gear approved as part of a predator control project under subsection 1 in good working condition. In the proposal to the commissioner under subsection 1, the municipality must provide a weekly maintenance plan. The commissioner may terminate the municipality's predator control project and order the removal of all gear if the commissioner determines that the municipality has failed to follow the weekly maintenance plan provided.

**5. Notice.** A municipality with a predator control project approved by the commissioner under subsection 2 shall provide adequate public notice to harvesters of soft shell clams or marine worms of the areas that have been closed to harvesting. This notice must include, but is not limited to, notice in local newspapers and publicly accessible websites of the municipality and posting signs as appropriate at water access sites.

**6. Repeal.** This section is repealed February 28, 2015.

**Sec. 3. Predator control strategies.** The Commissioner of Marine Resources shall, with the cooperation of the soft shell clam and marine worm

industries and other interested parties, develop predator control strategies to mitigate the effects of green crabs. The strategies must identify the needs of the soft shell clam and marine worm industries and recognize that both industries have an economic interest in properly managing the intertidal zone in a way that does not disadvantage either user group. The commissioner shall present those strategies for review and comment to the joint standing committee of the Legislature having jurisdiction over marine resources matters no later than January 31, 2015. After review of the strategies, the committee may report out a bill related to the strategies to the First Regular Session of the 127th Legislature.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective April 5, 2014.

**6. Transfer of tax on deeds of foreclosure or in lieu of foreclosure.** Notwithstanding subsection 4-B, the State Tax Assessor shall monthly pay to the Department of Professional and Financial Regulation, Bureau of Consumer Credit Protection the revenues derived from the tax imposed on the transfer of real property by deeds that convey real property back to a lender holding a bona fide mortgage that is genuinely in default, either by deeds from a mortgagor to a mortgagee in lieu of foreclosure or by deeds from a mortgagee to itself at a public sale pursuant to Title 14, section 6323 described in section 4641-C, subsection 2, paragraphs A and C.

**Sec. A-2. 36 MRSA §4641-B, sub-§7** is enacted to read:

Assignment of rights in or connected with foreclosed real property.** A person assigning rights in or connected with title to foreclosed real property for which a deed is not given, including rights as high bidder at the public sale pursuant to Title 14, section 6323, shall report the assignment to the register of deeds in the county or counties in which the real property is located within 30 days of the assignment on a return in the form of an affidavit furnished by the State Tax Assessor. The State Tax Assessor shall provide for the collection of the tax in the same manner as in subsection 1 as if the assignment were a transfer of real property by deed. The return must be signed by

When the real property is located in more than one county, the tax must be divided among the counties in the same proportion in which the real property is distributed among the counties. Disputes between 2 or more counties as to the proper amount of tax due to them as a result of a particular transaction must be decided by the State Tax Assessor upon the written petition of an official authorized to act on behalf of any such county. This subsection applies to assignments made during the time between the judgment of foreclosure and the transfer of the foreclosed real property by deed.

**Sec. A-3. 36 MRSA §4641-C, sub-§2,** as amended by PL 2009, c. 402, §22, is repealed and the following enacted in its place:

**2. Mortgage deeds, deeds of foreclosure and deeds in lieu of foreclosure.** Mortgage deeds, discharges of mortgage deeds and partial releases of mortgage deeds.

A. For the purposes of this subsection, only the mortgagor is exempt from the tax imposed for a deed in lieu of foreclosure.

B. In the event of a transfer, by deed, assignment or otherwise, to a 3rd party at a public sale held pursuant to Title 14, section 6323, the tax imposed upon the grantor by section 4641-A applies only to that portion of the proceeds of the sale that exceeds the sums required to satisfy in full the claims of the mortgagee and all junior claimants originally made parties in interest in the proceedings or having subsequently intervened in the proceedings as established by the judgment of foreclosure and sale. The tax must be deducted from the excess proceeds.

C. In the event of a transfer, by deed, assignment or otherwise, from a mortgagee or its servicer to the mortgagee or its servicer or to the owner of the mortgage debt at a public sale held pursuant to Title 14, section 6323, the mortgagee or its servicer if the servicer is the selling entity is considered to be both the grantor and grantee for purposes of section 4641-A.

The mortgagee shall sell the premises to the highest bidder at the public sale and deliver a deed of that sale and the writ of possession, if a writ of possession was obtained during the foreclosure process, to the purchaser. The deed conveys the premises free and clear of all interests of the parties in interest joined in the action. The mortgagee or any other party in interest may bid at the public sale. If the mortgagee is the highest bidder at the public sale, there is no obliga-

tion to account for any surplus upon a subsequent sale by the mortgagee. Any rights of the mortgagee to a deficiency claim against the mortgagors are limited to the amount established as of the date of the public sale. The date of the public sale is the date on which bids are received to establish the sales price, no matter when the sale is completed by the delivery of the deed to the highest bidder. **CHAPTER 534**

**S.P. 544 - L.D. 1482**

**An Act To Amend the Motor Vehicle Franchise Laws**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 10 MRSA §1171, sub-§3-A** is enacted to read:

**3-A. Essential tool.** "Essential tool" means a tool, implement or other device required by the manufacturer, including but not limited to a tablet, scanner, diagnostic machine, computer, computer program, computer software, website, website portal or similar tool, with respect to which there is no other similar tool or device available from any source other than the manufacturer or the representative of a manufacturer that will perform the function necessary to the diagnosis or repair of a manufacturer's express warranty claim on a new motor vehicle.

**Sec. 2. 10 MRSA §1174, sub-§3, ¶A,** as amended by PL 1997, c. 521, §8, is further amended to read:

A. To refuse to deliver in reasonable quantities and within a reasonable time after receipt of a dealer's order to any motor vehicle dealer having a franchise or contractual arrangement for the retail sale of new motor vehicles sold or distributed by that manufacturer, distributor, distributor branch or division, factory branch or division any motor vehicles or parts or accessories to motor vehicles covered by that franchise or contract specifically advertised by that manufacturer, distributor, distributor branch or division, factory branch or division or wholesale branch or division to be

available for delivery. The allocation of new motor vehicles in this State must be made on a fair and equitable basis and must consider the needs of those dealerships with a relevant market area radius of more than 5 miles as defined in section 1174-A, subsection 1. The manufacturer has the burden of establishing the fairness of its allocation system. A failure by a manufacturer to provide to a dealer a fair and adequate supply and mix of vehicles, including the allocation of vehicles under any separate dealer designation, including but not limited to "premier," "business class or elite" or any other designation not available to all new motor vehicle dealers for that franchise, that results in an effort to terminate a new motor vehicle dealer for, in whole or in part, poor sales performance or market penetration may be evidence that the termination was not for good cause. The failure to deliver any motor vehicle is not considered a violation of this chapter if the failure is due to an act of God, work stoppage or delay due to a strike or labor difficulty, shortage of materials, freight embargo or other cause over which the manufacturer, distributor or any agent of the manufacturer or distributor has no control. A separate dealer agreement is not required of a new motor vehicle dealer already a party to a dealer agreement or franchise agreement for the retail sale of any particular new motor vehicle model made or distributed by a manufacturer, distributor, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof, except that a manufacturer or distributor may require a dealer to purchase special tools or equipment, stock reasonable quantities of certain parts, purchase reasonable quantities of promotional materials or participate in training programs that are reasonably necessary for the dealer to sell or service such a new motor vehicle model. Any special tools, parts or signs not used within 2 years of receipt by the dealer may be returned by the dealer to the manufacturer or distributor for a full refund of cost of those special tools, parts and signs;

**Sec. 3. 10 MRSA §1174, sub-§3, ¶F-1,** as enacted by PL 1999, c. 766, §1, is amended to read:

F-1. To vary or change the cost or the markup in any fashion or through any device whatsoever to any dealer for any motor vehicle of that line make based on:

- (1) The purchase by any dealer of furniture or other fixtures from any particular source; or
- (2) The purchase by any dealer of computers or other technology from any particular source;

A manufacturer that designates any tool as special or essential, or who requires the purchase of hardware or software, whether or not designated as an essential tool, may recover from the dealer only the actual costs of providing any such tool, the actual costs of user fees, the actual costs of maintenance fees and other costs of any nature of software for any such tool, as long as the tool is directly available only from the manufacturer or its wholly owned subsidiary;

**Sec. 4. 10 MRSA §1174, sub-§3, ¶N**, as amended by PL 2009, c. 367, §2, is further amended to read:

N. To require any new motor vehicle dealer to change the location of the new motor vehicle dealership or during the course of the agreement or as a condition of renewal of a franchise agreement to make any substantial alterations to the dealership premises when to do so would be unreasonable. A manufacturer may not require any substantial alterations or renovations to the dealership's premises without written assurance of a sufficient supply of new motor vehicles so as to justify an expansion in light of the current market and economic conditions or require any new motor vehicle dealer to use a specific product or service provider in relation to any dealership premises or facilities alterations or renovations unless the manufacturer reimburses the dealer for a substantial portion, which may not be less than 55%, of the cost of the product or service provider. However, a new motor vehicle dealer may elect to use a vendor selected by the dealer if the product or service is substantially similar in quality and design to that required by the manufacturer, subject to the manufacturer's approval, which may not be unreasonably withheld. A manufacturer may not require any substantial renovation or alteration to dealership premises or facilities without providing, upon a dealer's request, a dealer-specific detailed economic analysis of the impact of the alteration or renovation on sales, service and dealer profitability that substantiates the need for the alteration or renovation or require a new motor vehicle dealer to make any substantial alterations or renovations more than once every 10 years. A dealer-specific economic analysis provided by the manufacturer may not be interpreted as a guaranty of a return on investment by the dealer. Nothing in this paragraph creates an exemption from the requirements of state health and safety laws or local zoning laws or restricts the requirement to comply with alterations or renovations that are necessary to adequately sell or service a vehicle due to the technology of the vehicle. Nothing in this paragraph allows a dealer or vendor to infringe upon or impair a manufacturer's intellectual property or trademark and trade dress

rights. A manufacturer is not required to reimburse a dealer for the cost of signs or other materials bearing that manufacturer's own trademark;

**Sec. 5. 10 MRSA §1174, sub-§3, ¶T**, as amended by PL 2009, c. 367, §5, is further amended to read:

T. To act as, offer to act as or purport to be a broker; ~~or~~

**Sec. 6. 10 MRSA §1174, sub-§3, ¶¶V and W** are enacted to read:

V. Except as expressly authorized in this paragraph, to require a motor vehicle dealer to provide its customer lists, customer information, consumer contact information, transaction data or service files.

(1) The following definitions apply to this paragraph:

(a) "Dealer management computer system" means a computer hardware and software system that is owned or leased by the dealer, including a dealer's use of web applications, software or hardware, whether located at the dealership or provided at a remote location, and that provides access to customer records and transactions by a motor vehicle dealer and that allows the motor vehicle dealer timely information in order to sell vehicles, parts or services through that motor vehicle dealership.

(b) "Dealer management computer system vendor" means a seller or reseller of dealer management computer systems, a person that sells computer software for use on dealer management computer systems or a person that services or maintains dealer management computer systems, but only to the extent the seller, reseller or other person listed is engaged in such activities.

(c) "Security breach" means an incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information through which unauthorized use of the dealership or dealership customer information has occurred or is reasonably likely to occur or that creates material risk of harm to a dealership or a dealership's customer. An incident of unauthorized access to and acquisition of records or data containing dealership or dealership customer information, or an incident of disclosure of dealership customer information to one or more 3rd

parties that was not specifically authorized by the dealer or customer, constitutes a security breach.

(2) Any requirement by a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof that a new motor vehicle dealer provide its customer lists, customer information, consumer contact information, transaction data or service files as a condition of the dealer's participation in any incentive program or contest, for a customer or dealer to receive any incentive payments otherwise earned under an incentive program or contest, for the dealer to obtain customers or customer leads or for the dealer to receive any other benefits, rights, merchandise or services that the dealer would otherwise be entitled to obtain under the franchise or any other contract or agreement or that are customarily provided to dealers is voidable at the option of the dealer, unless all of the following conditions are satisfied:

(a) The customer information requested relates solely to the specific program requirements or goals associated with such manufacturers' or distributors' own new vehicle makes or specific vehicles of their own make that are certified pre-owned vehicles and the dealer is not required to provide general customer information or other information related to the dealer;

(b) The requirement is lawful and would not require the dealer to allow any customer the right to opt out under the federal Gramm-Leach-Bliley Act, 15 United States Code, Chapter 94, Subchapter I; and

(c) The dealer is not required to allow the manufacturer, distributor or a 3rd party to have direct access to the dealer's dealer management computer system, but the dealer is instead permitted to provide the same dealer, consumer or customer data or information specified by the manufacturer or distributor by timely obtaining and pushing or otherwise furnishing the required data in a widely accepted file format in accordance with subparagraph (1).

(3) Nothing contained in this section limits the ability of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other represen-

tative thereof to require that the dealer provide, or use in accordance with law, customer information related solely to that manufacturer or distributor's own vehicle makes to the extent necessary to:

(a) Satisfy any safety or recall notice obligations;

(b) Complete the sale and delivery of a new motor vehicle to a customer;

(c) Validate and pay customer or dealer incentives; or

(d) Submit to the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof claims under section 1176.

(4) At the request of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof, a dealer may be required to provide customer information related solely to that manufacturer's, distributor's, wholesaler's, distributor branch's or division's, factory branch's or division's or wholesale branch's or division's own vehicle makes for reasonable marketing purposes, market research, consumer surveys, market analysis and dealership performance analysis, except that the dealer is required to provide such customer information only if the provision of the information is lawfully permissible, the requested information relates solely to specific program requirements or goals associated with the manufacturer's or distributor's own vehicle makes and does not require the dealer to provide general customer information or other information related to the dealer and the requested information can be provided without requiring that the dealer allow any customer the right to opt out under the federal Gramm-Leach-Bliley Act, 15 United States Code, Chapter 94, Subchapter I.

(5) A manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent, dealer management computer system vendor or other representative thereof, or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agency, dealer management computer system vendor or other representative thereof, may not access or obtain dealer or customer data

from or write dealer or customer data to a dealer management computer system used by a motor vehicle dealer or require or coerce a motor vehicle dealer to use a particular dealer management computer system, unless the dealer management computer system allows the dealer to reasonably maintain the security, integrity and confidentiality of the data maintained in the system. A manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent, dealer management computer system vendor or other representative thereof, or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agency, dealer management computer system vendor or other representative thereof, may not prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer's dealer management computer system or from complying with applicable state and federal laws, rules and regulations. Nothing in this subparagraph imposes an obligation on a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent, dealer management computer system vendor or other representative thereof, or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agency, dealer management computer system vendor or other representative thereof, to provide such capability.

(6) A manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor, or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor may not access or use customer or prospect information maintained in a dealer management computer system used by a motor vehicle dealer for purposes of soliciting a customer or prospect on behalf of, or directing a customer or prospect to, any other dealer. The limitations in this subsection do not apply to:

(a) A customer that requests a reference to another dealership;

(b) A customer that moves more than 60 miles away from the dealer whose data were accessed;

(c) Customer or prospect information that was provided to the dealer by the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof; or

(d) Customer or prospect information obtained by the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof in which the dealer agrees to allow the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor the right to access and use the customer or prospect information maintained in the dealer's dealer management computer system for purposes of soliciting a customer or prospect of the dealer on behalf of or directing a customer or prospect to any other dealer in a separate, stand-alone written instrument dedicated solely to such an authorization.

(7) A manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor may not provide access to customer or dealership information maintained in a dealer management computer system used by a motor vehicle dealer without first obtaining the dealer's prior express written consent, revocable by the dealer upon 5 days' written notice, to pro-

vide such access. Prior to obtaining such consent and prior to entering into an initial contract or renewal of a contract with a dealer, the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of or through a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor shall provide to the dealer a written list of all specific 3rd parties to whom any data obtained from the dealer have actually been provided within the 12-month period ending November 1st of the prior year. The list must describe the scope and specific fields of the data provided. In addition to the initial list, a dealer management computer system vendor or a 3rd party acting on behalf of or through a dealer management computer system vendor must provide to the dealer an annual list of 3rd parties to whom such data are actually being provided on November 1st of each year and to whom the data have actually been provided in the preceding 12 months and describe the scope and specific fields of the data provided. Lists required pursuant to this subparagraph must be provided to the dealer by January 1st of each year. A dealer management computer system vendor's contract that directly relates to the transfer or accessing of dealer or dealer customer information must conspicuously state: "NOTICE TO DEALER: THIS AGREEMENT RELATES TO THE TRANSFER AND ACCESSING OF CONFIDENTIAL INFORMATION AND CONSUMER-RELATED DATA." Consent in accordance with this subparagraph does not change any such person's obligations to comply with the terms of this section and any additional state or federal laws, rules and regulations. A dealer management computer system vendor may not refuse to provide a dealer management computer system to a motor vehicle dealer if the dealer refuses to provide consent under this subparagraph.

(8) A dealer management computer system vendor or 3rd party acting on behalf of or through a dealer management computer system vendor may not access or obtain data from or write data to a dealer management computer system used by a motor vehicle dealer unless the dealer management computer system allows the dealer to reasonably

maintain the security, integrity and confidentiality of customer and dealer information maintained in the system. A dealer management computer system vendor or 3rd party acting on behalf of or through a dealer management computer system vendor may not prohibit a dealer from providing a means to regularly and continually monitor the specific data accessed from or written to the dealer management computer system and from complying with applicable state and federal laws, rules and regulations. This subparagraph does not impose on a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of or through a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor an obligation to provide such capability.

(9) A manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of or through a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor that has electronic access to customer or motor vehicle dealership data in a dealer management computer system used by a motor vehicle dealer shall provide notice to the dealer of any security breach of dealership or customer data obtained through that access, which at the time of the security breach was in the possession or custody of the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party. The disclosure notification must be made without unreasonable delay by the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party following discovery by the person, or notification to the person, of the security breach. The disclosure notification must

describe measures reasonably necessary to determine the scope of the security breach and corrective actions that may be taken in an effort to restore the integrity, security and confidentiality of the data; these measures and corrective actions must be implemented as soon as practicable by all persons responsible for the security breach.

(10) Nothing in this section precludes, prohibits or denies the right of the manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof to receive customer or dealership information from a motor vehicle dealer for the purposes of complying with federal or state safety requirements or implement any steps related to manufacturer recalls at such times as necessary in order to comply with federal and state requirements or manufacturer recalls as long as receiving this information from the dealer does not impair, alter or reduce the security, integrity and confidentiality of the customer and dealership information collected or generated by the dealer.

(11) Notwithstanding any of the terms or provisions contained in this subparagraph or in any consent, authorization, release, novation, franchise or other contract or agreement, whenever any manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor or a 3rd party acting on behalf of or through a manufacturer, distributor, wholesaler, distributor branch or division, factory branch or division, wholesale branch or division or officer, agent or other representative thereof or dealer management computer system vendor requires that a new motor vehicle dealer provide any dealer, consumer or customer data or information through direct access to a dealer's dealer management computer system, the dealer is not required to provide, and may not be required to consent to provide in a written agreement, that direct access to its dealer management computer system. The dealer may instead provide the same dealer, consumer or customer data or information specified by the requesting party by timely obtaining and furnishing the requested data to the requesting party in a widely accepted file format except that, when a dealer would otherwise be required to provide direct access to its dealer management computer system under the terms of a con-

sent, authorization, release, novation, franchise or other contract or agreement, a dealer that elects to provide data or information through other means may be charged a reasonable initial setup fee and a reasonable processing fee based on actual incremental costs incurred by the party requesting the data for establishing and implementing the process for the dealer. Be it enacted by the People of the State of Maine as follows:

Sec. 1. 14 MRSA c. 757 is enacted to read:

**CHAPTER 757**

**ACTIONS FOR BAD FAITH ASSERTION OF PATENT INFRINGEMENT**

**§8701. Actions for bad faith assertion of patent infringement**

**1. Definitions.** As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

A. "Demand letter" means a letter, an e-mail or other written communication asserting that a target has engaged in patent infringement.

B. "Person" means a natural person, corporation, trust, partnership, incorporated or unincorporated association or any other legal entity.

C. "Target" means a person:

- (1) Who has received a demand letter;
- (2) Against whom a lawsuit has been filed alleging patent infringement; or
- (3) Whose customers have received a demand letter asserting that the person's product, service or technology has infringed a patent.

**2. Prohibition.** A person may not make a bad faith assertion of patent infringement against another person.

**3. Civil action.** A target may bring a civil action in Superior Court against a person who has made a bad faith assertion of patent infringement against the target. In determining whether a person made a bad faith assertion of patent infringement:

A. The court may consider the following factors as evidence that the person made a bad faith assertion of patent infringement:

- (1) The demand letter does not contain:
  - (a) The patent number;
  - (b) The name and address of the patent owner or owners and assignee or assignees, if any; or
  - (c) Factual allegations concerning the specific areas in which the target's products, services or technology infringed the patent or are covered by the claims in the patent;
- (2) The demand letter does not contain the information described in subparagraph (1), the target requested the information and the

person did not provide the information within a reasonable period of time;

(3) Prior to sending the demand letter, the person failed to conduct an analysis comparing the claims in the patent to the target's products, services or technology or an analysis was done but does not identify specific areas in which the products, services or technology are covered by the claims in the patent;

(4) The demand letter includes a demand for payment of a license fee or a response within an unreasonably short period of time;

(5) The person offered to license the patent for an amount that is not based on a reasonable estimate of the value of the license;

(6) The person knew or should have known that the assertion of patent infringement is meritless;

(7) The assertion of patent infringement is deceptive; and

(8) The person or a subsidiary or affiliate of the person previously filed or threatened to file a lawsuit based on the same or similar claim of patent infringement and:

(a) Those threats or lawsuits lacked the information described in subparagraph (1); or

(b) The person attempted to enforce the claim of patent infringement in litigation and a court found the claim to be meritless; and

B. The court may consider the following factors as evidence that the person did not make a bad faith assertion of patent infringement:

(1) The demand letter contains the information described in paragraph A, subparagraph (1);

(2) The demand letter does not contain the information described in paragraph A, subparagraph (1), the target requested the information and the person provided the information within a reasonable period of time;

(3) The person engaged in a good faith effort to establish that the target infringed the patent and to negotiate an appropriate remedy;

(4) The person made a substantial investment in the use of the patent or in the production or sale of a product or item covered by the patent;

(5) The person is:

(a) The inventor or joint inventor of the patent or, in the case of a patent filed by and awarded to an assignee of the original inventor or joint inventor, is the original assignee; or

(b) An institution of higher education or a technology transfer organization whose primary purpose is to facilitate the commercialization of technologies developed by an institution of higher education that is owned by or affiliated with an institution of higher education; and

(6) The person demonstrated good faith business practices in previous efforts to enforce the patent or a substantially similar patent or successfully enforced the patent or a substantially similar patent through litigation.

**4. Remedies.** The court may award the following remedies to a target who prevails in an action brought pursuant to this subsection:

A. Equitable relief;

B. Damages;

C. Costs and fees, including reasonable attorney's fees; and

D. Punitive damages in an amount equal to \$50,000 or 3 times the total damages, costs and fees, whichever is greater.

**5. Action by Attorney General.** The Attorney General may bring an action to enjoin a violation of this chapter. Any violation of this chapter is a violation of the Maine Unfair Trade Practices Act.

**6. Bond.** When a target reasonably believes a person made a bad faith assertion of patent infringement against the target, the target may file a motion with the court to require the person to post a bond. If the court finds the target has established a reasonable likelihood that the person made a bad faith assertion of patent infringement, the court shall require the person to post a bond in an amount equal to a good faith estimate of the target's costs to litigate the claim and amounts reasonably likely to be recovered under subsection 4. The court shall hold a hearing if requested by either party. A bond ordered pursuant to this subsection may not exceed \$250,000. The court may waive the bond requirement if it finds the person has available assets equal to the amount of the proposed bond or for other good cause shown.

**7. Exemption.** This section does not apply to a demand letter or assertion of patent infringement that includes a claim for relief arising under 35 United States Code, Section 271(e)(2) or 42 United States Code, Section 262.

## **§8702. Rules**

The Attorney General shall adopt rules implementing this chapter. Evidence of a violation of a rule adopted by the Attorney General constitutes prima facie evidence of a bad faith assertion of patent infringement in any action brought under this chapter. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

See title page for effective date.

## **CHAPTER 544**

### **S.P. 618 - L.D. 1627**

#### **An Act To Amend the Reporting Requirements for the Business Equipment Tax Exemption**

**Emergency preamble.** **Whereas**, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas**, changes made by the First Regular Session of the 126th Legislature to the business equipment tax exemption program will affect the reporting of information by taxpayers beginning April 1, 2014; and

**Whereas**, some of the information that taxpayers claiming an exemption under the program are required to report is proprietary information that could subject the taxpayers to financial harm if released publicly; and

**Whereas**, this legislation protects that proprietary information and needs to take effect as soon as possible to prevent harm to businesses; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 36 MRSA §693, sub-§1**, as amended by PL 2013, c. 368, Pt. O, §7 and affected by §12 and c. 385, §§2 and 3, is further amended to read:

**1. Reporting.** On or before May 1st of each year, a taxpayer claiming an exemption under this section shall file a report with the assessor of the taxing jurisdiction in which the property would otherwise be subject to taxation on April 1st of that year. The report must identify the property for which exemption is

claimed that would otherwise be subject to taxation on April 1st of that year and must be made on a form prescribed by the State Tax Assessor or substitute form approved by the State Tax Assessor. ~~When the valuation of all property assessed to the taxpayer exceeds 2% of the total taxable valuation of the municipality for the prior tax year, the report must also include sufficient information, including income and expense information as necessary, to allow the assessor to determine the just value of the property owned by the taxpayer that is claiming the exemption as well as the property exempted under this subchapter.~~ The State Tax Assessor shall furnish copies of the form to each municipality in the State and the form must be made available to taxpayers prior to April 1st annually. The assessor of the taxing jurisdiction may require the taxpayer to sign the form and make oath to its truth. If the report is not filed by April 1st, the filing deadline is automatically extended to May 1st without the need for the taxpayer to request or the assessor to grant that extension. Upon written request, the assessor may at any time grant further extensions of time to file the report. If a taxpayer fails to file the report in a timely manner, including any extensions of time, the taxpayer may not obtain an exemption for that property under this subchapter for that tax year. The assessor of the taxing jurisdiction may require in writing that a taxpayer answer in writing all reasonable inquiries as to the property for which exemption is requested. A taxpayer has 30 days from receipt of such an inquiry to respond. Upon written request, a taxpayer is entitled to a 30-day extension to respond to the inquiry and the assessor may at any time grant additional extensions upon written request. The answer to any such inquiry is not binding on the assessor.

All notices and requests provided pursuant to this subsection must be made by personal delivery or certified mail and must conspicuously state the consequences of the taxpayer's failure to respond to the notice or request in a timely manner.

If an exemption has already been accepted and the State Tax Assessor subsequently determines that the property is not entitled to exemption, a supplemental assessment must be made within 3 years of the original assessment date with respect to the property in compliance with section 713, without regard to the limitations contained in that section regarding the justification necessary for a supplemental assessment.

~~If the taxpayer fails to provide sufficient information as may be required under this subsection, the taxpayer may not obtain an exemption under this subchapter for that tax year.~~

**Sec. 2. 36 MRSA §693, sub-§4**, as enacted by PL 2013, c. 368, Pt. O, §8 and affected by §12 and c. 385, §§2 and 3, is repealed.

**Sec. 3. 36 MRSA §694, sub-§1**, as amended by PL 2013, c. 368, Pt. O, §9 and affected by §12 and c. 385, §§2 and 3, is further amended to read:

**1. Examination and identification.** The assessor shall examine each report pursuant to section 693 that is timely filed, determine whether the property identified in the report is entitled to an exemption under this subchapter and determine the just value of the property. ~~The assessor also shall certify to the State Tax Assessor that the taxpayer has provided sufficient information necessary for the proper valuation of the property and that the assessor has considered that information in the valuation and exemption determinations. Failure to provide this certification to the State Tax Assessor disqualifies the municipality from reimbursement pursuant to subsection 2, paragraphs B and C.~~

**Sec. 4. 36 MRSA §694, sub-§2, ¶B**, as amended by PL 2013, c. 368, Pt. O, §10 and affected by §12 and c. 385, §§2 and 3, is further amended to read:

B. For purposes of this paragraph, the taxable value of exempt business equipment is the value that would have been assessed on that equipment if it were taxable. ~~In order to obtain the reimbursement under this paragraph on or after April 1, 2014, the municipality must provide to the State Tax Assessor a report providing an appraisal of the exempt business equipment of all taxpayers whose equalized municipal valuation makes up at least 2% of the overall equalized valuation of the municipality. The appraisal report must include a summary of the appraiser's consideration of the cost, income capitalization and sales comparison approaches to the valuation of property. The appraisal must determine a value for the property within the 5 years prior to the date of the claim and must be prepared by a qualified professional appraiser, as defined in section 208-A. This appraisal must be the basis on which the property is assessed for municipal property tax purposes.~~

**An Act To Protect the Public from Mosquito-borne Diseases**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 7 MRSA c. 6-A is enacted to read:**

**CHAPTER 6-A**

**MANAGEMENT OF MOSQUITOES**

**§171. Management of mosquitoes for protection of public health; state policy**

It is the policy of the State to work to find and implement ways to prevent mosquito-borne diseases in a manner that minimizes risks to humans and the environment. The State, led by the department and the Department of Health and Human Services pursuant to this chapter and Title 22, chapter 257-B, respectively, shall monitor mosquito-borne diseases and shall base mosquito management methods, including potential

pesticide use, on an evaluation of the most current risk assessments. On a continuing basis, the State shall research and evaluate means of reducing disease-carrying mosquitoes without the use of pesticides. When the Department of Health and Human Services determines that the disease risk is high and public education efforts are insufficient to adequately prevent mosquito-borne diseases in the State, the Department of Health and Human Services may declare a mosquito-borne disease public health threat pursuant to Title 22, chapter 257-B and the State may undertake emergency activities to reduce disease-carrying mosquito populations that threaten the health of residents of this State. The State in undertaking emergency activities shall use a combination of the lowest risk, most effective integrated pest management techniques and science-based technology and shall consult with officials from affected municipalities in determining the most appropriate combination of response strategies.

**§172. Department lead agency; powers of commissioner**

**1. Lead agency.** The department is the lead agency of the State for carrying out mosquito management activities as described in this chapter.

**2. Management methods.** The commissioner may use appropriate methods for the management of mosquitoes and the prevention of their breeding in a manner consistent with section 171, including, but not limited to, conducting or contracting for mosquito management activities and purchasing equipment necessary for the purposes of carrying out this chapter.

**§173. Duties of commissioner**

**1. Study; plan; arrange cooperation.** When sufficient money for such purposes is available in the fund, the commissioner, in cooperation with appropriate personnel from the Department of Health and Human Services, shall:

**A.** Consider and study mosquito management problems, including mosquito surveillance;

**B.** Identify means of managing disease-carrying mosquitoes in a manner that minimizes pesticide use;

**C.** Coordinate plans for mosquito management work that may be conducted by private landowners, groups, organizations, municipalities, counties and mosquito management districts formed pursuant to section 175; and

**D.** Arrange, to the extent practicable, cooperation among state departments and with federal agencies in conducting mosquito management operations within the State.

**2. Consultation.** The commissioner shall consult with the University of Maine Cooperative Extension and private sector experts and municipalities in devel-

opening plans and procedures for implementing this chapter.

**3. Assist with disseminating information.** When sufficient money for such purposes is available in the fund, the commissioner, in cooperation with appropriate personnel from the Department of Health and Human Services and experts from the University of Maine Cooperative Extension, shall assist private landowners, groups, organizations, municipalities, counties and mosquito management districts formed pursuant to section 175 to disseminate information to the residents of the State about ways to reduce mosquito populations, to eliminate mosquito breeding sites and to protect themselves from mosquito-borne diseases as well as other relevant information.

**4. Implement mosquito management response.** When a mosquito-borne disease public health threat is declared by the Commissioner of Health and Human Services pursuant to Title 22, section 1447, the Commissioner of Agriculture, Conservation and Forestry shall implement an effective management response consistent with section 171. The management response must include combinations of integrated pest management techniques. The Commissioner of Agriculture, Conservation and Forestry shall consider the availability of funds in the fund in planning the response.

**§174. Maine Mosquito Management Fund**

The Maine Mosquito Management Fund, referred to in this chapter as "the fund," is established to carry out the purposes of this chapter. The fund consists of any money received as contributions, grants or appropriations from private and public sources. The fund, to be accounted for within the department, must be held separate and apart from all other money, funds and accounts. Any balance remaining in the fund at the end of a fiscal year does not lapse but must be carried forward to the next fiscal year. The department may expend the money available in the fund and make grants to private landowners, groups, organizations, agencies, municipalities, counties, the University of Maine Cooperative Extension and mosquito management districts formed pursuant to section 175 to carry out the purposes of this chapter.

**§175. Mosquito management districts**

For the purposes of preserving and promoting the public health and welfare by providing for coordinated and effective management of mosquitoes, municipalities may cooperate with each other through the creation of mosquito management districts.

**§176. Rules**

The commissioner may adopt rules to carry out the purposes of this chapter. Rules adopted pursuant to this section are major substantive rules as described in Title 5, chapter 375, subchapter 2-A.

Sec. 2. 22 MRSA c. 257-B is enacted to read:

**CHAPTER 257-B  
MOSQUITOES**

**§1447. Lead agency for monitoring mosquito-borne diseases; declaring a public health threat**

The department is the lead agency for monitoring for mosquito-borne diseases in the State and determining the severity of the threat to the public health. The Maine Center for Disease Control and Prevention shall create and maintain an arboviral illness surveillance, prevention and response plan for the purposes of alerting the public and other state, local and federal agencies about the existence of the threat so that appropriate actions may be taken. When available surveillance information indicates a strong likelihood of a human disease outbreak arising from mosquito-borne pathogens, the commissioner may declare a mosquito-borne disease public health threat in accordance with the Maine Center for Disease Control and Prevention arboviral illness surveillance, prevention and response plan. For purposes of this section, the department shall collaborate with the Department of Agriculture, Conservation and Forestry.

All determinations regarding whether the placement of interchange guide signs or supplemental guide signs on the interstate system meets the standards contained in this section must be made by the signing agency.

**3. Interchange guide signs.** The following provisions apply to interchange guide signs.

A. The primary destination displayed on an interchange guide sign must be the municipality in which the exit is located or the street name or route adjacent to the exit, or both.

B. Unless otherwise allowed by the signing agency, advance guide signs must be placed from 1/2 mile to 2 miles in advance of the exit.

C. A supplemental guide sign for a destination is permitted only if there are sufficient signs off the interstate highway to direct travelers from the interstate highway to the destination with minimal confusion.

D. A sign for a destination that meets the criteria for logo signs under section 1912-B or in rules adopted pursuant to section 1965, subsection 1, paragraph U is not eligible to be placed as a supplemental guide sign under this section unless that destination's name is readily recognized as the principal attraction in a major recreational area as described in subsection 5, paragraph C and it is necessary to include it on a supplemental guide sign to avoid traveler confusion.

**CHAPTER 551**

**H.P. 1257 - L.D. 1751**

**An Act To Provide Property Tax Relief to Maine Residents**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA §4301, sub-§7**, as amended by PL 2013, c. 368, Pt. OO, §6, is further amended to read:

**7. Income.** "Income" means any form of income in cash or in kind received by the household, including net remuneration for services performed, cash received on either secured or unsecured credit, any payments received as an annuity, retirement or disability benefits, veterans' pensions, workers' compensation, unem-

ployment benefits, benefits under any state or federal categorical assistance program, supplemental security income, social security and any other payments from governmental sources, unless specifically prohibited by any law or regulation, court ordered support payments, income from pension or trust funds, household income from any other source, including relatives or unrelated household members and any benefit received pursuant to Title 36, chapter 907 and Title 36, section 5219-II and Title 36, section 5219-KK, unless used for basic necessities as defined in section 4301, subsection 1.

The following items are not available within the meaning of this subsection and subsection 10:

- A. Real or personal income-producing property, tools of trade, governmental entitlement specifically treated as exempt assets by state or federal law;
- B. Actual work-related expenses, whether itemized or by standard deduction, such as taxes, retirement fund contributions, union dues, transportation costs to and from work, special equipment costs and child care expenses; or
- C. Earned income of children below the age of 18 years who are full-time students and who are not working full time.

In determining need, the period of time used as a basis for the calculation is the 30-day period commencing on the date of the application. This prospective calculation does not disqualify an applicant who has exhausted income to purchase basic necessities if that income does not exceed the income standards established by the municipality. Notwithstanding this prospective calculation, if any applicant or recipient receives a lump sum payment prior or subsequent to applying for assistance, that payment must be prorated over future months. The period of proration is determined by disregarding any portion of the lump sum payment that the applicant or recipient has spent to purchase basic necessities, including but not limited to: all basic necessities provided by general assistance; reasonable payment of funeral or burial expenses for a family member; reasonable travel costs related to the illness or death of a family member; repair or replacement of essentials lost due to fire, flood or other natural disaster; repair or purchase of a motor vehicle essential for employment, education, training or other day-to-day living necessities; repayments of loans or credit, the proceeds of which can be verified as having been spent on basic necessities; and payment of bills earmarked for the purpose for which the lump sum is paid. All income received by the household between the receipt of the lump sum payment and the application for assistance is added to the remainder of the lump sum. The period of proration is then determined by dividing the remainder of the lump sum payment by the verified actual monthly amounts for all

of the household's basic necessities. That dividend represents the period of proration determined by the administrator to commence on the date of receipt of the lump sum payment. The prorated sum for each month must be considered available to the household for 12 months from the date of application or during the period of proration, whichever is less.

**Sec. 2. 36 MRSA §5219-II, first ¶**, as enacted by PL 2013, c. 368, Pt. L, §1, is amended to read:

For tax years beginning on or after January 1, 2014, a Maine resident individual is allowed a property tax fairness credit as computed under this section against the taxes imposed under this Part.

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Benefit base" means property taxes paid by a resident individual during the tax year on the resident individual's homestead in this State or rent constituting property taxes paid by the resident individual during the tax year on a homestead in the State not exceeding the following amounts:

- (1) For persons filing as single individuals, \$2,000;
- (2) For persons filing joint returns or as heads of households that claim no more than 2 personal exemptions, \$2,600;
- (3) For persons filing joint returns or as heads of households that claim 3 or more personal exemptions, \$3,200; and
- (4) For married individuals filing separate returns, 1/2 of the amount under subparagraph (2) or (3), whichever would apply if the individual had filed a joint return for the taxable year with the individual's spouse.

B. "Dwelling" means an individual house or apartment, duplex unit, cooperative unit, condominium unit, mobile home or mobile home pad.

C. "Homestead" means the dwelling owned or rented by a taxpayer or held in a revocable living trust for the benefit of the taxpayer and occupied by the taxpayer and the taxpayer's dependents as a

home and may consist of a part of a multidwelling or multipurpose building and a part of the land, up to 10 acres, upon which it is built. For purposes of this paragraph, "owned" includes a vendee in possession under a land contract, one or more joint tenants or tenants in common and possession under a legally binding agreement that allows the owner of the dwelling to transfer the property but continue to occupy the dwelling as a home until some future event stated in the agreement.

D. "Income" means federal adjusted gross income increased by the following amounts:

- (1) Trade or business losses; capital losses; any net loss resulting from combining the income or loss from rental real estate and royalties, the income or loss from partnerships and S corporations, the income or loss from estates and trusts, the income or loss from real estate mortgage investment conduits and the net farm rental income or loss; any loss associated with the sale of business property; and farm losses included in federal adjusted gross income;
- (2) Interest received to the extent not included in federal adjusted gross income;
- (3) Payments received under the federal Social Security Act and railroad retirement benefits to the extent not included in federal adjusted gross income; and
- (4) The following amounts deducted in arriving at federal adjusted gross income:
  - (a) Educator expenses pursuant to the Code, Section 62(a)(2)(D);
  - (b) Certain business expenses of performing artists pursuant to the Code, Section 62(a)(2)(B);
  - (c) Certain business expenses of government officials pursuant to the Code, Section 62(a)(2)(C);
  - (d) Certain business expenses of reservists pursuant to the Code, Section 62(a)(2)(E);
  - (e) Health savings account deductions pursuant to the Code, Section 62(a)(16) and Section 62(a)(19);
  - (f) Moving expenses pursuant to the Code, Section 62(a)(15);
  - (g) The deductible part of self-employment tax pursuant to the Code, Section 164(f);
  - (h) The deduction for self-employed SEP, SIMPLE and qualified plans pursuant to the Code, Section 62(a)(6);

- (i) The self-employed health insurance deduction pursuant to the Code, Section 162(1);
- (j) The penalty for early withdrawal of savings pursuant to the Code, Section 62(a)(9);
- (k) Alimony paid pursuant to the Code, Section 62(a)(10);

- (n) The tuition and fees deduction pursuant to the Code, Section 62(a)(18); and
- (o) The domestic production activities deduction pursuant to the Code, Section 199.

E. "Rent constituting property taxes" means 15% of the gross rent actually paid in cash or its equivalent during the tax year solely for the right of occupancy of a homestead in the State. For the purposes of this paragraph, "gross rent" means rent paid at arm's length solely for the right of occupancy of a homestead, exclusive of charges for any utilities, services, furniture, furnishings or personal property appliances furnished by the landlord as part of the rental agreement, whether or not expressly set out in the rental agreement. If the landlord and tenant have not dealt with each other at arm's length, and the assessor is satisfied that the gross rent charged was excessive, the assessor may adjust the gross rent to a reasonable amount for purposes of this section.

2. Credit. A resident individual is allowed a credit against the taxes imposed under this Part in an amount equal to 50% of the amount by which the benefit base for the resident individual exceeds 6% of the resident individual's income. The credit may not exceed \$600 for resident individuals under 65 years of age as of the last day of the taxable year or \$900 for resident individuals 65 years of age and older as of the last day of the taxable year. In the case of married individuals filing a joint return, only one spouse is required to be 65 years of age or older to qualify for the \$900 credit limitation. In the case of resident married individuals filing separate returns, each of whom claims the credit on the same homestead, the credit for each spouse may not exceed \$300 if, for the taxable year, neither spouse was a resident individual 65 years of age or older or \$450 if, for the taxable year, at least one spouse was 65 years of age or older.

3. Refundability of credit. The tax credit under this section is refundable after the application of non-refundable credits.

**Sec. 4. 36 MRSA §5403**, as amended by PL 2013, c. 368, Pt. Q, §11 and affected by §12 and amended by Pt. TT, §19, is repealed and the following enacted in its place:

**§5403. Annual adjustments for inflation**

Beginning in 2015, and each calendar year thereafter, on or about September 15th, the assessor shall multiply the cost-of-living adjustment for taxable years beginning in the succeeding calendar year by the dollar amounts of the tax rate tables specified in section 5111, subsections 1-D, 2-D and 3-D and of the benefit base amounts in section 5219-KK, subsection 1, paragraph A. Beginning in 2013, and each calendar year thereafter, on or about September 15th, the assessor shall multiply the cost-of-living adjustment for taxable years beginning in the succeeding calendar year by the dollar amount of the itemized deduction limitation amount in section 5125, subsection 4. If the benefit base amounts, itemized deduction limitation amount or the dollar amounts of each rate bracket, adjusted by application of the cost-of-living adjustment, are not multiples of \$50, any increase must be rounded to the next lowest multiple of \$50. If the cost-of-living adjustment for any taxable year would be less than the cost-of-living adjustment for the preceding calendar year, the cost-of-living adjustment is the same as for the preceding calendar year. The assessor shall incorporate such changes into the income tax forms, instructions and withholding tables for the taxable year.

Compensation for the Panel of  
Mediators**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 26 MRSA §965, sub-§2, ¶C,** as amended by PL 1997, c. 412, §2, is further amended to read:

C. The Panel of Mediators, consisting of not less than 5 nor more than 10 impartial members, must be appointed by the Governor from time to time upon the expiration of the terms of the several members, for terms of 3 years. The Maine Labor Relations Board shall supply to the Governor nominations for filling vacancies. Vacancies occurring during a term must be filled for the unexpired term. Members of the panel are entitled to a fee for services in the amount of ~~\$100~~ \$300 for up to 4 hours of mediation services provided and ~~\$100~~ \$300 for each consecutive period of up to 4 hours thereafter and also are entitled to traveling and all other necessary expenses. Notwithstanding the provisions of Title 5, section 12003-A, subsection 9, members of the panel who provide mediation services in more than one dispute in a given day are entitled to the compensation as provided in this paragraph in each such case. The necessary expenses incurred by the members must be allocated to the mediation session that required the costs. The costs for services rendered and expenses incurred by members of the panel and any state cost allocation program charges must be shared equally by the parties to the proceedings and must be paid into a special fund administered by the Maine Labor Relations Board. Authorization for services rendered and expenditures incurred by members of the panel is the responsibility of the Executive Director of the Maine Labor Relations Board. All costs must be paid from that special fund. The executive director may estimate costs upon receipt of a request for services and collect those costs prior to providing the services. The executive director shall bill or reimburse the parties, as appropriate, for any difference between

the estimated costs that were collected and the actual costs of providing the services. Once one party has paid its share of the estimated cost of providing the service, the mediator is assigned. A party who has not paid an invoice for the estimated or actual cost of providing services within 60 days of the date the invoice was issued is, in the absence of good cause shown, liable for the amount of the invoice together with a penalty in the amount of 25% of the amount of the invoice. Any penalty amount collected pursuant to this provision remains in the special fund administered by the Maine Labor Relations Board and that fund does not lapse. The executive director is authorized to collect any sums due and payable pursuant to this provision through civil action. In such an action, the court shall allow litigation costs, including court costs and reasonable attorney's fees, to be deposited in the General Fund if the executive director is the prevailing party in the action.

**Whereas,** there is currently a proceeding before the Public Utilities Commission for which a quorum is not available; and

**Whereas,** the proceeding cannot be decided without a quorum and a delay in the case could be detrimental to all parties; and

**Whereas,** in order to maintain a quorum at the commission, the appointment process and confirmation process proposed in this legislation must commence as soon as possible; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

Once the Governor is notified of the lack of a quorum for a particular proceeding, the Governor shall appoint 3 alternate commissioners, each of whom may serve as a temporary commissioner in that particular proceeding. All appointed alternate commissioners must be retired judges or justices who are subject to review by the joint standing committee of the Legislature having jurisdiction over public utilities matters and to confirmation by the Legislature. Following the receipt of this information, the Governor shall ap-

point alternate commissioners as temporary commissioners in the assigned order, until the number of temporary commissioners needed to reach a quorum is reached. If, for good cause, an alternate commissioner is unable to serve as a temporary commissioner, the Governor shall appoint the next assigned alternate as a temporary commissioner.

**2. Service for duration of proceeding.** Once appointed as a temporary commissioner to serve in a proceeding, the temporary commissioner shall serve for the length of time for which there is otherwise no quorum for the proceeding.

**3. Compensation.** In the event of a temporary appointment under this section, the commission shall provide administrative support to the temporary commissioner and compensate the temporary commissioner for the hours spent at the commission working on a proceeding at an hourly rate that is computed by dividing the annual salary of a commissioner, established in Title 2, section 6-A, subsection 2, by 2,080 hours.

**4. Authority.** A temporary commissioner appointed pursuant to this section is subject to all laws applicable to and has such authority with respect to the proceeding as a commissioner. An alternate commissioner who is not appointed as a temporary commissioner has no authority with respect to any proceedings of the commission.

### **SUBCHAPTER 2**

#### **GOVERNANCE**

#### **§1036. Trustees**

All of the affairs of a standard district must be managed by a board of trustees whose members must be residents of the standard district. The number of trustees must be specified in the standard district's charter and may not be less than 3. After selection of the first board, each trustee is nominated and elected or appointed as provided in the charter creating the standard district and in accordance with subsection 1 or 2, as applicable. If the charter does not indicate whether trustees are appointed or elected, after the selection of the first board the trustees must be elected in accordance with subsection 1.

**1. Nominations and elections; vacancies.** Nominations and elections of trustees must be conducted in accordance with the laws relating to municipal elections in Title 30-A, chapter 121, and all elections must be conducted by secret ballot in accordance with Title 30-A, section 2528.

When the term of office of a trustee expires, the trustee's successor is elected at large by a plurality vote of the voters of the standard district. For the purpose of election, a special election must be called and held on the date established by the trustees. The election must be called by the trustees of the standard district in the same manner as town meetings are called and, for this purpose, the trustees are vested with the powers of municipal officers. A vacancy is filled in the same

manner for the unexpired term by a special election called by the trustees of the standard district.

The trustees shall acquire a complete list of all the registered voters residing in the standard district. The trustees may acquire this list or portions of the list from the registrar of any town within the standard district. The town may charge a fee for providing the list. The list acquired by the trustees governs the eligibility of a voter. Voters who reside outside the territorial limits of the standard district, as defined in its charter, are not eligible voters. All warrants issued for elections by the trustees must show that only the voters residing within the territorial limits of the standard district are entitled to vote.

**2. Appointments.** If the charter creating a standard district specifies that the trustees are appointed, the appointments must be made as provided in the charter.

**3. Eligibility requirements.** When a trustee ceases to be a resident of a standard district, the trustee shall vacate the office of trustee and the vacancy is filled as provided in subsections 1 or 2, as applicable. All trustees are eligible for reelection or reappointment, but a person who is a municipal officer, as defined in Title 30-A, section 2001, subsection 10, of any town located, in whole or in part, within the standard district is not eligible for appointment, nomination or election as a trustee of that standard district.

**4. First board.** The first board is appointed or elected as provided in the charter creating the standard district. At the first meeting, the initial trustees shall determine by agreement or, failing to agree, shall determine by lot the term of office of each trustee. The terms of the trustees must be determined in accordance with the following table.

<u>Total number of trustees</u>	<u>1 year</u>	<u>2 years</u>	<u>3 years</u>

<u>15</u>	<u>5</u>	<u>5</u>	<u>5</u>

The trustees shall enter on their records the determination made. Vacancies are filled pursuant to subsection 1 or 2, as applicable.

At the first meeting, the trustees shall organize by electing from among their members a chair and a clerk, by adopting a corporate seal and by electing a treasurer who may or may not be a trustee.

**5. Organization; conduct of business.** Within one week after each annual appointment or election, the trustees of a standard district shall meet for the purpose of electing a chair, treasurer and clerk in accordance with subsection 4 to serve for the ensuing year and until their successors are elected or appointed and qualified. The trustees, from time to time, may choose and employ and fix the compensation of any other necessary officers and agents, who serve at the pleasure of the trustees. The treasurer shall furnish bond in the sum and with sureties approved by the trustees. The standard district shall pay the cost of the bond.

The trustees may adopt and establish bylaws consistent with the laws of this State and necessary for the convenience and the proper management of the affairs of the standard district and perform other acts within the powers delegated by law to the trustees.

The trustees must be sworn to the faithful performances of their duties including the duties of a member who serves as clerk or clerk pro tem. The trustees shall publish an annual report that includes a report of the treasurer.

Business of the standard district must be conducted in accordance with the applicable provisions of the Freedom of Access Act.

**6. Decisions of the board.** All decisions of the board of trustees must be made by a majority of those present and voting, except that a vote to approve the issuing of any bond, note or other evidence of indebtedness payable within a period of more than 12 months after the date of issuance must be approved by a majority of the entire board. A quorum of the board of trustees consists of the total number of authorized trustees divided by 2 and, if necessary to obtain a whole number, the resulting number rounded up to the next whole number.

Trustees are subject to the conflict of interest provisions of Title 30-A, section 2605.

**7. Trustees compensation; applicable to all sewer districts.** The trustees of a sewer district receive compensation as recommended by the trustees and approved by majority vote of the municipal officers in municipalities representing a majority of the population within the sewer district, including compensation for any duties they perform as officers as well as for their duties as trustees. Certification of the vote must be recorded with the Secretary of State and

recorded in the bylaws. Compensation for duties as trustees must be based on an amount specified in the bylaws for each meeting actually attended plus reimbursement for travel and expenses, with the total not to exceed a specific amount as specified in the bylaws. Compensation schedules in effect on January 1, 2013 continue in effect until changed.

This subsection is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this subsection is void, unless the sewer district's charter expressly references this subsection or former section 1252, subsection 5 and specifically provides that this subsection or former section 1252, subsection 5 does not apply.

**8. Trustees retirement; applicable to all sewer districts.** A person who has not been a trustee of a sewer district prior to January 1, 1987, or who is not a full-time employee, is not eligible to become member of the Maine Public Employees Retirement System as a result of the person's selection as a trustee.

This subsection is deemed to be incorporated into the private and special laws governing sewer district, and any part of a sewer district charter not in conformity with this subsection is void, unless the sewer district's charter expressly references this subsection or former section 1252, subsection 6 and specifically provides that this subsection or former section 1252, subsection 6 does not apply.

**9. Expenses.** The trustees of a standard district may obtain an office and incur necessary expenses.

**10. Recall.** A trustee may be recalled under the following provisions.

A. The eligible voters of a standard district may petition for the recall of any trustee after the first year of the term for which the trustee is elected by filing a petition with the municipal clerk, or the county commissioners in the case of unorganized territory, demanding the recall of the trustee. A trustee may be subject to recall for misfeasance, malfeasance or nonfeasance in office. The petition must be signed by eligible voters of that portion of the standard district that that trustee represents equal to at least 25% of the vote cast for the office of Governor at the last gubernatorial election within that portion of the standard district. The recall petition must state the reason for which removal is sought.

B. Within 3 days after the petition is offered for filing, the official with whom the petition is left shall determine by careful examination whether the petition is sufficient and so state in a certificate attached to the petition. If the petition is found to be insufficient, the certificate must state the particulars creating the insufficiency. The petition may be amended to correct any insufficiency

within 5 days following the affixing of the original certificate. Within 2 days after the offering of the amended petition for filing, the petition must again be carefully examined to determine sufficiency and a certificate stating the findings must be attached. Immediately upon finding an original or amended petition sufficient, the official shall file the petition and call a special election to be held not less than 40 days nor more than 45 days from the filing date. The official shall notify the trustee against whom the recall petition is filed of the special election.

C. The trustee against whom the recall petition is filed must be a candidate at the special election without nomination, unless the trustee resigns within 10 days after the original filing of the petition. There may not be a primary. Candidates for the office may be nominated under the usual procedure of nomination for a primary election by filing nomination papers, not later than 5 p.m., 4 weeks preceding the election and have their names placed on the ballot at the special election.

D. The trustee against whom a recall petition has been filed shall continue to perform the duties of the trustee's office until the result of the special election is officially declared. The person receiving the highest number of votes at the special election is declared elected for the remainder of the term. If the incumbent receives the highest number of votes, the incumbent continues in office. If another receives the highest number of votes, that person succeeds the incumbent, if that person qualifies, within 10 days after receiving notification.

E. After one recall petition and special election, no further recall petition may be filed against the same trustee during the term for which the trustee was elected.

**§1037. Coordination with municipal planning; applicable to all sewer districts**

The following provisions facilitate coordination of municipal planning and sewer extension planning.

**1. Growth management.** The trustees of a sewer district shall cooperate with municipal officials in the development of municipal growth management and other land use plans and ordinances.

**2. Development that affects the district.** Municipal officers shall cooperate with the trustees of a sewer district during the consideration of development applications that may affect the operations of the sewer district.

This section is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this section is void, unless the sewer dis-

tract's charter expressly references this section or former section 1252, subsection 9 and specifically provides that this section or former section 1252, subsection 9 does not apply.

**§1038. Reorganization as sanitary districts**

A sewer district existing on January 1, 2013 may, but is not required to, reorganize as a sanitary district under the Maine Sanitary District Enabling Act by referendum in accordance with section 1101, subsection 1-A. The referendum may be initiated by the voters or by a majority of the trustees.

**SUBCHAPTER 3**

**POWERS**

**§1039. Powers**

Except as otherwise provided by law, for the purposes of its incorporation, a standard district may locate, construct and maintain pipes, drains, sewers, conduits, treatment plants, pumping stations and other necessary structures and equipment for the collection, interception and treatment of sewerage, commercial and industrial waste and storm and surface water for the health, welfare, comfort and convenience of the inhabitants of the standard district.

All incidental powers, rights and privileges necessary to accomplish the objectives of this chapter are granted to a standard district.

**§1040. Right of eminent domain; applicable to all sewer districts**

The authority and procedures for the exercise of eminent domain by a sewer district must conform to sections 1152, 1152-A, 1153 and 1154. In addition, a sewer district may not take by right of eminent domain any of the property or facilities of any other public utility used or acquired for future use by the owner of the public utility in the performance of a public duty, unless expressly authorized by a special Act of the Legislature.

This section is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this section is void, unless the sewer district's charter expressly references this section or former section 1252, subsection 2 and specifically provides that this subsection or former section 1252, subsection 2 does not apply.

**§1041. Crossing other public utilities and railroad corporations**

If a standard district, in constructing, maintaining or replacing any of its facilities, must cross property of another public utility or railroad corporation, the standard district must obtain the consent of the other public utility or railroad corporation and undertake the work in accordance with conditions established by

agreement. If, within 30 days after requesting consent, the standard district fails to reach an agreement with the public utility or railroad corporation the standard district may petition as follows.

**1. Public utility.** In the case of crossing property of a public utility, the standard district may petition the Public Utilities Commission to determine the time, place and manner of crossing. All work done on the property of the public utility must be done under the supervision and to the satisfaction of the public utility or as prescribed by the Public Utilities Commission.

**2. Railroad corporation.** In the case of crossing the property of a railroad corporation, the standard district may petition the Department of Transportation to determine the time, place and manner of crossing. All work done on the property of the railroad corporation must be done under the supervision and to the satisfaction of the railroad corporation or as prescribed by the Department of Transportation.

All work under this section must be done at the expense of the standard district.

**§1042. Sewer extensions; applicable to all sewer districts**

Sewer extensions are governed by this section.

**1. Written assurance from municipality.** A sewer district may not construct any sewer extension unless it acquires from the municipal officers or the designee of the municipal officers of any municipality through which the sewer extension will pass written assurance that:

A. Any development, lot or unit intended to be served by the sewer extension is in conformity with any adopted municipal plans and ordinances regulating land use; and

B. The sewer extension is consistent with adopted municipal plans and ordinances regulating land use.

If the municipal officers fail to issue a response to a written request from a sewer district for written assurance within 45 calendar days of receiving the request in writing, the written assurance is deemed granted.

Not less than 7 days prior to the meeting at which the trustees will take final action on whether to proceed with the extension, the trustees of the sewer district shall publish notice of the proposed extension in a newspaper having a general circulation that includes all municipalities through which the sewer extension will pass.

**2. Review of municipal decision; applicable to all sewer districts.** For an intermunicipal sewer extension, when written assurance is denied by municipal officers pursuant to subsection 1, an aggrieved party may appeal, within 15 days of the decision, to the Department of Agriculture, Conservation and For-

estry for a review of the municipal officers' decision. Notwithstanding Title 5, chapter 375, subchapter 4, the following procedures apply to the review by the Department of Agriculture, Conservation and Forestry.

A. The Department of Agriculture, Conservation and Forestry may request any additional information from the sewer district, the municipality or the department. All information requested must be submitted within 30 days of the request, unless an extension is granted by the Department of Agriculture, Conservation and Forestry.

B. Within a reasonable time, the Department of Agriculture, Conservation and Forestry shall hold a hearing. The Department of Agriculture, Conservation and Forestry shall give at least 7 days' written notice of the hearing to the sewer district, the municipality and the party that requested the hearing. The hearing is informal and the Department of Agriculture, Conservation and Forestry may receive any information it considers necessary.

C. Within 15 days of the hearing and within 60 days of the request for review, the Department of Agriculture, Conservation and Forestry shall make a decision that must include findings of fact on whether the sewer extension proposal is inconsistent with adopted municipal plans and ordinances regulating land use. The decision of the Department of Agriculture, Conservation and Forestry constitutes final agency action.

D. Notwithstanding section 1, if the Department of Agriculture, Conservation and Forestry determines that the sewer extension proposal is not inconsistent with adopted municipal plans and ordinances regulating land use, the Department of Agriculture, Conservation and Forestry shall issue written assurance that the proposal is consistent with adopted municipal plans and ordinances regulating land use and the sewer district may construct the sewer extension.

This section is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this section is void, unless the sewer district's charter expressly references this section or former section 1252, subsection 7 and specifically provides that this subsection or former section 1252, subsection 7 does not apply.

#### **§1043. Conditions for carrying out work**

When a standard district enters, digs up or excavates any public way or other land to lay or maintain its sewers, drains or pipes, constructing manholes or catch basins or other appurtenances or for any other purpose, the work must be done expeditiously. On completion of the work the standard district shall restore the public way or land to its condition prior to

such work or to a condition equally good. If the work is being undertaken in a municipality and could potentially endanger travel on a public way, the municipal officers of the municipality in which the work is being done may order a temporary closing of the public way and of any intersecting way. Upon request of the standard district, the public way must remain closed to public travel until the municipal officers of the unit of local government determines the public way is restored to a condition safe for traffic. If the work is being undertaken in an unorganized territory and could potentially endanger travel on a public way, the commissioners of the county where the public way is located may order a temporary closing of the public way and of any intersecting way. Upon request of the standard district, the public way must remain closed to public travel until the county commissioners determine the public way is restored to a condition safe for traffic.

#### **§1044. Contracts**

A standard district, through its trustees, in order to carry out the purposes of its incorporation, may contract with a person, standard district, utility or corporation or with a municipality, the State or other governmental entity whether located inside or outside the boundaries of the standard district.

#### **§1045. Lease of property; applicable to all sewer districts**

A sewer district may enter into a lease and lease-back transaction with respect to some or all of its real or personal property, other than land, and may take all other necessary action, including, but not limited to, the granting of mortgages and liens, to effectuate the transaction. For purposes of this section, "lease" includes a lease of any length, including leases that may be defined as sales for income tax purposes.

This section is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this section is void, unless the sewer district's charter expressly references this section or former section 1252, subsection 10 and specifically provides that this subsection or former section 1252, subsection 10 does not apply.

#### **§1046. Enforcement**

Sewer districts have enforcement powers as specified in this section.

**1. Violation of standards by an industrial user; applicable to all sewer districts.** A sewer district may seek in a civil action injunctive relief from an industrial user that violates a pretreatment standard or requirement, administered by the sewer district. The sewer district may seek a civil penalty of up to \$1,000 per day for each violation by an industrial user of a pretreatment standard or requirement.

This subsection is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this subsection is void, unless the sewer district's charter expressly references this subsection or former section 1252, subsection 8 and specifically provides that this subsection or former section 1252, subsection 8 does not apply.

**2. Injury to property of standard districts.** A person may not place, discharge or leave any offensive or injurious matter or material on or in the conduits, catch basins or receptacles of a standard district formed under this chapter contrary to its regulations or knowingly injure any conduit, pipe, reservoir, flush tank, catch basin, manhole, outlet, engine, pump or other property held, owned or used by the standard district.

A person who violates this subsection is liable to pay twice the amount of the damages to the standard district to be recovered in any proper action and is subject to a civil penalty not to exceed \$2,500 for each violation, payable to the standard district. The civil penalty is recoverable in a civil action.

**3. Required connection.** Except as provided in subsection 4, upon receiving a request from a standard district to connect a building located in the territory of the standard district that is accessible to a sewer or drain of the standard district and that is intended for human habitation or occupancy or that has facilities for discharge or disposal of waste water or commercial or industrial waste, the owner of that building shall arrange to have the building connected through a sanitary sewer or drainage system to the standard district's accessible sewer or drain in the most direct manner possible. If feasible, each building requiring connection must have its own separate connection. The connection must be completed within 90 days of the receipt by the owner of the request, or within any extended period requested by the owner and agreed to by the trustees. For purposes of this subsection, "owner" includes the owners of record or any person against whom property taxes on the building are assessed.

A person who receives a notice in accordance with this subsection to connect to a building and fails to connect to the building in accordance with this subsection is subject to a civil penalty not to exceed \$2,500, payable to the standard district. This penalty is recoverable in a civil action.

**4. Connections not required; applicable to all sewer districts.** An existing building that is already served by a private sewer system is not required to connect with a sewer or drain of a sewer district as long as the private sewer or drainage system functions in a satisfactory and sanitary manner and does not violate applicable law or ordinance applicable to the connection with a sewer or drain or a sewer district or any applicable requirements of the state plumbing code, as

determined by the municipal plumbing inspector or the municipal plumbing inspector's alternate, or, in the event that both are trustees or employees of the sewer district, the Department of Health and Human Services, Division of Health Engineering.

This subsection is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this subsection is void, unless the sewer district's charter expressly references this subsection or former section 1252, subsection 3 and specifically provides that this subsection or former section 1252, subsection 3 does not apply.

**5. Permissive connection.** A person not otherwise required to connect a private sewer into a sewer of a standard district may connect to the standard district's sewer if that person obtains a permit from the standard district and pays any charges required by this subsection. The clerk of the standard district shall record the permit in the records of the standard district.

A. If construction of the standard district's sewer is complete at the proposed point of entry of the private sewer and the standard district has established an entrance charge for entry at that location, the person seeking to connect the private sewer at that location shall pay the entrance charge before the connection is undertaken.

B. If the standard district's sewer is under construction and not completed at the point of the proposed entry of the private sewer, the person seeking to connect the private sewer at that location is not required to pay an entrance charge.

#### **§1047. Inspection of sewers**

The officers or agents of a standard district have free access to all premises served by the standard district's sewers, at all reasonable hours, for inspection of plumbing and sewage fixtures, to ascertain the quality and quantity of sewage discharged and the manner of discharge, and to enforce this chapter and the rules prescribed by the trustees of the standard district.

### **SUBCHAPTER 4**

#### **RATES AND FEES**

#### **§1048. Rates and fees**

A person, firm and corporation, whether public, private or municipal, shall pay to the treasurer of a standard district the rates established by the trustees for the sewer or drainage service used or available with respect to their real estate as long as those rates are consistent with this section.

**1. Uniform rates.** Rates must be uniform within a standard district whenever the cost to the standard district of installation and maintenance of sewers or their appurtenances and the cost of service is substantially uniform, except that:

A. A standard district may establish a higher rate in sections where, for any reason, the cost to the standard district of construction and maintenance, or the cost of service, exceeds the average as long as the higher rates are uniform throughout the sections where the rates apply; and

B. Trustees may reduce the impact fee or connection fee, as those terms are defined in Title 30-A, section 5061, for sewer service to newly constructed affordable housing in accordance with Title 30-A, chapter 202-A.

This paragraph is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this paragraph is void, unless the sewer district's charter expressly references this paragraph or former section 1252, subsection 12 and specifically provides that this paragraph or former section 1252, subsection 12 does not apply.

**2. Multidistrict rates.** Notwithstanding any other provision of law, a standard district that shares, supplies or contracts for services with another district shall establish rates mutually agreeable to the trustees of each participating district.

**3. Readiness to serve.** A standard district's rates may include readiness to serve rates charged against owners of real estate abutting or accessible but not connected to sewers or drains of the standard district, whether or not the real estate is improved.

**4. Interest on late payments.** A standard district may charge and collect interest on delinquent accounts at a rate not to exceed the highest lawful rate set by the Treasurer of State for municipal taxes.

**5. Adoption of rate schedule.** Prior to the adoption of a new rate schedule, the trustees shall hold a public hearing regarding the proposed rate schedule. The trustees shall publish the proposed rates and notice of the hearing not less than once in a newspaper having a general circulation in the district not less than 7 days prior to the hearing. The standard district shall mail to each ratepayer a notice of the public hearing and the proposed rate at least 14 days prior to the hearing.

This subsection is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this subsection is void, unless the sewer district's charter expressly references this subsection or former section 1252, subsection 1 and specifically provides that this subsection or former section 1252, subsection 1 does not apply.

**6. Revenue from rates.** Rates established by the trustees in accordance with this chapter must be fixed

and adjusted so as to produce in aggregate revenue at least sufficient, together with any other revenues, to:

A. Pay the current expenses of operating and maintaining the sewerage, drainage and treatment system of the standard district;

B. Pay the principle of, premium, if any, and interest on all bonds and notes issued by the standard district under this chapter as they become due and payable;

C. Create and maintain reserves as may be required by any trust agreement or resolution securing bonds and notes;

D. Provide funds for paying the cost of all necessary repairs, replacements and renewals of the sewerage, drainage and treatment systems of the standard district; and

E. Pay or provide for all amounts that the standard district may be obligated to pay or provide for by law or contract, including any resolution or contract with or benefit of the holders of its bonds and notes.

**7. Rates in an unorganized territory.** If a standard district encompasses unorganized territory, rates applicable to real estate in that unorganized territory must be charged against the person or entity in possession of the real estate.

**8. Civil action for unpaid rates.** If rates under this section are not paid, and a standard district does not collect unpaid rates as a qualified sewer district under section 1050, then the standard district may maintain a civil action against the person who has not paid rates for the amount of the unpaid rates plus 10% interest.

**9. Disconnection of water service for nonpayment of sewer services.** If a standard district is part of a multidistrict utility that is a consumer-owned water utility, the utility may disconnect water service for failure to pay for sewer service in accordance with Title 35-A, section 6111-C.

#### **§1049. Waiver of sewer district lien foreclosure**

A sewer district, including but not limited to a qualified sewer district subject to section 1050, may use the following provisions to waive a lien foreclosure.

**1. Waiver.** The treasurer of a sewer district, including a qualified sewer district, when authorized by the trustees of the sewer district, may waive the foreclosure of a sewer district lien mortgage created pursuant to the sewer district's charter by recording in the registry of deeds a waiver of foreclosure before the period for the right of redemption from the lien mortgage has expired. The lien mortgage remains in full effect after the recording of a waiver. Other methods established by law for the collection of any unpaid rate

are not affected by the filing of a waiver under this section.

**2. Form.** The waiver of foreclosure under subsection 1 must be substantially in the following form.

The foreclosure of the sewer lien mortgage on real estate for charges against.....(NAME) to.....(NAME OF SEWER DISTRICT) dated.....and recorded in the.....County Registry of Deeds in Book....., Page..... is hereby waived.

The form must be dated, signed by the treasurer of the sewer district and notarized. A copy of the form must be provided to the party named on the lien mortgage and each record holder of a mortgage on the real estate.

**§1050. Qualified sewer districts; collection of unpaid rates**

The provisions of this section apply only to a qualified sewer district.

**1. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Eligible sewer district" means a sewer district whose charter does not establish, or authorize the district to establish, a lien on real estate served by the district.

B. "Qualified sewer district" means an eligible sewer district that has satisfied the requirements of subsection 4; or a standard district unless this section is expressly excluded from the standard district's charter.

C. "Real estate" means an identified parcel of land and its improvements, if any, including, but not limited to, a mobile home.

**2. Lien.** There is a lien on real estate served or benefited by the sewers of the qualified sewer district to secure the payment of the qualified sewer district's rates. The lien established under this section takes precedence over all other claims on such real estate, except claims for taxes.

**3. Collection.** The treasurer of the qualified sewer district may collect rates and all rates must be committed to the treasurer. The treasurer may, after demand for payment, sue in the name of the qualified sewer district in a civil action in any court of competent jurisdiction for any rates remaining unpaid. In addition to other methods established by law for the collection of rates and without waiver of the right to sue for the collection of rates, the lien created under subsection 2 may be enforced in the following manner.

A. When rates have been committed to the treasurer of the qualified sewer district for collection, the treasurer may, after the expiration of 3 months

and within one year after the date when the rates became due and payable, give to the owner of the real estate served, leave at the owner's last and usual place of abode or send by certified mail, return receipt requested, to the owner's last known address a notice in writing signed by the treasurer or bearing the treasurer's facsimile signature, stating the amount of the rates due, describing the real estate upon which the lien is claimed and stating that a lien is claimed on the real estate to secure the payment of the rates and demanding the payment of the rates within 30 days after service or mailing, with \$1 added to the demanded rate for the treasurer and an additional fee to cover mailing the notice by certified mail, return receipt requested. The notice must contain a statement that the qualified sewer district is willing to arrange installment payments of the outstanding debt.

B. After the expiration of 30 days and within one year after giving notice pursuant to paragraph A, the treasurer of the qualified sewer district shall record in the registry of deeds of the county in which the property of the person is located a certificate signed by the treasurer setting forth the amount of the rates due, describing the real estate on which the lien is claimed and stating that a lien is claimed on the real estate to secure payment of the rates and that a notice and demand for payment has been given or made in accordance with this section and stating further that the rates remain unpaid. At the time of the recording of the certificate in the registry of deeds, the treasurer shall file in the office of the qualified sewer district a true copy of the certificate and shall mail a true copy of the certificate by certified mail, return receipt requested, to each record holder of any mortgage on the real estate, addressed to the record holder at the record holder's last and usual place of abode.

C. The filing of the certificate in the registry of deeds creates a mortgage held by the qualified sewer district on the real estate described in the certificate that has priority over all other mortgages, liens, attachments and encumbrances of any nature, except liens, attachments and claims for taxes, and gives to the qualified sewer district all the rights usually possessed by mortgagees, except that the qualified sewer district as mortgagee does not have any right to possession of that real estate until the right of redemption has expired.

D. If the mortgage created under paragraph C, together with interest and costs, has not been paid within 18 months after the date of filing the certificate in the registry of deeds in accordance with paragraph B, the mortgage is foreclosed and the right of redemption expires. The filing of the cer-

tificate in the registry of deeds is sufficient notice of the existence of the mortgage. In the event that the rate, with interest and costs, is paid within the period of redemption, the treasurer of the qualified sewer district shall discharge the mortgage in the same manner as provided for discharge of real estate mortgages.

E. The owner of the real estate shall pay the sum of the fees for receiving, recording and indexing the lien, or its discharge, as established by Title 33, section 751, plus \$13, plus all certified mail, return receipt requested, fees.

F. Not more than 45 days or less than 30 days before the foreclosing date of the mortgage created under paragraph C, the treasurer of the qualified sewer district shall notify the party named on the mortgage and each record holder of a mortgage on the real estate in a writing signed by the treasurer or bearing the treasurer's facsimile signature and left at the holder's last and usual place of abode or sent by certified mail, return receipt requested, to the holder's last known address of the impending automatic foreclosure and indicating the exact date of foreclosure. For sending this notice, the qualified sewer district is entitled to receive \$3 plus all certified mail, return receipt requested, fees, which must be added to and become a part of the amount due under paragraph E. If notice is not given in the time period specified in this paragraph, the person not receiving timely notice has up to 30 days after the treasurer provides notice as specified in this paragraph in which to redeem the mortgage. The notice of impending automatic foreclosure must be substantially in the following form:

**STATE OF MAINE**  
**..... SEWER DISTRICT**  
**NOTICE OF IMPENDING**  
**AUTOMATIC FORECLOSURE**  
**SEWER LIEN**  
**M.R.S.A., Title 38, section 1050**

**District Treasurer**

G. The qualified sewer district shall pay the treasurer \$1 for the notice, \$1 for filing the lien certificate and the amount paid for certified mail, return receipt requested, fees. The fees for recording the lien certificate must be paid by the qualified sewer district to the register of deeds.

H. A discharge of the certificate given after the right of redemption has expired, which discharge has been recorded in the registry of deeds for more than one year, terminates all title of the qualified sewer district derived from that certificate or any other recorded certificate for which the right of redemption expired 10 years or more prior to the foreclosure date of this discharge lien, unless the qualified sewer district has conveyed any interest based upon the title acquired from any of the affected liens.

**4. Adoption; referendum.** An eligible sewer district may become a qualified sewer district in accordance with this subsection. The trustees of the eligible sewer district shall submit a proposal to become a qualified sewer district for approval in a districtwide referendum. The referendum must be called, advertised and conducted according to the law relating to municipal elections in Title 30-A, chapter 121, except the registrar of voters is not required to prepare or the clerk to post a new list of voters. The referendum may be held outside the territory of the eligible sewer district if the usual voting place for persons located within the district is located outside the territory of the district. For the purpose of registering voters, the registrar of voters must be in session on the regular work day preceding the election. The question presented must conform to the following form:

"Do you favor authorizing the (insert name of eligible sewer district) to become a qualified sewer district, allowing the district to exercise the lien authority established in the Maine Revised Statutes, Title 38, section 1050 with respect to unpaid rates?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion on the question.

The results must be declared by the trustees and entered upon the eligible sewer district's records. Due certificate of the results must be filed by the clerk with the Secretary of State.

The eligible sewer district becomes a qualified sewer district under this section only upon acceptance of the question by a majority of the legal voters within the eligible sewer district voting at the referendum. Failure of approval by the majority of voters voting at the

referendum does not prevent subsequent referenda from being held for the same purpose. The costs of referenda are borne by the eligible sewer district.

**§1051. Landlord access to tenant bill payment information; applicable to all sewer districts**

If a tenant is billed for sewer service provided to property rented by the tenant and nonpayment for the service may result in a lien against the property, the sewer district shall provide to the landlord or the landlord's agent, on request of the landlord or the landlord's agent, the current status of the tenant's account, including any amounts due or overdue.

This section is deemed to be incorporated into the private and special laws governing a sewer district, and any part of a sewer district charter not in conformity with this section is void, unless the sewer district's charter expressly references this section or former section 1252, subsection 11 and specifically provides that this subsection or former section 1252, subsection 11 does not apply.

**SUBCHAPTER 5**

**BONDS, INVESTMENT AND DEBT LIMIT**

**§1052. Authorized to receive government aid, borrow money and issue bonds and notes**

A standard district is authorized to receive government aid, borrow money and issue bonds and notes in accordance with this section.

1. Authorization of bonds. A standard district may provide by resolution of its board of trustees, without district vote, for the borrowing of money and the issuance from time to time of bonds for any of its corporate purposes, including, but not limited to:

- A. Paying and refunding its indebtedness;
- B. Paying any necessary expenses and liabilities incurred under this chapter, including organizational and other necessary expenses and liabilities, whether incurred by the standard district or any municipality within the standard district or any person residing in unorganized territory encompassed by the standard district. The standard district may reimburse any municipality within the standard district or any person residing in unorganized territory encompassed by the standard district for any expenses incurred or paid by the municipality or person;
- C. Paying costs directly or indirectly associated with acquiring properties, paying damages, laying sewers, drains and conduits, constructing, maintaining and operating sewage and treatment plants or systems and making renewals, additions, extensions and improvements to the same and to cover interest payments during the period of construction and for any period after construction as the trustees may determine;

D. Providing reserves for debt service, repairs and replacements or other capital or current expenses as may be required by a trust agreement or resolution securing bonds; and

E. Any combination of these purposes.

Bonds may be issued under this section as general obligations of the standard district or as special obligations payable solely from particular funds. The principal of, premium, if any, and interest on all bonds are payable solely from the funds provided for that purpose from revenues. For purposes of this section, "revenues" means and includes the proceeds of bonds, all revenues, rates, fees, entrance charges, assessments, rents and other receipts derived by the standard district from the operation of its sewer system and other properties, including, but not limited to, investment earnings and the proceeds of insurance, condemnation, sale or other disposition of properties. All bonds issued by a standard district under this section are legal obligations of the standard district, and a standard district whose charter includes this section is declared to be a quasi-municipal corporation within the meaning of Title 30-A, section 5701. Bonds may be issued under this section without obtaining the consent of any commission, board, bureau or agency of the State or of any municipality encompassed by the district and without any other proceedings or the happening of other conditions other than those proceedings or conditions that are specifically required by the standard district's charter or other applicable law. Bonds issued under this section do not constitute a debt or liability of the State or of any municipality encompassed by the standard district or a pledge of the faith and credit of the State or any such municipality, but the bonds are payable solely from the funds provided for that purpose, and a statement to that effect must be recited on the face of the bonds.

2. Notes. A standard district may provide by resolution of its trustees, without district vote, for the issuance from time to time of notes in anticipation of bonds authorized under this section and of notes in anticipation of the revenues to be collected or received in any year or in anticipation of the receipt of federal or state grants or other aid. The issue of these notes is governed by the applicable provisions of this chapter relating to the issue of bonds, except that notes in anticipation of revenue must mature no later than one year from their respective dates and notes issued in anticipation of federal or state grants or other aid and renewals of grants or aids must mature no later than the expected date of receipt of those grants or aid. Notes in anticipation of revenue issued to mature less than one year from their dates may be renewed from time to time by the issue of other notes, except that the period from the date of an original note to the maturity of any note issued to renew or pay the original note or the interest on a note may not exceed one year.

A standard district is authorized and empowered to enter into agreements with the State or the United States, or any agency of either, or any municipality, corporation, commission or board authorized to grant or loan money to or otherwise assist in the financing of projects of the type that that district is authorized to carry out and to accept grants and borrow money from any government, agency, municipality, corporation, commission or board as may be necessary or desirable to accomplish the purposes of the standard district.

**3. Maturity; interest; form; temporary bonds.**

The bonds issued under this section must be dated, must mature at such time or times not exceeding 40 years from their date or dates and must bear interest at such rate or rates as may be determined by the trustees, and may be made redeemable before maturity, at the option of the standard district, at the price or prices and under the terms and conditions as fixed by the trustees prior to the issuance of the bonds. The trustees shall determine the form of the bonds, including any interest coupons to be attached to the bonds, and the manner of execution of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company inside or outside the State. Bonds must be executed in the name of the standard district by the manual or facsimile signature of the officer or officers as authorized in the resolution to execute the bonds, but at least one signature on each bond must be a manual signature. Coupons, if any, attached to the bonds must be executed with the facsimile signature of the officer or officers of the standard district designated in the resolution. In case any officer, whose signature or a facsimile of whose signature appears on any bonds or coupons, ceases to be such officer before the delivery of the bonds, the signature or its facsimile is valid and sufficient for all purposes as if the officer had remained in office until the delivery.

Notwithstanding any of the other provisions of this chapter or any recitals in any bonds issued under this section, all bonds issued under this section are negotiable instruments under the laws of this State. The bonds may be issued in coupon or registered form, or both, as the trustees may determine, and provision may be made for the registration of any coupon bonds as to principal alone and as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The trustees may sell bonds, either at public or private sale and for the price as they determine to be for the best interests of the standard district. The proceeds of the bonds of each issue must be used solely for the purpose for which those bonds have been authorized and must be disbursed in the manner and under the restrictions, if any, that the trustees provide, in the resolution authorizing the issuance of the bonds or in the trust agreement securing the bonds. The resolution provid-

ing for the issuance of bonds and any trust agreement securing the bonds may contain limitations upon the issuance of additional bonds as the trustees determine proper, and these additional bonds must be issued under such restrictions and limitations prescribed by that resolution or trust agreement. Prior to the preparation of definitive bonds, the trustees may, under the same restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when those bonds are executed and are available for delivery. The trustees may provide for the replacement of any bond that is mutilated, destroyed or lost.

**4. Pledges and covenants; trust agreement.** In the discretion of the trustees of a standard district, each or any issue of bonds may be secured by a trust agreement by and between the standard district and a corporate trustee, which may be any trust company located within or outside the State.

A. The resolution authorizing the issuance of the bonds or the trust agreement may pledge or assign, in whole or in part, the revenues and other money held or to be received by the standard district and any accounts and contract or other rights to receive the revenues of the money, whether then existing or coming into existence and whether then held or acquired by the standard district, and the proceeds of the revenues or the money, but may not convey or mortgage the sewer system or any other properties of the standard district. The resolution may also contain provisions for protecting and enforcing the rights and remedies of the bondholders that are reasonable and proper and not in violation of law, including, but not limited to, covenants setting forth the duties of the standard district and the trustees in relation to the acquisition, construction, reconstruction, improvement, repair, maintenance, operation and insurance of its sewer system or any of its other properties, the fixing and revising of rates, fees and charges, the application of the proceeds of bonds, the custody, safeguarding and application of revenues, defining defaults and providing for remedies in the event of defaults that may include the acceleration of maturities, the establishment of reserves and the making and amending of contracts. The resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds or debentures of corporations. In addition, the resolution or trust agreement may contain such other provisions as the trustees determine reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the resolution or trust agreement may be treated as a part of the cost of

operation. The pledge by any resolution or trust agreement is valid and binding and is deemed continuously perfected for the purposes of the Uniform Commercial Code from the time when the pledge is made. All revenues, money, rights and proceeds so pledged and received by the standard district are immediately subject to the lien of the pledge without any physical delivery or segregation of the revenues and proceeds or further action under the Uniform Commercial Code or otherwise, and the lien of the pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the standard district irrespective of whether those parties have notice of the lien.

B. The resolution authorizing the issuance of bonds under this section or any trust agreement securing those bonds may provide that all or a sufficient amount of revenues, after providing for the payment of the cost of repair, maintenance and operation and reserves as may be provided in the resolution or trust agreement, must be set aside at regular intervals as provided in the resolution or trust agreement and deposited in a fund for the payment of the interest on and the principal of bonds issued under this section as the interest and principle become due and for the redemption price or purchase price of bonds retired by call or purchase. The use and disposition of money of the fund are subject to any regulations provided in the resolution authorizing the issuance of the bonds or in the trust agreement securing the bonds and, except as may otherwise be provided in the resolution or trust agreement, the fund must be a fund for the benefit of all bonds without distinction or priority of one over another.

**5. Trust funds.** Notwithstanding any other law, all funds received pursuant to the authority of a standard district's charter are trust funds, to be held and applied solely as provided in the charter of the standard district. The resolution authorizing the issuance of bonds or the trust agreement securing the bonds must provide that any officer to whom, or bank, trust company or other fiscal agent to which, the funds are paid must act as trustee of the funds and must hold and apply the funds for the purposes of the standard district in accordance with its charter, subject to any regulations as may be provided in the resolution or trust agreement or as may be required by the charter of the standard district.

**6. Remedies.** A holder of bonds issued under this section or of any of the coupons appertaining to the bonds, and the trustee under a trust agreement, except to the extent the rights given may be restricted by the resolution authorizing the issuance of those bonds or trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, including proceedings for the appointment of a re-

ceiver to take possession and control of the properties of the standard district, protect and enforce all rights under the laws of the State, including this section, or under the resolution or trust agreement. A holder of bonds issued under this section or of any of the coupons appertaining to the bonds and the trustee under a trust agreement may enforce and compel the performance of all duties required by the standard district charter or by the resolution or trust agreement to be performed by the standard district or by any officer of the standard district, including the fixing, charging and collecting of rates, fees and charges for the use of or for the services and facilities furnished by the standard district.

**7. Refunding bonds.** A standard district by resolution of its board of trustees, without district vote, may issue refunding bonds for the purpose of paying any of its bonds at maturity or upon acceleration or redemption. The refunding bonds may be issued at a time prior to the maturity or redemption of the refunded bonds that the board of trustees determines to be in the public interest. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium, any interest accrued or to accrue to the date of payment of the bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded and any reserves for debt service or other capital or current expenses from the proceeds of the refunding bonds that may be required by a trust agreement or resolution securing bonds. The issue of refunding bonds, the maturities and other details of those bonds, the security for those bonds, the rights of the holders and the rights, duties and obligations of the standard district in respect to those bonds are governed by the applicable provisions of the standard district charter relating to the issue of bonds other than refunding bonds.

**8. Tax exemption.** All bonds, notes or other evidences of indebtedness issued under the standard district's charter and the transfer of and the income from those bonds, notes or other evidences of indebtedness, including any profit made on the sale, are exempt from taxation in the State.

**9. Bonds declared legal investments.** Bonds and notes issued by a standard district under this section are securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies and associations and other persons carrying on an insurance business, trust companies, banks, bankers, banking associations, savings banks and savings associations, including savings and loan associations, credit unions, building and loan associations, investment companies, executors, administrators, trustees and other fiduciaries, pension, profit-sharing, retirement funds and other persons carrying on a banking business, and all other persons authorized to invest in bonds or other obligations of the State

may properly and legally invest funds, including capital in their control or belonging to them. The bonds and notes are securities that may properly and legally be deposited with and received by any state, municipal or public officer, or any agency or political subdivision of the State, for any purpose for which the deposit of bonds or other obligations of the State is authorized by law.

**§1053. Debt limit; approval by voters of a standard district**

**1. Debt limit proposed.** Prior to issuing on behalf of a standard district any bond, note or other evidence of indebtedness payable within a period of more than 12 months after the date of issuance, the trustees shall propose a debt limit for the standard district that the trustees must submit for approval in a districtwide referendum. The referendum must be called, advertised and conducted according to the law relating to municipal elections in Title 30-A, chapter 121, except the standard district's registrar of voters is not required to prepare or the clerk to post a new list of voters. The referendum may be held outside the territory of the standard district if the usual voting place for persons located in the standard district is located outside the territory of the standard district. For the purpose of registering voters, the registrar of voters must be in session on the regular workday preceding the election. The question presented must be in substantially the following form:

"Do you favor establishing the debt limit of the (insert name of standard district) at (insert amount)?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion on the question.

**2. Results declared.** The results of the referendum held under subsection 1 must be declared by the trustees and entered upon the standard district's records. Due certificate of the results must be filed by the clerk with the Secretary of State.

**3. Effective date.** A debt limit proposal becomes effective upon its acceptance by a majority of the legal voters within the standard district voting at the referendum. Failure of approval by the majority of voters voting at the referendum does not prevent subsequent referenda from being held for the same purpose. The costs of referenda are borne by the standard district.

**4. Total debt.** Trustees may not issue any bond, note or other evidence of indebtedness payable within a period of more than 12 months after the date of issuance unless the total amount of the debt issued by the trustees is no more than the amount approved by referendum under this section.

**§1054. Authority to increase debt limits; sewer districts**

**1. Debt limit.** Notwithstanding any provision of a sewer district's charter to the contrary, a sewer district may increase its debt limit by referendum in accordance with this section. A sewer district is not required to use the procedure provided by this section and may seek to increase its debt limit by any other lawful means, including pursuant to any other means described in the sewer district's charter or by seeking legislative amendment to its charter.

**2. Referendum.** If a sewer district chooses to increase its debt limit pursuant to this section, the governing body of the sewer district shall propose a new debt limit and submit the proposal for approval at a districtwide referendum. The referendum must be called, advertised and conducted according to the law relating to municipal elections in Title 30-A, chapter 121, except the registrar of voters is not required to prepare or the clerk to post a new list of voters. The referendum may be held outside the territory of the sewer district if the usual voting place for persons located within the sewer district is located outside the territory of the sewer district. For the purpose of registering voters, the registrar of voters must be in session on the regular work day preceding the election. The question presented must conform to the following:

"Do you favor changing the debt limit of the (insert name of sewer district) from (insert current debt limit) to (insert proposed debt limit)?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion on the question.

The results must be declared by the governing body of the sewer district and entered upon the sewer district's records. Due certificate of results must be filed by the clerk with the Secretary of State.

**3. Approval.** A debt limit proposal becomes effective upon its acceptance by a majority of the legal voters within the sewer district voting at the referendum. Failure of approval by the majority of legal voters voting at the referendum does not prevent subsequent referenda from being held for the same purpose. The cost of referenda are borne by the sewer district.

**§1055. Mutual funds; sewer districts**

A sewer district may invest its funds, including sinking funds, reserve funds and trust funds, to the extent that the term of any instrument creating the funds does not prohibit the investment, in shares of an investment company registered under the federal Investment Company Act of 1940, whose shares are registered under the United States Securities Act of 1933, only if the investments of the investment company are limited to obligations of the United States or any agency or instrumentality, corporate or otherwise.

of the United States or repurchase agreements secured by obligations of the United States or any agency or instrumentality, corporate or otherwise, of the United States. This section is in addition to, and not in limitation of, any power of a sewer district to invest its funds.

**6. Transfer students.** The following provisions apply to transfers of students from one school administrative unit to another.

A. Two superintendents may approve the transfer of a student from one school administrative unit to another if:

- (1) They find that a transfer is in the student's best interest; and
- (2) The student's parent approves.

The superintendents shall notify the commissioner of any transfer approved under this paragraph. If either of the superintendents decides not to approve the transfer, that superintendent shall provide to the parent of the student requesting transfer under this paragraph a written description of the basis of that superintendent's determination.

B. On the request of the parent of a student requesting transfer under paragraph A, the commissioner shall review the transfer. The commissioner shall review the superintendents' determinations and communicate with the superintendents and with the parent of the student prior to making a decision. The commissioner may approve or disapprove the transfer and shall provide to the parent of the student and to the superintendents a written decision describing the basis of the commissioner's determination.

C. The superintendents shall annually review any transfer under this subsection.

D. For purposes of the state school subsidy, a student transferred under this subsection is considered a resident of the school administrative unit to which transferred. If the parent or legal guardian does not reside in the State or can not be located, the subsidy is the state average subsidy.

E. A school administrative unit may not charge tuition for a transfer approved under this subsection.

**S.P. 644 - L.D. 1652**

**An Act To Support Solar Energy Development in Maine**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 35-A MRSA c. 34-B** is enacted to read:

**CHAPTER 34-B**

**THE MAINE SOLAR ENERGY ACT**

**§3471. Short title**

This chapter may be known and cited as "the Maine Solar Energy Act."

**§3472. Legislative findings**

**1. Public interest.** The Legislature finds that it is in the public interest to develop renewable energy resources, including solar energy, in a manner that protects and improves the health and well-being of the citizens and natural environment of the State while also providing economic benefits to communities, ratepayers and the overall economy of the State.

**2. Contribution of solar energy development.** The Legislature finds that the solar energy resources of the State constitute a valuable indigenous and renewable energy resource and that solar energy development, which is unique in its benefits to and impacts on the climate and the natural environment, can make a contribution to the general welfare of the citizens of the State for the following reasons:

A. Solar energy is an energy resource that does not rely on fossil fuel combustion and therefore it can displace energy provided by that source and reduce air pollution and greenhouse gas emissions; and

B. There is an inexhaustible supply of solar energy throughout the State that should be used cost-effectively for heat and electricity using current technology.

**§3473. Specific measures to support solar energy**

**1. Monitoring.** The commission shall monitor, to the extent possible through readily available information, the level of solar energy development in the State in relation to the goals in section 3474, basic trends in solar energy markets and the likely relative costs and benefits for ratepayers from solar energy development, including but not limited to minimizing peak load on transmission and distribution systems and the energy market price of electricity and natural gas during the peak hours.

**2. Economic development.** Within existing programs and resources, the State, including the Small Enterprise Growth Program, as established in Title 10, chapter 13; the Maine Technology Institute, as established in Title 5, section 12004-G, subsection 33-D; the Maine Rural Development Authority, as established in Title 5, section 12004-F, subsection 18; the Finance Authority of Maine, as established in Title 10, chapter 110; and the Department of Economic and Community Development, shall seek opportunities to promote investment in solar energy development, generation and manufacturing.

**§3474. Determination of public policy; state solar energy generation goals**

**1. Encouragement of solar energy-related development.** It is the policy of the State in furtherance of the goals established in subsection 2 to encourage the attraction of appropriately sited development related to solar energy generation, including any additional transmission, distribution and other energy infrastructure needed to transport additional solar energy to market, consistent with all state environmental standards; the permitting and financing of solar energy projects; appropriate utility rate structures; and the siting, permitting, financing and construction of solar energy research and manufacturing facilities for the benefit of all ratepayers.

**2. State solar energy generation goals.** When encouraging the development of solar energy generation, the State shall pursue cost-effective developments, policies and programs that advance the following goals:

A. Ensuring that solar electricity generation, along with electricity generation from other renewable energy technologies, meaningfully contributes to the generation capacity of the State through increasing private investment in solar capacity in the State;

B. Ensuring that the production of thermal energy from solar technologies meaningfully contributes to reducing the State's dependence on imported energy sources;

C. Ensuring that the production of electricity from solar energy meaningfully contributes to

mitigating more costly transmission and distribution investments otherwise needed for system reliability;

D. Ensuring that solar energy provides energy that benefits all ratepayers regardless of income level;

E. Increasing the number of businesses and residences using solar technology as an energy resource; and

F. Increasing the State's workforce engaged in the manufacturing and installation of solar technology.

**Sec. 2. Determination of the value of distributed solar energy generation.**

**1. Value of distributed solar energy generation.** The Public Utilities Commission shall determine the value of distributed solar energy generation in the State. The commission shall develop a method for valuing distributed solar energy generation. The method developed by the commission must, at a minimum, account for the value of the energy; market price effects for energy production; the value of its delivery, generation capacity, transmission capacity and transmission and distribution line losses; and the societal value of the reduced environmental impacts of the energy. The commission may, based on known and measurable evidence of the cost or benefit of solar operation to utility ratepayers, incorporate other values into the method, including credit for systems installed at high-value locations on the electric grid, or other factors. The report required by subsection 4 must clearly identify the value of each of the individual components described in this subsection that comprise the value of solar energy generation as determined by the commission. For purposes of the report, the commission may rely on readily available data.

**2. Method.** In developing a method for valuing distributed solar energy generation pursuant to this section, the Public Utilities Commission shall consider published guidance from the Interstate Renewable Energy Council and any other published materials regarding methods for consistently evaluating the value of distributed solar energy generation. Prior to conducting its analysis of the value of solar energy generation, the commission shall make public its proposed methodology and underlying assumptions and the rationale for proposing them and provide for an opportunity for public comment on them.

**3. Solar implementation options.** The report required by subsection 4 must include a summary of options for increasing investment in or deployment of distributed solar energy generation that are used in other states or utility jurisdictions. The summary may include policy options or business models along with any existing information regarding costs, benefits and results of those approaches. The commission may pro-

vide an analysis of which options, approaches or models may be appropriate for this State considering this State's utility market structures.

**4. Report.** By February 15, 2015, the Public Utilities Commission shall submit to the joint standing committee of the Legislature having jurisdiction over energy matters a report on the determination of the value of distributed solar energy generation in the State. The commission is not required to follow an adjudicatory proceeding pursuant to the Maine Revised Statutes, Title 5, chapter 375, subchapter 4 in developing its methodology or preparing the report.

**CHAPTER 594**

**S.P. 704 - L.D. 1776**

**An Act To Implement the Recommendations of the Commission To Study Long-term Care Facilities**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the people of the State of Maine need and deserve a variety of well-planned and financially stable long-term care services in home-based and community-based care settings and in nursing facilities in their communities; and

**Whereas,** in order to provide high-quality care to Maine's elderly and disabled persons in a dignified and professional manner that is sustainable into the future through a spectrum of long-term care services, prompt action is needed to correct chronic underfunding and to complete a thoughtful and thorough planning process; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA §1708, sub-§3,** as corrected by RR 2001, c. 2, Pt. A, §33 and amended by PL 2003, c. 689, Pt. B, §6, is further amended to read:

**3. Compensation for nursing homes.** A nursing home, as defined under section 1812-A, or any portion of a hospital or institution operated as a nursing home, when the State is liable for payment for care, must be reimbursed at a rate established by the Department of Health and Human Services pursuant to this subsection. The department may not establish a so-called "flat rate." This subsection applies to all funds, including federal funds, paid by any agency of the State to a

nursing home for patient care. The department shall establish rules concerning reimbursement that:

A. Take into account the costs of providing care and services in conformity with applicable state and federal laws, rules, regulations and quality and safety standards;

B. Are reasonable and adequate to meet the costs incurred by efficiently and economically operated facilities;

C. Are consistent with federal requirements relative to limits on reimbursement under the federal Social Security Act, Title XIX;

D. Ensure that any calculation of an occupancy percentage or other basis for adjusting the rate of reimbursement for nursing facility services to reduce the amount paid in response to a decrease in the number of residents in the facility or the percentage of the facility's occupied beds excludes all beds that the facility has removed from service for all or part of the relevant fiscal period in accordance with section 333. If the excluded beds are converted to residential care beds or another program for which the department provides reimbursement, nothing in this paragraph precludes the department from including those beds for purposes of any occupancy standard applicable to the residential care or other program pursuant to duly adopted rules of the department; ~~and~~

E. Contain an annual inflation adjustment that:

(1) Recognizes regional variations in labor costs and the rates of increase in labor costs determined pursuant to the principles of reimbursement and establishes at least 4 regions for purposes of annual inflation adjustments; and

(2) Uses the applicable regional inflation factor as established by a national economic research organization selected by the department to adjust costs other than labor costs or fixed costs; and

~~Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.~~

F. Establish a nursing facility's base year every 2 years and increase the rate of reimbursement beginning July 1, 2014 and every year thereafter.

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. 2. 22 MRSA §1714-A, sub-§9** is enacted to read:

**9. Cost-of-care overpayments.** On or before June 30, 2015, the department shall collect the total

amount of debt arising from cost-of-care overpayments that exceeds by \$4,000,000 the amount of that debt that had been budgeted for fiscal year 2014-15 as of April 15, 2014. To the extent necessary to meet this requirement, the department may establish payment terms, modify as otherwise permitted by law existing payment agreements to accelerate payment terms and offset current payments in accordance with subsection 5. If 7 days' notice and opportunity to comment are provided, the department may adopt rules on an emergency basis to modify its implementation of subsection 5 on an emergency basis for purposes of collecting cost-of-care overpayments without making the emergency findings otherwise required by Title 5, section 8054, subsection 2.

**Sec. 3. Amendment of Principles of Reimbursement for Nursing Facilities.** The Department of Health and Human Services shall amend Rule Chapter 101, MaineCare Benefits Manual, Chapter III, Section 67, Principles of Reimbursement for Nursing Facilities as follows.

1. The rule must be amended in order to establish a nursing facility's base year every 2 years and to increase the rate of reimbursement beginning July 1, 2014 and every year thereafter as follows:

A. In the direct care cost component in Section 80.3 and all other applicable divisions of Section 80.3 in which case mix data, regional wage indices or data required for rebasing calculations are referenced by date, the rule must be amended to establish a nursing facility's base year by reference to the facility's 2011 audited cost report or, if the 2011 audited cost report is not available, by reference to the facility's 2011 as-filed cost report; to refer to other required rebasing data no older than 2011 data; and to update a nursing facility's base year every 2 years thereafter; and

B. In the routine cost component in Section 80.4 and all other applicable divisions of Section 80.4 in which case mix data, regional wage indices or data required for rebasing calculations are referenced by date, the rule must be amended to establish a nursing facility's base year by reference to the facility's 2011 audited cost report or, if the 2011 audited cost report is not available, by reference to the facility's 2011 as-filed cost report; to refer to other required rebasing data no older than 2011 data; and to update a nursing facility's base year every 2 years thereafter.

2. The rule must be amended to increase the peer group upper limit on the base year case mix and regionally adjusted cost per day for a nursing facility beginning July 1, 2014 as follows:

A. In the direct care cost component in Section 80.3.3(4)(b), the peer group upper limit must be increased to 110% of the median; and

B. In the routine cost component in Section 80.5.4, the peer group upper limit must be increased to 110% of the median.

3. The rule must be amended in the routine cost component in Section 43.4.2(A) to eliminate the nursing facility administrative and management cost ceiling, thereby allowing all allowable administrative and management costs to be included in allowable routine costs for the purposes of rebasing, rate setting and future cost settlements beginning July 1, 2014.

4. The rule must be amended in Sections 91 and 91.1 to provide for ongoing, annual rate changes beginning July 1, 2014 to adjust for inflation and to set the inflation adjustment cost-of-living percentage change in nursing facility reimbursement each year in accordance with the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index.

5. The rule must be amended to provide, beginning July 1, 2014, a supplemental payment, subject to cost settlement, to a nursing facility whose MaineCare residents constitute more than 70% of the nursing facility's total number of residents. The supplemental payment must provide an additional reimbursement of 40¢ per resident per day for each 1% this percentage of MaineCare residents is above 70%, except that the total supplemental payment must be calculated to avoid to the extent possible paying an amount in excess of allowable costs that would be an overpayment upon settlement of the facility's cost report.

6. The rule must be amended in Section 80.3.2 to increase the specific resident classification group case mix weight that is attributable to a nursing facility resident who is diagnosed with dementia.

The rate of reimbursement for nursing facilities that results from amending the rules to reflect rebasing the nursing facility's base year pursuant to this section may not result for any nursing facility in a rate of reimbursement that is lower than the rate in effect on April 1, 2014. The department may implement this section by adopting emergency rules. If the department provides at least 7 days' notice and opportunity to comment before adopting these rules, it is not required to make the findings otherwise required by the Maine Revised Statutes, Title 5, section 8054, subsection 2.

**Sec. 4. Savings arising from recoveries in excess of projections; transitional cap on rate increases.**

1. The Department of Health and Human Services shall continue its best efforts to collect all remaining cost-of-care overpayments to nursing facilities and private nonmedical institutions that were paid when the department's computer systems, when providing reimbursement owed by the department, failed to take into account the financial contributions paid by

residents in the nursing facilities and private nonmedical institutions and miscalculated the amounts payable under the MaineCare program. Cost-of-care overpayments collected in excess of amounts projected in developing and reporting budget information to the Legislature or the Governor must be used to fund the implementation of section 3 to the extent of funding provided in this Act.

2. If the total amount of debt arising from cost-of-care overpayments that the department collects in fiscal year 2014-15 exceeds \$13,000,000, the excess must be carried over to fiscal year 2015-16 to be expended to provide additional funding for implementation of section 3. In fiscal years 2014-15, 2015-16 and 2016-17, the Department of Health and Human Services, subject to state plan approval by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, shall limit the actual rate increase provided to the total amount available as a result of the state funds appropriated for nursing home rate increases, including without limitation the dollar amount specified in any appropriation provision plus any net amount available as a result of increased nursing facility provider tax revenue and available federal funds, minus the amount necessary to fund the supplemental payment provided in section 3, subsection 5. In establishing this limit in any year in which it applies, the department first shall calculate and publish the rate increases that would result from increasing rates pursuant to all of section 3 except for subsection 5 and then grant to all facilities a pro rata portion of that increase that does not exceed the limit established in this subsection and also grant supplemental payments pursuant to section 3, subsection 5. The pro rata methodology must be applied uniformly to all facilities so that each facility receives the same percentage of the initially published rate increases, plus the supplemental payment if applicable.

**Sec. 5. Cost-of-care overpayment correction.** The Department of Health and Human Services shall immediately require that the department's contractor Molina Medicaid Solutions make adjustments to the Maine Integrated Health Management Solution computer system to correct and discontinue overpayments in the calculation and deduction of cost of care in the payment of nursing facilities and private non-medical institutions.

**Sec. 6. Commission To Continue the Study of Long-term Care Facilities.** Notwithstanding Joint Rule 353, the Commission To Continue the Study of Long-term Care Facilities, referred to in this section as "the commission," is established. The membership, duties and functioning of the commission are subject to the following requirements.

1. The commission consists of 11 members appointed as follows:

- A. Two members of the Senate appointed by the President of the Senate, including members from each of the 2 parties holding the largest number of seats in the Legislature;
  - B. Three members of the House of Representatives appointed by the Speaker of the House, including members from each of the 2 parties holding the largest number of seats in the Legislature; and
  - C. Six members appointed by the Governor who possess expertise in the subject matter of the study, as follows:
    - (1) The director of a long-term care ombudsman program described under the Maine Revised Statutes, Title 22, section 5106, subsection 11-C;
    - (2) The director of a statewide association representing long-term care facilities and one representative of a 2nd association of owners of long-term care facilities;
    - (3) A person who serves as a city manager of a municipality in the State;
    - (4) A person who serves as a director or who is an owner or administrator of a nursing facility in the State; and
    - (5) A representative of the Governor's office or the Governor's administration.
2. The first-named Senate member is the Senate chair and the first-named House of Representatives member is the House chair of the commission. The chairs of the commission are authorized to establish subcommittees to work on the duties listed in subsection 4 and to assist the commission. The subcommittees must be composed of members of the commission and interested persons who are not members of the commission and who volunteer to serve on the subcommittees without reimbursement. Interested persons may include individuals with expertise in acuity-based reimbursement systems, a representative of an agency that provides services to the elderly and any other persons with experience in nursing facility care.
3. All appointments must be made no later than 30 days following the effective date of this Act. The appointing authorities shall notify the Executive Director of the Legislative Council once all appointments have been completed. After appointment of all members and after adjournment of the Second Regular Session of the 126th Legislature, the chairs shall call and convene the first meeting of the commission. If 30 days or more after the effective date of this Act a majority of but not all appointments have been made, the chairs may request authority and the Legislative Council may grant authority for the commission to meet and conduct its business.

- 4. The commission shall study the following issues and the feasibility of making policy changes to the long-term care system:
  - A. Funding for long-term care facilities, payment methods and the development of a pay-for-performance program to encourage and reward strong performance by nursing facilities;
  - B. Regulatory requirements other than staffing requirements and ratios;
  - C. Collaborative agreements with critical access hospitals for the purpose of sharing resources;
  - D. The viability of privately owned facilities in rural communities;
  - E. The impact on rural populations of nursing home closures; and
  - F. Access to nursing facility services statewide.
- 5. The Legislative Council shall provide necessary staffing services to the commission.
- 6. The Commissioner of Health and Human Services, the State Auditor and the State Budget Officer shall provide information and assistance to the commission as required for its duties.
- 7. No later than October 15, 2014, the commission shall submit a report that includes its findings and recommendations, including suggested legislation, to the Joint Standing Committee on Health and Human Services. The joint standing committee of the Legislature having jurisdiction over health and human services matters may report out a bill regarding the subject matter of the report to the First Regular Session of the 127th Legislature.

**Sec. 7. Bimonthly report.** Beginning in July 2014 and ending in June 2016, the Department of Health and Human Services shall report bimonthly to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs on the department's efforts to establish and collect the debt arising from cost-of-care overpayments pursuant to the Maine Revised Statutes, Title 22, section 1714-A, subsection 9.

Rules adopted under this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

### **Sec. 3. Universal service fund limitation.**

Unless expressly authorized by law after the effective date of this Act, the Public Utilities Commission may not, sooner than 90 days following the adjournment of the First Regular Session of the 127th Legislature, collect funds for the purpose of disbursing funds from a state universal service fund under the Maine Revised Statutes, Title 35-A, section 7104, subsection 3 to any company that operates more than 50,000 access lines in the State. The joint standing committee of the Legislature having jurisdiction over energy and utilities matters may report out a bill to the First Regular Ses-

sion of the 127th Legislature to provide that authorization.

**Sec. 4. Report.** The Public Utilities Commission shall submit a report to the joint standing committee of the Legislature having jurisdiction over energy and utilities matters by January 7, 2015. In the report, the commission shall address options for decreasing the cost of ensuring that there are adequate and affordable basic telephone service options throughout the State. As used in this section, "provider of last resort service" has the same meaning as set out in the Maine Revised Statutes, Title 35-A, section 7201, subsection 7, and "state universal service fund" means the fund under Title 35-A, section 7104, subsection 3. The commission shall consider at least the following questions.

1. What financial assistance is needed, if any, from the state universal service fund for the largest incumbent local exchange carrier in the State to continue to provide basic telephone service in its current service area?
2. What type of basic telephone service could the largest incumbent local exchange carrier in the State provide with limited or no financial assistance from the state universal service fund?
3. In what geographic areas is it not economical for the largest incumbent local exchange carrier to provide basic telephone service? Of those areas, which ones have no alternatives for basic service at comparable rates? In those areas that have no alternatives, what amount of financial assistance would the local incumbent exchange carrier need to provide basic telephone service?
4. How might the characteristics of provider of last resort service be amended to allow for more competition in the types of service providers that are able to provide provider of last resort service? What are the implications of changing these characteristics with regard to reliability, safety, cost and ease of use of provider of last resort service and the availability and quality of broadband service throughout the State? What are the implications of limiting provider of last resort service to reliable access to emergency services?
5. If the obligation of providing provider of last resort service was not assigned to the incumbent local exchange carrier, how might the commission assign the obligation? What are the obstacles, if any, to the commission's reassigning the provider of last resort obligation to a service provider other than a local incumbent exchange carrier? Is there any action needed by the Legislature?
6. What are the implications of limiting financial assistance for provider of last resort service to areas of the State that have limited competition or availability of basic service providers?

7. What is the broadband penetration of each incumbent local exchange carrier that does and each incumbent local exchange carrier that does not receive state universal service funds? At what tiers, as determined by the Federal Communications Commission, do incumbent local exchange carriers provide service throughout the State? Should providers of provider of last resort service that receive state universal service funds be required to increase the availability, quality or affordability of broadband in this State?

8. In what ways can the commission and the Legislature coordinate any changes to provider of last resort service or to state universal service fund support with ongoing policy developments at the federal level resulting from cases before the Federal Communications Commission, including the call for rural broadband experiments, the Federal Communications Commission's Connect America Fund and changes to intercarrier compensation?

9. Can the State ensure the provision of universal access to telecommunications service at just, reasonable and affordable rates consistent with the federal Telecommunications Act of 1996 without maintaining a regulated provider of last resort service? If so, what is a reasonable time frame for eliminating a regulated provider of last resort service?

The report may include any other information the commission considers relevant to the Legislature's establishing the appropriate scope and nature of provider of last resort service in this State. The joint standing committee of the Legislature having jurisdiction over energy and utilities matters may report out a bill related to the subject matter of the report to the First Regular Session of the 127th Legislature.

**Sec. 1. Stabilization measures for coastline and coastal sand dune system adjacent to Saco River.** Prior to completion of a River and Harbor Act of 1968, Section 111 project for prevention or mitigation of shore damages for the Saco River and Camp Ellis Beach by the United States Army Corps of Engineers and the City of Saco, the following provisions apply to protection, rehabilitation, maintenance and nourishment activities along the coastline and within the coastal sand dune system and waterways of the Saco River Harbor area, the Saco River Federal Navigation Project area, the Camp Ellis Beach area and the Ferry Beach area.

1. Notwithstanding the Maine Revised Statutes, Title 38, section 480-C, a permit is not required of the City of Saco for the following activities:

A. Maintenance of the portions of Camp Ellis Beach having armor stone, but only to the geographic extent they existed on January 1, 2014, to an elevation 3 feet above the adjacent roadways or surrounding upland topography. Armor stone may be replaced and rocks may be restacked as necessary to maintain that elevation. Extension to the north of the portions of Camp Ellis Beach having armor stone existing on January 1, 2014 is not authorized under this paragraph; and

B. Maintenance, replacement and installation of sand-filled geosynthetic or similar structures north of the portions of Camp Ellis Beach having armor stone, so long as the structures are within the footprint of existing roadways or infrastructure areas and not in natural frontal dune areas. If the Department of Environmental Protection grants prior written approval, the City of Saco may install the structures in areas adjacent to municipal infrastructure where the natural frontal dune area is completely eroded by one or more storm events and the structures are intended to protect and preserve that infrastructure.

Any measures taken pursuant to this subsection must to the maximum extent practicable avoid disturbance of and retain dune grass and other native vegetation. Any areas where disturbance of dune grass and other native vegetation cannot be avoided must, to the maximum extent practicable, be replaced or revegetated following completion of the measures.

Prior to the commencement of any activity exempted from the permitting requirements of the Maine Revised Statutes, Title 38, section 480-C by this subsection, the City of Saco shall provide the Department of Environmental Protection with written notice of the proposed activity.

2. The City of Saco may file an application with the Department of Environmental Protection for an

individual 7-year permit to undertake annual maintenance dredging and use of materials from the Saco River channel and harbor as part of Camp Ellis Beach and Ferry Beach nourishment measures. The Department of Environmental Protection shall issue a 7-year dredging permit authorizing annual maintenance dredging if it determines that the City of Saco's application is complete and meets all otherwise applicable criteria and standards. The City of Saco may seek renewal of the dredging permit for an additional 7-year period through a permit by rule as authorized in the Maine Revised Statutes, Title 38, section 480-E, subsection 8.

**H.P. 1283 - L.D. 1792**

**An Act To Protect Jobs in the Forest Product Industry**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas**, through a series of private and special laws, the State has granted certain rights, privileges, immunities and franchises to Brookfield Renewable Energy Partners to construct, own and operate dams and hydroelectric and related facilities for the purpose of generating and transmitting electricity and to Great Northern Paper, LLC, and its predecessors in interest, including, but not limited to, the authority to build, own, operate and maintain paper production facilities; and

**Whereas**, existing provisions in private and special laws may be inhibiting Great Northern Paper, LLC, as the owner of the paper production facility in the Town of Millinocket or the paper production facility in the Town of East Millinocket from reaching a temporary load-shedding agreement with Brookfield Renewable Energy Partners for the sharing of revenues from the sale of electricity from the hydropower facilities when there is a temporary cessation or reduction of paper production; and

**Whereas**, Great Northern Paper, LLC, ceased paper production at the East Millinocket paper production facility in late January 2014 and intends to use the paper mill closure period to make necessary facility upgrades to improve efficiency and enhance the facility's long-term viability; and

**Whereas**, Great Northern Paper, LLC, intends to employ as many of the East Millinocket paper production facility's employees as possible to perform the necessary upgrades and improvements during the current closure period and to reopen the facility as soon as possible; and

**Whereas**, the purpose of this legislation is expressly to permit load-shedding agreements that would provide revenues to support the continued viability of the paper production facilities and preserve the work force employed at those facilities and thereby promote the public welfare; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. P&SL 2001, c. 45, §2** is amended by adding at the end a new paragraph to read:

Nothing in this section prohibits temporary load-shedding agreements in accordance with section 2-B.

**Sec. 2. P&SL 2001, c. 45, §2-B** is enacted to read:

**Sec. 2-B. Temporary load-shedding agreements.** In order to ensure the continued viability

ity of the paper production facility in Millinocket or the paper production facility in East Millinocket, the owner of the paper production facility in Millinocket or the paper production facility in East Millinocket and the owner of the Hydropower Facilities may enter into temporary load-shedding agreements in accordance with this section.

**1. Temporary reduction or closure; sharing of revenues.** A temporary load-shedding agreement may provide for temporary cessation of or reduction in paper production at a paper production facility for periods of less than 90 days, or in excess of 90 days to the limited extent permitted under subsection 3, in order to allow the sale of electricity from the Hydropower Facilities to another purchaser or entity or into the wholesale electric market and provide that the owner of the paper production facility shares in the revenue generated from those sales of electricity.

**2. Purpose; terms.** It is the purpose of the Legislature in expressly authorizing temporary load-shedding agreements to encourage mutually beneficial agreements between the parties that provide revenues to support the continued viability of the paper production facilities and preserve the work force employed at those facilities and thereby promote the public welfare. When developing any temporary load-shedding agreement, the parties shall consider terms that promote those purposes, which may include terms that rely on indicators of the continuing viability of the paper production facilities, including maintenance of the facility's labor force during and following the temporary cessation of or reduction in paper production.

**3. Limited one-time exception.** A temporary load-shedding agreement may include a cessation of paper production at the East Millinocket paper production facility for more than 90 days only if:

A. The cessation began on January 23, 2014;

B. The cessation ends and paper production resumes at the facility no later than June 30, 2014 with the number of employees agreed to by the unions representing the employees of the paper production facility and the owner of the paper production facility; and

C. The temporary load-shedding agreement involves the sharing of revenue from no more than 90 days of electricity sales during this temporary cessation of paper production.

If a temporary load-shedding agreement is entered into under this subsection and paper production resumes at the facility in accordance with paragraph B, the cessation described in this subsection is not a Paper Mill Closing for purposes of section 2 and all prohibitions, requirements and other provisions of section 2 that would otherwise apply with respect to that cessation do not apply.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

**Whereas**, the posting of specimen ballots rather than warrants or notices of election prior to the November 8, 2011 referendum has created a legal technicality that could affect the marketability of the town's general obligation securities for the addition to the Edith Belle Libby Memorial Library and could jeopardize the approval of the other referendum questions of the November 8, 2011 election; and

**Whereas**, it is imperative that any ambiguity regarding the legitimacy of the referendum be resolved as quickly as possible; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**solved:** That the Office of Program Evaluation and Government Accountability, referred to in this resolve as "the office," shall develop a proposal for implementing a process for ongoing review of tax expenditures by the Legislature for the purpose of facilitating evaluation of the effectiveness of tax expenditures and providing a framework for recommendations to the Legislature and its committees. The proposal must include the following elements:

**1. Classification of tax expenditures.** The assignment of each tax expenditure to one of the following review categories:

- A. Full evaluation review for tax expenditures that are intended to provide an incentive for specific behaviors, that provide a benefit to a specific group of beneficiaries or for which measurable goals can be established;
- B. Expedited review for tax expenditures that are intended to implement broad tax policy goals that cannot be reasonably measured; and
- C. No review for tax expenditures with an impact on state revenue of less than \$50,000 or that otherwise do not warrant either a full evaluation or expedited review;

**2. Schedule.** A schedule for ongoing review of the tax expenditures in the categories identified under subsection 1, paragraphs A and B. To the extent practicable, the office shall attempt to group tax expenditures with similar goals during the same review cycle;

**3. Evaluation parameters for full evaluations.** Evaluation parameters for each tax expenditure identified under subsection 1, paragraph A, including:

- A. The purposes, intent or goals of the tax expenditure;
- B. The intended beneficiaries of the tax expenditure; and
- C. The performance measures appropriate for measuring the extent to which the tax expenditure is accomplishing its purposes, intent or goals. Performance measures must be clear and relevant to the specific expenditure and the following evaluation objectives:

- (1) The extent to which those actually benefiting from the tax expenditure are the intended beneficiaries;

- (2) The fiscal impact of the tax expenditure, including past and estimated future impacts;
- (3) The extent to which the design of the tax expenditure is effective in accomplishing its purposes, intent or goals and is consistent with best practices;
- (4) The extent to which the tax expenditure is achieving its purposes, intent or goals identified under paragraph A;
- (5) The extent to which the desired behavior might have occurred without the tax expenditure;
- (6) The extent to which there are other tax expenditures, state spending or other government programs that have the same purposes, intent or goals as the tax expenditure and whether those additional programs are appropriately coordinated with the tax expenditure and are complementary or duplicative;
- (7) Any opportunities to improve the effectiveness of the tax expenditure in meeting its purposes, intent or goals; and
- (8) The extent to which the tax expenditure is a cost-effective use of resources compared to other options for using the same resources or addressing the same purposes, intent or goals.

When determining evaluation parameters, the office shall consider legislative intent and may consider subsequent developments in the State's economy and economic or tax strategies, goals and policies. The office shall seek and consider input from the joint standing committee of the Legislature having jurisdiction over taxation matters and the Government Oversight Committee and may seek input from stakeholders and experts in evaluation, economics, economic development or tax policy;

**4. Identification of criteria for expedited review.** A description of elements of an expedited review by the appropriate joint standing committee of the Legislature having jurisdiction over a tax expenditure identified under subsection 1, paragraph B with the objectives of identifying:

- A. A description of each tax policy basis associated with a tax expenditure and the reasons the State adopted the tax policy;
- B. The fiscal impact of each tax policy and each related tax expenditure, including past and estimated future impacts;
- C. The extent to which each tax policy is consistent or inconsistent with other state goals;
- D. The extent to which the reasons for the adoption of each tax policy still remain or whether the tax policy should be reconsidered;

F. Whether there are reasons to consider discontinuing or amending a specific tax expenditure;

**5. Data and data sources.** A description of the type of data, and potential sources of that data, that would be needed to accomplish full evaluations and expedited reviews consistent with the proposed objectives in subsections 3 and 4 for each tax expenditure identified under subsection 1, paragraphs A and B. The description must indicate if any needed information is designated by law as confidential and identify procedures for protection of the confidentiality of that information;

**6. Stakeholder and public comment.** Identification of options for including in the evaluation process an opportunity for comment by stakeholders and other members of the public;

**7. Assessment of resources.** An estimate of the staff and other resources that would need to be budgeted for the office to perform the full evaluations of the tax expenditures identified pursuant to subsection 1, paragraph A to meet the objectives set forth in subsection 3, paragraph C and to provide the information needed for expedited reviews of the tax expenditures identified pursuant to subsection 1, paragraph B to meet the objectives in subsection 4, in accordance with the schedule proposed in subsection 2; and

**8. Revisions to statute.** Revisions to statute that would be needed to implement a process and schedule for ongoing legislative review of tax expenditures and provide for effective evaluations.

The office may request information and assistance from the Department of Administrative and Financial Services, Maine Revenue Services, the Department of Economic and Community Development or other sources, as needed, to develop this proposal; and be it further

**Sec. 2. Submission of proposal; legislation. Resolved:** That the office shall submit the proposal developed under section 1 to the Government Oversight Committee and the joint standing committee of the Legislature having jurisdiction over taxation matters by March 1, 2015. **Sec. 19. 10 MRSA §1174, sub-§3, ¶U**, as enacted by PL 2009, c. 367, §6, is corrected to read:

U. To cancel, terminate, fail to renew or refuse to continue any franchise relationship with a licensed new motor vehicle dealer not less than 180 days prior to the effective date of such termination, cancellation, noncontinuance or nonrenewal that occurs in whole or in part as a result of any change in ownership, operation or control of all or any part of the business of the manufacturer, whether by sale or transfer of assets, corporate stock or other equity interest, assignment, merger, consolidation, combination, joint venture, redemption, operation of law or otherwise; or the termination, suspension or cessation of a part or all of the business operations of the manufacturer; or discontinuance of the sale of the product line or a change in distribution system by the manufacturer, whether through a change in distributors or the manufacturer's decision to cease conducting business through a distributor altogether.

In addition to any other payments or requirements in this chapter, if a termination, cancellation, noncontinuance or nonrenewal was premised in whole or in part upon any of the occurrences set forth in this paragraph, the manufacturer is liable to the licensed new motor vehicle dealer in an amount at least equivalent to the fair market value of the franchise arising from the termination, cancellation, noncontinuance or nonrenewal of the franchise.

(1) If liability is based on the fair market value of the franchise, which must include diminution in value of the facilities leased or owned by the dealer as a result of the loss of the franchise to operate in the facilities, the fair market value must be computed on the date in divisions (a) to (c) that yields the highest fair market value:

- (a) The date the manufacturer announces the action that results in termination, cancellation, noncontinuance or nonrenewal;
- (b) The date the action that results in termination, cancellation, noncontinuance or nonrenewal first becomes general knowledge; or
- (c) The date 12 months prior to the date on which the notice of termination, cancellation, noncontinuance or nonrenewal is issued.

If the termination, cancellation, noncontinuance or nonrenewal is due to the manufacturer's change in distributors, the manufacturer may avoid paying fair market value to the licensed new motor vehicle dealer if the new distributor or the manufacturer offers the dealer a franchise agreement with terms acceptable to the dealer.

If an entity other than the original manufacturer of a line make becomes the manufacturer for the line make and intends to distribute motor vehicles of that line make in this State, that entity shall honor the franchise agreements of the original manufacturer and its licensed new motor vehicle dealers or offer those dealers of that line make, or of motor vehicles historically of that line make that are substantially similar in their design and specifications and are manufactured in the same facility or facilities, a new franchise agreement with substantially similar terms and conditions; ~~and~~

- A. Within 30 days of the former franchisee's cancellation, termination, noncontinuance or nonrenewal, the predecessor manufacturer had consoli-

- B. The successor manufacturer has paid the former franchisee the fair market value of the former franchisee's motor vehicle dealership in accordance with this subsection; or

ACROSS AMERICA**

**H.P. 1296**

**WHEREAS**, Wreaths Across America is a yearly national program that honors the graves of veterans buried in Arlington National Cemetery; and

**WHEREAS**, in 1992, the Worcester Wreath Company in Harrington had a surplus of wreaths at the end of that holiday season and owner Morrill Worcester, who had been indelibly impressed by the national cemetery during a boyhood visit, realized he had an opportunity to honor the values of our nation and the veterans who made the ultimate sacrifice for their country; and

**WHEREAS**, with the help of United States Senator Olympia Snowe, arrangements were made for the wreaths to be placed in Arlington National Cemetery in one of the older sections that had seen fewer visitors through the years; and

**WHEREAS**, as other individuals and groups stepped in to assist, more grave sites were decorated and the delivery of wreaths became an annual event to quietly honor our country's veterans; and

**WHEREAS**, in 2005, a photograph of grave-stones decorated with wreaths from Maine and covered in snow attracted national attention to Wreaths Across America and requests came pouring in from across the nation to support Wreaths Across America; and

**WHEREAS**, as so many people in other states wanted to help and emulate the Arlington National Cemetery project at their national and state cemeteries, Mr. Worcester began sending 7 wreaths to every state, honoring the branches of the military and prisoners of war and personnel missing in action; and

**WHEREAS**, in 2006, with the help of the Civil Air Patrol and other civic organizations, simultaneous wreath-laying ceremonies were held at over 150 locations around the country, with the Patriot Guard Riders volunteering as the escort for the wreaths going to Arlington National Cemetery; and

**WHEREAS**, the annual Veterans Honor Parade, traveling the East Coast in early December from Harrington to Arlington National Cemetery, has become known as the world's largest veterans parade; and

**STATE OF THE STATE ADDRESS  
OF  
GOVERNOR PAUL R. LEPAGE  
FEBRUARY 4, 2014**

---

---

Chief Justice Saufley, members of the 126th Legislature, distinguished guests, and my fellow citizens:

Tonight, I am here to update you, the people of Maine, about the condition of our great state.

First, I must recognize a few individuals. To my lovely wife, Ann, and children—please stand—I would not be here tonight without you. Ann, you have made Maine proud as our First Lady.

Staff Sergeant Douglas Connolly, the military herald this evening, thank you for your courageous service to our state and nation.

As we thank our men and women in uniform, we are reminded of those who are not with us. Bill Knight greeted thousands of troops returning from Iraq and Afghanistan at Bangor International Airport.

A World War II veteran, Bill was part of the Greatest Generation. He died on Christmas Day at age 91. He made greeting the troops his life's most important duty.

Another veteran who is not here tonight is someone many in this chamber know and respect. Michael Cianchette, who was my chief legal counsel, is now deployed to Afghanistan.

Mike is truly one of Maine's best and brightest, and we send him our best wishes for a safe return home. Mike's lovely wife, Michelle, is here with us tonight. Michelle, please stand.

Our administration is working hard so young Mainers like Mike and Michelle can continue to live and work in our state. We want our young families to enjoy a growing economy that allows them to prosper and succeed.

Mainers are a breed apart. Many of us value our individuality. We work hard. We take care of each other.

I love my state. I am proud to call myself a Mainer. I want every Mainer to succeed and prosper. But Maine is at a crossroads. We have huge challenges.

Higher taxes and bloated government have not improved our lives. Higher energy costs have not attracted major investments to Maine. More welfare has not led to prosperity. It has not broken the cycle of generational poverty.

We cannot return to the same failed policies of the past 40 years. We are better than that. We must be bold.

We must have the courage to make the tough decisions.

We can do better. We will do better.

#### JOBS/ECONOMY

We must keep our young people in Maine. Recently, I asked some Bowdoin College students, "What can we do to keep you here?" One of them was Gregoire Faucher from Madawaska. He is eager to hear what the future of Maine holds for him. Comment ca va, Gregoire? Ca me fait plaisir de vous avoir ici ce soir.

Unfortunately, Gregoire hears more about job prospects in Boston or New York or even New Hampshire than right here in Maine. He wants to stay in Maine. But he may have to leave to find higher-paying jobs and better opportunities.

Greg and his classmates are the kind of young people we need to grow our state's economy. We must create a business climate that encourages investment that will employ Maine people.

Recruiting job creators to come to Maine is not easy. The global competition is fierce. Investment capital goes where it is welcomed and stays where it is appreciated.

As Winston Churchill said: "Some people regard private enterprise as a predatory tiger to be shot. Others look on it as a cow they can milk. Not enough people see it as a healthy horse, pulling a sturdy wagon."

Since we took office, we have made Maine more competitive. Maine's unemployment rate has fallen to 6.2%. It's the lowest since 2008. Almost 13,000 new private-sector jobs have been created since we took office.

- We reduced bureaucratic red tape.
- We cut the automatic increase to the gas tax.
- We eliminated almost \$2 billion in pension debt.
- We right-sized government.
- We found efficiencies within state agencies.

My proudest achievement: paying \$750 million in welfare debt to Maine's hospitals. It sent the message that, in Maine, we pay our bills.

Because of our efforts, good-paying jobs are being created all over the state.

- In Portland, the Eimskip shipping service.
- In Wilton, Barclaycards.
- In Brunswick, Tempus Jets.

## STATE OF THE STATE ADDRESS

- In Nashville Plantation, Irving Forest Products.

More jobs have been added at such world-class companies as:

- Maine Wood Concepts in New Vineyard.
- Molnlycke Health Care in Wiscasset.
- Hinckley Yachts in Trenton.

We are a state of entrepreneurial “doers.” There are 40,000 small businesses in Maine. Our state has roughly 130,000 microbusinesses. They employ 170,000 people. They drive our economy. If they could each add one more job, that would transform our economy.

Nicole Snow of Sebec is a very successful micro-entrepreneur. She created Darn Good Yarn, and she does all of her business online. Nicole is growing her company into a million-dollar business—thanks to the Internet. Nicole, please stand.

Having spent my career in business, I know what grows an economy. But there is a major push by many in this chamber to maintain the status quo.

Liberal politicians are taking us down a dangerous path—a path that is unsustainable. They want a massive expansion of Maine’s welfare state. Expanded welfare does not break the cycle of generational poverty. It breaks the budget.

In 1935, during the height of the Great Depression, FDR—the father of the New Deal—warned against welfare dependency. He said: “To dole out relief in this way is to administer a narcotic, a subtle destroyer of the human spirit ... The federal government must and shall quit this business of relief.”

Big, expensive welfare programs riddled with fraud and abuse threaten our future. Too many Mainers are dependent on government handouts.

Government dependency has not—and never will—create prosperity.

### MEDICAID EXPANSION

Maine expanded welfare over a decade ago. Now MaineCare alone is consuming 25 percent of our General Fund dollars. The result?

We are taking money away from:

- Mental health services
- Nursing homes
- Job training
- Education

## SELECTED ADDRESSES TO THE LEGISLATURE

- Roads
- Law enforcement
- Natural resources

Maine’s welfare expansion resulted in \$750 million of hospital debt. We just paid it off. Some want to repeat that mistake.

Look at the facts. Welfare expansion will cost Mainers at least \$800 million over the next decade. It will cost Maine taxpayers over \$150 million in the next three years. Maine’s current welfare system is failing:

- Our children
- Our elderly
- Our disabled
- Our mentally ill

Thousands of our most vulnerable citizens are on wait-lists for services. They need your compassion.

Michael Levasseur of Carmel has autism and needs care 24/7. Michael is here tonight with his parents, Cynthia and Paul. Cynthia had to quit her job to care for her son, and they had to downsize their house to make ends meet.

With services, Michael could get a job coach, assisted-living accommodations and participate in a day program. Maine lawmakers must address these waiting lists. Michael deserves your compassion.

We must set priorities on who will get services with our limited resources. Money may grow on trees in Washington, D.C., but we cannot count on promises of federal windfalls to pay for our services.

Let’s be clear. Maine will not get 100 percent federal funding for welfare expansion. Maine already expanded. That means the federal government would give us less money than other states that are expanding now.

Adding another hundred thousand people to our broken welfare system is insanity. It is unaffordable. It is fiscally irresponsible. Expanding welfare is a bad deal for working Mainers who have to foot the bill.

Liberals believe that giving free health care to able-bodied adults, while leaving our most vulnerable in the cold, is compassionate. I disagree.

We must show compassion for all Maine people. We must protect our hard-working families from the higher insurance premiums and higher taxes that will result from further expansion. Do not focus on the next election. You must focus on the next generation.

## WELFARE REFORM

We owe the next generation a society that provides them with prosperity and opportunity, not welfare and entitlements.

I will not tolerate the abuse of welfare benefits. Maine's limited resources must be reserved for the truly needy. Maine EBT cards provide cash for Temporary Assistance for Needy Families. This cash is supposed to purchase household items for needy children.

Every dollar that goes to buy cigarettes, alcohol or lottery tickets is a dollar taken away from a needy child, family or others who need services.

My proposal will prohibit TANF funds from being used for alcohol, tobacco, gambling and other adult entertainment. We will limit the use of Maine EBT cards to Maine—not Hawaii, not Florida.

If you want to ask the taxpayers for money, you should make a good-faith effort to get a job first. We will require those seeking welfare, if able, to look for a job before applying for TANF benefits.

Maine taxpayers are being punished because our welfare program far exceeds the federal guidelines. Maine has been so lenient with its work exemptions, the federal government has fined us millions of dollars in penalties. We must eliminate exemptions that excuse TANF recipients from work.

There is no excuse for able-bodied adults to spend a lifetime on welfare at the expense of hard-working, struggling Mainers. That is not what I call compassion. As John F. Kennedy said in 1961: "Ask not what your country can do for you, ask what you can do for your country." These are words that still ring true today.

## EDUCATION

I know generational poverty. But I escaped generational poverty, and lived the American Dream. Some caring Maine families took me in from the streets of Lewiston and gave me the guidance I needed to succeed.

I have said it many times. Education saved my life. Throwing money at poverty will not end poverty. Education and mentoring will end poverty.

Our bridge year programs are providing educational opportunities for Maine students. The Business Academy in Biddeford recently presented 33 students with a total of 126 college credits. We saved these students thousands of dollars in college tuition.

In Fort Kent, 17 students have completed their freshman year at college upon graduating high school.

This spring, students in Hermon will graduate high school with diplomas and technical proficiencies and trade licenses. Many lawmakers, the union and school superintendents have opposed our reforms at every step. But I vow to always put our students and our teachers first.

## INFRASTRUCTURE

To strengthen Maine's economy, we must invest our resources to improve infrastructure, reduce taxes and lower energy costs for homeowners and businesses. Industry needs infrastructure to move goods and services at the speed of business.

Over the next three years, MaineDOT will invest over \$2 billion in infrastructure improvements.

We will repair or replace 54 bridges and reconstruct hundreds of miles of state roads. We will improve our ports, rail, airports and transit infrastructure. The plan supports over 25,000 jobs in highway and bridge projects. Thousands more jobs will be supported by the plan's investments in ports, rail, ferries and buses. That's putting Maine to work.

## ENERGY

But we still face barriers that make Maine less competitive. Heating and electricity costs remain a major obstacle.

Our homeowners spend well over \$3,000 a year to heat their homes. That's nearly double the national average. Maine families know that this winter has been more challenging than most.

Distribution of natural gas expanded this year in Southern and Central Maine. Mainers are saving more than a thousand dollars a year by converting to natural gas.

More funding is now available to help Mainers convert to more affordable heating systems. These systems include wood pellets, advanced oil systems, natural gas systems, energy efficiency improvements, heat pumps—anything that will cut costs for Maine homes.

High electricity costs make it very difficult to attract business. My administration is working to expand pipeline capacity from Pennsylvania to take full advantage of the natural gas supplies in that state.

Also, our neighbors in Quebec have the best clean-energy resources on the planet. My administration is

## STATE OF THE STATE ADDRESS

fighting for access to this cost-effective and clean source of electricity along with the rest of New England.

Many lawmakers have chosen to support powerful special interest groups over the needs of Maine's rate-payers. Let's be clear. I do not favor one form of energy over another. I am on the side of those who want to lower the costs for working Maine families. Whose side are you on?

### "OPEN FOR BUSINESS ZONES"

Tonight I am proposing a bold new idea to attract companies that will invest more than \$50 million and create more than 1,500 jobs.

My proposal will offer valuable incentives for companies that choose to locate in certain areas. They are called "Open for Business Zones."

"Open for Business Zones" will offer discounted electricity rates; employment tax benefits; and provide access to capital.

Companies in these zones will get assistance to help recruit and train workers.

Employees in these zones will not be forced to join labor unions. They will not be forced to pay dues or fees to labor unions. This will allow Maine to compete with right-to-work states.

Companies in these zones must show preference to Maine workers, companies and bidders.

Our proposal combines the kinds of incentives that other states have used successfully to attract major investment. We must be able to compete with them. We must be bold.

We must show young people like Gregoire that we are serious about providing good-paying jobs and opportunities for him and his classmates.

### TAX REFORM

States with the highest economic growth often have the lowest overall tax burdens.

We are working hard to combat Maine's reputation as a high-tax state. We passed the largest tax cut in Maine's history. Two-thirds of Maine taxpayers will get income tax relief. Liberals call it a "tax break for the rich." But 70,000 low-income Mainers will no longer pay income tax.

We cut taxes for the working poor. This is compassion. We put money in people's pockets. We told the business community we are serious about tax reform. I

## SELECTED ADDRESSES TO THE LEGISLATURE

am proud of the progress we made. But we need to do more.

Our tax system is out of date. It is not competitive with other states. So let's ask Mainers in a statewide referendum if they want to lower taxes.

We must lower our income tax rates and eliminate the estate tax to bring Maine's tax system into the 21st century. This would make Maine more attractive for people to work and raise their families here. It would encourage retirees to stay in Maine.

This will protect our working-class families from bearing an unfair tax burden.

My proposal also includes a limit on the growth of state spending. This will provide much-needed relief to Maine's taxpayers.

Let's stop arguing about tax reform. Let's ask the people who really matter. Let's ask Maine's hardworking taxpayers. We will ask Mainers a simple question at a statewide referendum. We will ask if they want to lower taxes by at least \$100 million and reduce state spending by at least \$100 million.

We think Mainers want tax relief. Let's give them the option to decide.

### ADDRESSING MAINE'S DRUG PROBLEM

Finally, we must confront a troubling epidemic. It is tearing at the social fabric of our communities. While some are spending all their time trying to expand welfare, we are losing the war on drugs.

Nine hundred twenty-seven drug-addicted babies were born last year in Maine. That's more than 7 percent of all births.

Each baby addicted to drugs creates a lifelong challenge for our health care system, schools and social services. The average cost for drug-addicted births in 2009 was \$53,000. Welfare programs covered nearly 80 percent of those increased charges.

More important than cost are the effects to these innocent children. I am deeply concerned about the suffering and long-term consequences these newborns are subject to. It is unacceptable to me that a baby should be born affected by drugs.

We must show them our compassion.

There were 163 drug-induced deaths in Maine in 2012. The use of heroin is increasing. Four times as many people died from a heroin overdose in 2012 than in 2011.

Over 20 percent of the homicides in 2012 were related to illegal drugs. We must address the problem of drug addiction and drug trafficking. We must act now.

We need to fully fund the Maine Drug Enforcement Agency. Our police chiefs tell us local law enforcement officials need more resources to fight the drug problem in our state. Auburn Police Chief Phil Crowell is the president of the Maine Chiefs of Police Association. He is here tonight to show that the chiefs fully support our administration's war on Maine's drug problem. I am pleased the county sheriffs also enthusiastically support our initiative.

As Henry Ford said: "Coming together is a beginning; keeping together is progress; working together is success." The judicial, executive and legislative branches joined forces in an effort to eradicate domestic violence from our state. We need to come together once again to combat Maine's drug problem.

My proposal adds four new special drug prosecutors and four new judges to sit in enhanced drug courts in Presque Isle, Bangor, Lewiston and Portland.

Since local agencies do not have the manpower or resources they need to fight Maine's drug problem, we will add 14 MDEA agent positions.

We must hunt down dealers and get them off the streets. We must protect our citizens from drug-related crimes and violence. We must save our babies from lifelong suffering.

#### CONCLUSION

In closing, I welcome common-sense solutions from anyone who wants to put Maine on the right path. Success doesn't happen by doing nothing.

Bring me bold solutions. Put your politics aside. Fight for the future of Maine's children. We must show them the path to succeed.

God Bless Maine and God Bless America. Now, let's get to work.

Thank you, President Alford. Good Morning, Speaker Eves, Honorable Members of the 126th Maine Legislature, and citizens of the great State of Maine. I am pleased to be joined here today by my colleagues from the Supreme Judicial Court and the Chiefs of the Trial Courts.

In the gallery are judges from Maine's Tribal and Probate Courts. It is, as always, an honor to have them with us as we make this presentation.

We are missing the Governor this morning, and I want you to know that he graciously offered to cancel his conflicting engagement, but I understand how difficult schedules are at this time of year, and I promised him an autographed copy of this presentation.

I am also joined by my parents, Jan and Dick Ingalls, who have always been stalwart supporters, along with my husband, Bill Saufley, who many of you know as my much better half. I am so fortunate to have had a lifetime of support from my family.

I am also aware of my good fortune to have this extraordinary job, and the opportunity to work with all of you and the Governor in a respectful and nonpartisan way to improve the delivery of justice in the State of Maine.

With your support, we have accomplished a great deal, including substantially improving public safety in our courts. Today, we face major challenges regarding technology, and I seek your support to address this pressing need.

**Overview**

My presentation today is in three parts:

1. First, an update on case filings, initiatives, and improvements;
2. Second, a roadmap for harnessing technology to create a fully functioning court management and eFiling system for Maine's people; and
3. Third, I will address the concerns that you and the Governor have raised regarding drug and alcohol addictions that are harming so many people in our beautiful State.

**Updates**

To put this update in context, here are the recent statistics regarding the Maine court system.

- **Budget.** The Judicial Branch General Fund budget for fiscal year 2013 totaled 56.6 million dollars, less than 2% of the General Fund budget. Total revenue collected by the Judicial Branch was just over 39 million dollars.
- **Filings.** Almost a quarter of a million new cases (238,198) were filed in 2013, including traffic infractions.
- **Criminal Filings.** Criminal filings, which had fallen slightly in recent years, held steady in Fiscal Year 2013 at 57,331 new criminal filings.
- **Foreclosures.** Mortgage Foreclosure filings, which have been slowing down across the country, did not slow down in Maine. New Foreclosure cases were almost identical in FY 2012 and FY 2013, at just short of 4,500 cases each year. (4,451 - '12, 4,447 - '13)
- **Domestic Violence.** Sadly, the number of Protection from Abuse cases did not decline substantially in 2013, nearly 6,000 new cases (6,251 - '12; 5,866 - '13) were filed.
  - Of the 24 new Murder charges that were filed in FY 2013, the Attorney General's Office reports that a third, that is, 8 of the charges, were domestic violence related.
  - Even sadder, the Attorney General's Office reports that several additional Murders will not be prosecuted because those deaths were part of a murder/suicide. In all, 12 Murders are reported to have been Domestic Violence related.
  - There is a bit of good news: this year with the support of the Department of Public Safety, we were able to harness technology to make a critical improvement. Orders for Protection from Abuse are now transmitted electroni-

cally to law enforcement officers in their cars and can be served quickly by officers locally or when the abuser is stopped for other reasons, anywhere in the State.

- **Courthouse Safety.** Courthouse safety has improved greatly throughout the State. With your assistance and the support of Governor LePage, we are now able to provide entry screening in our courthouses more than 60% of the time. This is up from 20% just a few years ago—a dramatic improvement, providing much safer courthouses in which Maine people seek justice. **Thank you.** We hope to reach our goal of 100% screening in the next biennium.
- **Generous Lawyers.** Maine lawyers continued to give generously of their time and dollars. In 2013, lawyers provided more than 2 million dollars' worth of free legal services to low income Mainers, and Maine judges and lawyers contributed *more than \$500,000* to the Campaign for Justice, which provides legal services to elderly and impoverished Maine people who need help for family, housing, and health related legal problems.
- **Family Law.** In the area of Family Law, we have worked to improve Guardians ad Litem process, and we launched the Family Division Task Force, to undertake a thorough review of the way we provide justice in family matters. Eight public hearings have been held across the State, and we look forward to the recommendations of the Task Force later this summer.
- **Improved Criminal Case Processing.** The time to resolution of criminal cases has been substantially reduced in regions that have the Unified Criminal Dockets, which began in Cumberland and Penobscot Counties, with the help of the defense lawyers and the support of District Attorneys Stephanie Anderson and Chris Almy.
  - Unified Criminal Dockets are now in place in 7 of the 16 counties. The entire time from the filing of the charges to the final resolution of a criminal

case averages less than 4 months in those counties.

- This improved process provides a prompt response for victims of crime, eliminates unnecessary costs for local jails, reduces the length of jail stays for individuals awaiting trial, and benefits public safety by eliminating the delays that make prosecution difficult.
- **The Supreme Judicial Court.**
  - The Supreme Judicial Court sat in 3 High Schools in October: Nokomis, at the invitation of Representative Fredette; Orono, at the invitation of Senator Cain; and Cape Elizabeth, at the invitation of Representative Monaghan-Derrig. This fall we will be in the towns of Lincoln, Yarmouth, and Presque Isle.
  - In order to be more accessible to the entire state, we now sit for Oral Arguments twice a year in Bangor. We audio-stream all Arguments, and we maintain those Arguments on our website for several weeks.
  - Last fall, to assist the trial courts, which are always short-handed, all 7 of us on the Supreme Judicial Court sat in the District Courts throughout the State, providing more than a month's equivalent of judge time. It provided us with a stark reminder of the immediacy of the public's justice needs.
  - And this year, with your support, we held the first ever Law School for Legislators, where my colleagues, Justices Gorman and Mead, led a lively discussion about the way courts interpret the words you write in statutes. And you learned that, if you think that we have interpreted your words incorrectly, don't get mad—just get out the legislative drafting pen!

#### eFiling

That brings me to my second topic—the biggest resource need we face today—the need for improving

public service and public safety through new technology—in short, “eFiling.”

I am grateful to Governor LePage for introducing LD 1789, *An Act to Modernize and Improve the Efficiency of Maine’s Courts*, and I am grateful to so many of you, who, in a bipartisan fashion, have co-sponsored it. Representative Fredette and Senator Haskell, and all of the co-sponsors, we so much appreciate your support. Thank you.

Let me tell you why this is the most critical Judicial Branch proposal you will consider this year.

- The court’s current database is almost 2 decades old.
- It does not store documents, nor was it designed for the electronic exchange of information. Most of it is programmed in COBOL.
- It has served us well, much longer than we ever expected, but it was never designed for, and it cannot support, eFiling.
- We currently handle court files the same way we did 100 years ago. We estimate that more than five million new pieces of paper are filed in Maine’s courts each year; that is not an exaggeration. Five million *new* pieces of paper flow into the clerks’ offices, files, filing cabinets, boxes, and storage.
- The sorting and storage of paper files has filled our courthouses and the State’s Archives to capacity and beyond. Storage challenges create safety hazards and cost an increasing amount of taxpayers’ dollars. There is no end in sight unless we move to digital files.
- But more important than the cost and inconvenience of these paper files is the loss in public access, the difficulty in obtaining reliable data, and the challenge to public safety that follows from an antiquated case management system.
- A new system will first and foremost improve public safety, allowing the necessary information exchange among courts, law enforcement, prosecutors, defense attorneys, state and federal agencies, and Corrections.

I know that I don’t have to tell you, the Maine Legislature, that the public deserves electronic access to its government. I can go on-line from anywhere and find the pending bills, the sponsors and committee assignments, the status of those bills, both in the committee and on the floor, the language of proposed amendments, committee hearing dates, and all written testimony.

We seek nothing less for Maine people’s access to justice. Case information, schedules, and public documents should be easily accessible. And the system must be carefully designed to assure that certain private information, such as social security numbers or victims’ addresses, are well protected.

In the aggregate, reliable data should be available to assist in managing judicial resources. But today, when you ask us for court data to assist you in making public policy decisions, we have a very limited capacity to respond.

One example relates to Domestic Violence. You and the media have asked us to tell you how many Domestic Violence criminal assault charges actually result in convictions. It is a straightforward question. Unfortunately, it is one that we simply cannot answer without a squadron of volunteers to look at every paper file related to assault charges. And some case types, such as mental health proceedings, are not even in the database at all.

I am a firm believer in the adage that you manage what you measure. If we cannot measure some of the most important aspects of our justice system, our capacity to manage is substantially reduced.

Even more frustrating for the public is the lack of easily available information regarding individual cases. If you have a case pending in the Maine courts, you cannot get the schedule on-line, you cannot see the filings from a website, you cannot get electronic access to the judge’s rulings.

If the judge has entered an order in your case, you or your lawyer must drive to the courthouse or wait for it to arrive in the mail. This antiquated system makes retaining legal assistance more expensive.

The public deserves better.

In the last Legislature, you asked us to create a plan to address this shortcoming. We have done so, with the help and support of the National Center for State Courts. We have learned from the courts that are ahead of us in this endeavor, and we are now designing the RFP for the new Case Management and eFiling System.

LD 1789 will authorize the funding to purchase that system. It requires no funding in this biennium, and it allows bonding of up to \$15 million, which we will need to issue in the spring of 2015 to keep this project moving.

Without the Legislature's approval, *this year*, we cannot move forward with these plans. Without your approval this session, we will be another year or more behind in the progress toward dramatically improved public service and public safety.

And one final point on technology. Some of you have asked why we need public funding. Why can't we just ask the public to pay for this service?

My answer is this: for the very same reasons that people can access the Legislative Branch without financial barriers, they should be able to access the courts. Approximately 75% of the litigants in family related cases are self-represented. Many are poor or of very modest means. Many don't have credit cards.

Imagine logging in to the court's website to file for divorce or seek an order of protection from abuse and finding that you have to input your credit card number—the credit card you've never had, or you've lost because of overwhelming debt, or that your abusive partner has taken from you.

Access to justice should not depend on your financial capacity.

That doesn't mean that there will not be appropriate opportunities to defray the costs. But the initial investment requires public funding.

We need your support this session to make this happen.

### **Addiction**

Finally, I want to take a moment to address the challenges Maine faces regarding the illegal drugs that

have flooded into our State, causing serious human misery.

As you heard from Governor LePage in his State of the State Address, Maine, similar to many other States, is suffering the horrible effects of drug and alcohol addictions. Let me add to the numbers you have already heard:

- Children are suffering as their parents struggle with addictions. New child protection cases, which had dropped to an all-time low in fiscal year 2011 at 555, rose to 938 cases in fiscal year 2013. That's almost 1,000 families alleged in one year to need the intervention of the State in order to protect the children.
- In fiscal year 2013, among the 57,000 new criminal charges filed, over 1,700 were new drug trafficking related charges.
- The Attorney General's Office, which handles the most serious of the drug trafficking cases, reports that cases involving the trafficking of heroin rose sharply from 7.7% of the cases in 2012 to 20.41% in 2013.

As we address this challenge, we must remember that addictions are complex human problems, and they will require multi-faceted responses from government, treatment providers, and families.

Prevention must go hand in hand with intervention.

Taking the problem to its roots, the best inoculation against addiction is a healthy childhood, a solid education, and the opportunity for meaningful employment.

### **The Need for Judicial Resources**

At the same time, we must take the necessary steps to stop the flood of heroin and other illegal poisons into Maine.

The criminal justice system is a critical aspect of the intervention efforts, and the courts are a key part of that system.

Maine does not have enough judges. Just a quick review of New England courts is instructive. Using the

information provided by the National Center for State Courts, and the courts' own websites, by any measure, Maine has many fewer judges than its New England counterparts, whether we compare judges per population or judges per square mile.

If we are to address the many challenges facing us, the new trial judges proposed by the Governor are sorely needed.

But simply throwing resources at the problem will not be effective.

We must focus on the practices that have been demonstrated to be effective in reducing drug trafficking and addressing addictions.

Today, I suggest a 3-part plan in the courts:

### **1. Improved Criminal Process**

First, the State must be ready to act promptly when individuals engage in a cold and calculated effort to profit from the sale of illegal drugs in Maine. That requires courts, prosecutors, and defense attorneys to reach and resolve the cases promptly. An expansion of the Unified Criminal Docket into the remaining counties would speed resolution of criminal cases, and could be accomplished much more quickly with the additional judicial resources proposed.

### **2. Drug Courts**

Second, we must be alert for opportunities to help those whose addictions or mental health challenges have led them into lives of chaos and criminal charges.

To do this, we must reinvigorate our Problem-Solving Courts, that is, the Adult Drug Treatment Courts, Co-Occurring Disorder Courts, Family Drug Treatment Courts, and Veterans Court.

Although the Drug Courts can provide only a small part of the solution, they can be quite effective when they are run with rigorous attention to personal responsibility and support for sobriety, including the certainty of consequences for new criminal behavior.

But the numbers of people helped by Drug Courts has been quite small. In Maine, thousands of new criminal complaints are filed every year in which it is alleged that addictions or mental health problems have played a part in the crime. National statistics tell us that 68% of the jail population and 53% of the prison population

have substance abuse disorders. And last year, more than a thousand Maine families required government intervention to protect their children, many because of addictions.

In the context of those thousands of cases, all of the Drug Courts together involved only 225 people in 2013, of whom only 49 people graduated.

In recent years, the number of people in the Drug Courts has been declining, even though the number of Mainers struggling with addictions appears to be increasing. There are many reasons for this decline and, if we are going to continue to use the resources that are allocated through the Department of Health and Human Services to the treatment and case management programs of the Drug Courts, we must improve the focus on a structured and rigorous program and re-energize the collaboration among prosecutors, probation officers, defense attorneys, judges, and treatment providers.

With the support of the Trial Court Chiefs, I have charged Justice Roland Cole, the Chair of the State-wide Drug Court Steering Committee, with gathering all of the stakeholders together to re-energize our efforts to provide appropriate diversion sentencing and case management efforts that will offer the hope of health, reduced crime, and safer communities.

### **3. Early Risk Assessment**

Third, national research is showing great promise for effective criminal justice intervention that begins with early, objective Risk Assessments.

- That research indicates that, without effective pre-trial risk assessments, high-risk offenders are too often released, while low-risk offenders wait in jail and become more dangerous.
- Early and reliable risk assessment can improve victim safety, reduce recidivism, and reduce costs to the system.
- Pre-trial risk assessments can assist in diverting low-risk offenders to other services and provide improved access to treatment, case management, and hope for those who are willing to take responsibility for their sobriety.

## STATE OF THE JUDICIARY ADDRESS

- Initial research in jurisdictions that have adopted the consistent use of pre-trial assessment tools indicates that the State spends less on pre-trial incarceration and, at the same time, public safety has been improved.
- The Legislature has already identified objective risk assessment tools as needed in areas of sexual assault and domestic violence. We should expand those efforts to pre-trial detention assessments.

The additional judges proposed by the Governor will make a big difference in our ability to carry out these goals.

We all know that a life filled with hope, dignity, and meaning is the real anti-drug vaccine.

If we work together, the criminal justice system can be a critical part of the solution. I promise that we will work with you, the Legislature, and with the Governor, to do what we can to make Maine a healthier place.

### **Conclusion**

In conclusion, I ask for your continued support in improving our system of justice.

## SELECTED ADDRESSES TO THE LEGISLATURE

- First, support LD 1789, *An Act to Modernize and Improve the Efficiency of Maine's Courts*. Help us create an eFiling system.
- Second, support the proposals to add more judges to the Maine courts. Public safety, families, and businesses will all benefit.
- Third, support LD 1639, which will provide very modest improvements in merit and longevity pay for our hard-working, committed State employees.
- And finally, I encourage you to spend a day in a courthouse, and I thank those of you who have already done so. Come learn what your constituents will experience when domestic violence, a divorce, a car accident, or a family member charged with a crime brings them into our system of justice.

I thank you for your service to the great State of Maine, and for your time and attention today. I look forward to working with you to continue the improvements in the delivery of justice in the State of Maine.
