At this point, pursuant to House Rule 201, the Chair addressed the House.

Speaker **FECTEAU**: The Chair would like to welcome all of you back to these renowned hallways and this chamber that has been the place of debate and deliberations for nearly 200 years. The last time I welcomed all of you for the opening of a new legislative session, it was offsite at the Augusta Civic Center, a first since this house was opened this week 190 years ago in January of 1832. I'm thankful to this Body for your unwavering generosity and patience as we met new challenges seemingly every week and adapted in order to continue our work in service of Maine people and the communities we all call home. I would also like to thank in advance of today's session

and the many that will follow the staff for all their hard work that they have done to prepare for our return. Their work makes it possible for the Maine Legislature to innovate, meet as safely as possible and consider the proposals we've introduced on behalf of our constituents.

As you know, decorum is most fundamental to maintaining order in our Body. As the Body considers hundreds of bills, many involving complex issues that require consensus and creative solutions, the Chair reminds the Body of the rules of decorum on the floor of the House during debate. There may be items in front of us in the coming months with a significant amount of debate and that is welcome, but I remind the Body of some important standards; refraining from impugning the character of another Member or questioning the motives of another Member and directing comments through the Chair rather than towards your fellow Members. Safety and public health remain paramount as lawmakers, the public and the staff work together during the course of this session. The health precautions we take are similar to the respect we show one another when we wait to be recognized before speaking, not walking in between fellow members when they are addressing the Body and taking conversations outside of the House chamber. I implore Members and those who come to the State House to take precautions that prevent the spread of COVID-19. Doing so is a means of respecting each other in this space that we share with those who have varying vulnerabilities themselves to COVID or have loved ones at home who are at higher risk of hospitalization or worse. I want to be clear; I will enforce the protocols adopted by Legislative Council. This means face coverings remain properly in place. I encourage members to wear the N95 masks that were provided to you on your desks as they are the most effective protection for a gathering of this size. Members will receive an additional mask on January 26th when we meet. With that said, it is the distinct honor of the Chair to preside over the Second Regular Session of the 130th Legislature. In my eighth year, my final year in my service in the House, I've always appreciated the goodwill and dedication members of this House has exercised. Today, in 2022, the people of this State face obstacles that are unsettling and setbacks that have felt frustrating. At the same time, Mainers are hopeful and optimistic, especially as they gathered once again with loved ones to celebrate the holidays. Perhaps we have a deeper sense of what it means to be together after so much time apart. Whatever we are called to do, to tackle during the course of this session, I am confident that this Body will deliver for the people of the State of Maine, we will look back upon the work of the 130th Legislature and know the contributions we made were for the betterment of Mainers, our neighbors, our constituents across our great State. So, with that, I say Happy New Year to all of you, welcome back and let's get to work.

ORDERS

On motion of Representative DUNPHY of Old Town, the following House Order: (H.O. 14)

Received by the Governor on November 4, 2021

READ and with accompanying papers **ORDERED PLACED ON FILE.**

At this point, Representative LaROCHELLE of Augusta was added to the roll call of the Second Regular Session of the 130th Legislature.

Subsequently, Representative DUNPHY of Old Town reported that she had delivered the message with which she was charged.

**CONSENT CALENDAR
First Day**

In accordance with House Rule 519, the following item appeared on the Consent Calendar for the First Day:

(H.P. 651) (L.D. 895) Bill "An Act To Make Necessary Changes to State Law" Committee on **STATE AND LOCAL GOVERNMENT** reporting **Ought to Pass as Amended by Committee Amendment "A" (H-750)**

Under suspension of the rules, Second Day Consent Calendar notification was given.

There being no objection, the House Paper was **PASSED TO BE ENGROSSED as Amended by Committee Amendment "A" (H-750)** and sent for concurrence.

REPORTS OF COMMITTEE Pursuant to Joint Rule 309

From the Committee on **MARINE RESOURCES** on Bill "An Act To Amend the Laws Regarding Marine Resources" (H.P. 275) (L.D. 391)

Received by the Clerk of the House on January 3, 2022, pursuant to Joint Rule 309.

The Bill was **READ ONCE**.

Under suspension of the rules the Bill was given its **SECOND READING WITHOUT REFERENCE** to the Committee on **Bills in the Second Reading**.

Representative McCREIGHT of Harpswell **PRESENTED House Amendment "A" (H-751)** which was **READ** by the Clerk.

The SPEAKER: The Chair recognizes the Representative from Harpswell, Representative McCreight.

Representative **McCREIGHT**: Thank you, Mr. Speaker. In the First Regular Session of this Legislature, we unanimously passed LD 338, An Act to Amend the Law Governing the Maine Lobster Marketing Collaborative. The collaborative is routinely reviewed every five years. The bill we passed went into law, however, because the effective date of the law was after the date of the original sunset, the collaborative was inadvertently repealed. This Floor Amendment has the same title and language as the original LD, with the only changes being correction of the error of the date and making sure that the error won't happen again. Thank you, Mr. Speaker.

Subsequently, **House Amendment "A" (H-751)** was **ADOPTED**.

Under further suspension of the rules the Bill was **PASSED TO BE ENGROSSED as Amended by House Amendment "A" (H-751)** and sent for concurrence.

By unanimous consent, all matters having been acted upon were **ORDERED SENT FORTHWITH**.

Speaker Fecteau,

Due to recent changes in my personal financial situation and career demands, I am unable to continue my service in the Maine House of Representatives. Accordingly, I shall resign my seat in the Maine House effective today, Friday, October 15, 2021.

Serving the citizens of Gorham and Scarborough in the Maine House of Representatives for the past year has been the privilege of a lifetime. It was an honor to work with you this past session to adopt ongoing voter registration, with Secretary Bellows to expand opportunities for voter participation, and with colleagues across the aisle to create a health care loan repayment program, study incentives for residential fire sprinkler systems, support sustainable economic development projects, promote youth perspectives in workforce development, and raise the importance of planning for Maine's future.

I am grateful for all I have learned and the new friendships that I have made along the way. Most of all, I am grateful to the

citizens of Gorham and Scarborough who placed their trust in me and afforded me the privilege and honor of representing them. While I regret that I must resign my term before its natural expiration, I look forward to serving the public in my ongoing role as an advocate for reforming elections and strengthening democracy for future generations.

Respectfully submitted,

Speaker Fecteau,

It is with great sadness that I will be resigning from the Maine House of Representatives effective at the end of the day today, November 19, 2021.

I left retirement from law enforcement and my farm to represent the people of southern Aroostook County in Augusta. It truly has

been a privilege to be their voice especially over the last twenty months.

The last two years have been about fighting for the principle that Government doesn't get to tell you how to live your life. In that time I have lost my friend, my close ally, my wife. Her dedication to the farm allowed me to dedicate the time I needed to the people of Aroostook County. With her passing I am no longer afforded that time.

This is a difficult decision to make, as I feel there is still much to be done to roll back the expansion of state power that we have witnessed these past two years. But I also must honor my obligations to my family and to my animals.

It has been my distinct honor to serve the People of Aroostook County in Augusta, especially during the COVID-19 health crisis, when I was put in a position to be a voice of opposition to uncontrolled emergency powers in the hands of one person.

I humbly submit my resignation from the 130th Maine Legislature.

Sincerely,

S/Representative Chris Johansen

SENATE PAPERS

The following Joint Resolution: (S.P. 669)
JOINT RESOLUTION RECOGNIZING MAY 1, 2022 AS PUREBRED DOG DAY

WHEREAS, purebred dogs are living legacies of the cultures that created them, and historically these dogs worked alongside their people and provided them companionship; and

WHEREAS, the service of these breeds continues today as they work alongside humans while serving as guide dogs, service dogs, conservation dogs, livestock guardians, search and rescue dogs, earthdogs, police dogs and canine soldiers serving alongside our military men and women; and

WHEREAS, purebred dogs also serve as avalanche dogs, trackers, trailers, herders, controllers of vermin, water rescuers, carting and sled dogs, retrievers, protectors, hunters and bird dogs; and

WHEREAS, purebred dogs have been of enormous help to medical science, serving as models for many heritable human diseases, playing a role in humanity's understanding of the human and canine genomes and benefiting pharmaceutical research and development; and

WHEREAS, purebred dogs are guardians of family, home and hearth, and always they are companions near and dear to humans; and

WHEREAS, each purebred breed is indelibly etched in the history of the culture that created it just as surely as are that culture's music, art and language; and

WHEREAS, all dogs should be valued, whatever their ancestry, but the purpose-bred dog and the predictability of its breed should be cherished and preserved; and

WHEREAS, there is currently no day set aside to celebrate and acknowledge the contributions of the purebred dog; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirtieth Legislature now assembled in the Second Regular Session, on behalf of the people we represent, take this opportunity to recognize May 1, 2022 as Purebred Dog Day in celebration of purebred dogs and the many service and companion benefits they provide in Maine.

SENATE PAPERS

The following Joint Resolution: (S.P. 670)

**JOINT RESOLUTION COMMEMORATING THE JANUARY
6TH INSURRECTION**

WHEREAS, on January 6, 2021, the United States Congress convened in a joint session pursuant to the United States Constitution and the federal Electoral Count Act of 1887 to certify the results of the people's vote and the Electoral College results in the 2020 Presidential Election; and

WHEREAS, on the same date, a group of insurgents violently stormed the United States Capitol in an act of domestic terrorism with the intent to disrupt and prevent the certification of the 2020 Electoral College results; and

WHEREAS, this act of domestic terrorism left an estimated 140 members of law enforcement, who serve and protect the United States Capitol and the United States Congress, with serious injuries ranging from brain damage to crushed spinal discs; and

WHEREAS, this act of domestic terrorism represented a threat to the safety of the members of the United States Congress and an affront to the United States Constitution, democracy and our commitment to holding free and fair elections that ensure every American is able to exercise the right to vote; now, therefore, be it

RESOLVED: That We, the Members of the One Hundred and Thirtieth Legislature now assembled in the Second Regular Session, on behalf of the people we represent, take this opportunity to recognize this solemn anniversary, honor the brave men and women serving in law enforcement committed to protecting the United States Capitol and the Maine State House and recommit to protecting the right of Maine citizens to participate in free and fair elections.

The SPEAKER: The Chair recognizes the Representative from Paris, Representative Andrews.

Representative **ANDREWS**: Mr. Speaker, I'd like to request a Roll Call on that and speak to my motion. I believe I beat the hammer.

The SPEAKER: The Chair would inquire whether the Member would like a Roll Call to be requested on adoption of the Joint Resolution. Just to clarify; what the Chair just did was dispense with the reading of the Joint Resolution.

Representative **ANDREWS**: I would request a Roll Call on the passage of the whole item and wish to speak to it.

Representative ANDREWS of Paris **REQUESTED** a roll call on **ADOPTION**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The SPEAKER: The Representative may proceed.

Representative **ANDREWS**: While I can appreciate the sentiment of this Resolution, I am not exactly comfortable with some of the language within it. Therefore, I will be voting against it. If the press or my constituents or anyone's constituents would like to know how somebody feels about the events of January 6th, I think they should ask that person as an individual. I don't feel that passing a collective resolution instead of asking the individual people is appropriate. Thank you, sir.

The SPEAKER: The Chair recognizes the Representative from Berwick, Representative O'Connor.

Representative **O'CONNOR**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I would have to agree with the Representative from Paris. I've always supported all police officers every day of my life since I was old enough to know how and this Resolution here speaks to domestic terrorism on January 6th. Not one single case has been tried and proved as domestic terrorism. Therefore, with all due respect to the President of the Senate, I think this is a fluff piece and it never should've seen the light of day. Thank you.

The SPEAKER: The Chair recognizes the Representative from Canaan, Representative Stetkis.

Representative **STETKIS**: Thank you, Mr. Speaker. I'm proud of the very long record that we as Republicans have in supporting our law enforcement officers locally and abroad. I cannot support this piece of political rhetoric disguised as support for law enforcement, so, I'm going to be voting no on this Resolution and I would like to have my record and our record in supporting law enforcement taken into account and the vote on this particular Resolution not being reflected on our history.

The SPEAKER: A roll call has been ordered. The pending question before the House is Adoption of the Joint Resolution All those in favor will vote yes, those opposed will vote no.

The following Joint Order: (S.P. 620)

WHEREAS, in order to ensure that the Legislature is able to continue to meet the urgent needs of the people of the State while confronting rapidly changing circumstances and public health concerns, it is necessary to continue procedures first implemented in the First Regular Session of the 130th Legislature to allow the Legislature to continue to operate in a safe, accountable and transparent manner; now, therefore, be it

ORDERED, the House concurring, that for the Second Regular Session of the 130th Legislature and any subsequent special legislative session that occurs during the 130th Legislature:

1. Notwithstanding any Joint Rule to the contrary, for purposes of the Constitution of Maine, a legislative meeting or proceeding held via electronic means is considered to have occurred at the seat of government and all actions taken during the meeting or proceeding have the same legal effect as if the members were physically present at the seat of government. Nothing in this Order may be construed to modify the administration of provisions regarding the payment of legislative per diem and reimbursement for travel and expenses;

2. Notwithstanding any Joint Rule to the contrary, upon reference of a bill to a committee, if a majority of the chairs and leads of the committee agree, in advance of scheduling the bill for public hearing, that the reference to that committee is inappropriate, that bill must be reported back to the floor with a recommendation of "change of committee reference." Notwithstanding any Joint Rule to the contrary, upon reference of a bill to a committee, if a majority of the chairs and leads of the committee agree, in advance of scheduling the bill for public hearing, that the reference to that committee is appropriate, that bill remains in that committee. If there is not a majority agreement among the chairs and leads regarding reference of that bill, the bill is designated for discussion by the committee for a possible change of committee reference. If the committee recommends that the bill be referred to a different committee, the committee shall report the bill back to the floor with a recommendation of "change of committee reference." Any bill that undergoes a reference determination pursuant to this section that is retained by the committee must be scheduled for a public hearing;

3. Notwithstanding any Joint Rule to the contrary, a member who is in attendance at any meeting or proceeding through approved electronic means is considered present for the purposes of the Joint Rules, including but not limited to for the purposes of a quorum;

4. Notwithstanding any Joint Rule to the contrary, a meeting or proceeding may be conducted through electronic means as long as:

A. Notice of the meeting or proceeding is provided in accordance with applicable rules, including but not limited to Joint Rule 305, and the notice includes the method by which the public may attend;

B. The identity of each participating member is verifiable, and the actions of each participating member can be authenticated, in a manner satisfactory to the chair;

C. Each member who is participating in the meeting or proceeding has the opportunity to hear and speak to other members during the meeting or proceeding; and

D. Members of the public attending the meeting or proceeding at the location identified in the notice given pursuant to paragraph A have the opportunity to hear and participate in, as appropriate, the meeting or proceeding.

Nothing in this Order may be construed to affect the ability of the chairs to suspend a committee meeting in the event of widespread power outages or natural disasters or when otherwise determined appropriate;

5. Notwithstanding any Joint Rule to the contrary, a member who is participating in a meeting or proceeding conducted through electronic means may cast a vote through electronic means as long as the chair is able to both see and hear the member casting the vote, or, if the chair cannot both see and hear the member, as long as the member registers that member's vote with the member's presiding officer by noon of the 2nd business day following the vote;

6. A technical failure on the part of an individual member or a group of members that interrupts that member's or group's electronic connection to the meeting or proceeding does not invalidate any action taken by the majority of those in attendance in the meeting or proceeding; and

7. Notwithstanding Joint Rule 208, the Revisor of Statutes shall prepare in concept form: a bill submitted by the Governor that proposes to make supplemental appropriations and allocations for the expenditures of State Government; or a bill that proposes to adopt a uniform law, a model law or an interstate compact; and be it further

ORDERED, the House concurring, that, notwithstanding Joint Rule 103, this order may be suspended with the consent of a majority of members of each chamber voting.

Representative ANDREWS of Paris **REQUESTED** a roll call on **PASSAGE**.

More than one-fifth of the members present expressed a desire for a roll call which was ordered.

The **SPEAKER**: The Chair recognizes the Representative from South Paris, Representative Andrews.

Representative **ANDREWS**: Thank you, Mr. Speaker. We are on the First Legislative Day of the Second Regular Session and, more importantly, we are no longer under a state of emergency declared by the Chief Executive. We currently do not have an active resolution that allows all public proceedings

of the Legislature of Maine and its committees and subcommittees to be conducted remotely. In fact, we do not currently have an active of Statute that would allow for remote legislative meetings. State Statute 403-A, the Statute that allowed for remote legislative meetings during a declared state of emergency, references the scope of the Legislature to meet remotely; quote, 403-A Subsection 2, application to legislative proceedings. This section does not apply to public proceedings of the Legislature, a legislative committee, or the Legislative Council except that while a state of Emergency as set out in subsection one is in effect, the Legislature, a legislative committee or the Legislative Council may restrict the attendance by the public to remote access by telephonic, video, electronic or other similar means. The emergency set out in subsection one is defined as, quote, a state of emergency as declared by the Chief Executive. Furthermore, the entire 403-A section of Statute was repealed 30 days after the Chief Executive's declared state of emergency ended. That emergency declaration by the Chief Executive expired on June 30, 2021, which was 189 days ago.

Mr. Speaker, the only way for legislative public proceedings to legally be held remotely is for this new super-resolution to be passed by the House and Senate today. I ask for a roll call vote because our constituents deserve to know if their representative voted to ban the public from the State House, the peoples' house, for another year. In a State where broadband connectivity is a major issue, to only allow public committee meetings to occur online would disenfranchise thousands of Mainers because of where they live in the State and that is not fair or equitable. The public must be allowed to attend public committee meetings in person at the State House. For too long, Mr. Speaker, this dome has become an ivory tower. Our State is largely back to normal. Teachers and students are back in person learning in rooms the size of our committee rooms. Small businesses across Maine are rebuilding their consumer base while steadfast employees mind their registers in retail sectors all across Maine. In fact, Mr. Speaker, I've seen firsthand out exceptional school principals and school nurses have burned the candle at both ends to do everything they can to keep our schools open and in person. They should be applauded. Yet, the 130th Legislature can't have face-to-face committee meetings or allow the public to testify within the walls of their own house. This is an insult to every Mainer who is trying to work their way back to normal and put food on the table.

Why do legislators deserve special treatment when the rest of the business sectors in the State are operating as they once did? Are we entitled to special treatment in our ivory tower, Mr. Speaker? This proposed resolution is unacceptable. Frederic Bastiat, one of the most notable classical liberals of the 19th century, correctly diagnosed the problem with politicians over 150 years ago when he said; do not the legislators and their appointed agents also belong to the human race or do they believe that they themselves are made of a finer clay than the rest of mankind? Mr. Speaker, now is the time to lead. Now is the time to set the example for our constituents. Now is not the time to cower in an ivory tower until no one ever gets sick again while the rest of the State gets up and goes to work every day.

Mr. Speaker, we are not made of a finer clay. If anything, we need to match the effort, work ethic and resiliency of those Mainers who have dirt on their jeans, grease on their fingers and swollen ankles after a hard day's work at the mill or a shift at the diner. If they can do that and show up for work, Mr. Speaker, so can we. We must allow the public to testify in person and attend our public hearings. Public in-person testimony is a necessary check and balance on legislative power. There are a whole host of controversial bills this session that have the potential to change the face of Maine forever. Mr. Speaker, if such legislation is going to be voted on in this House, then legislators need to look the public in the eye and listen to their grievances in person. To not do that would be to deny the citizens their constitutional rights. The Statutes and facts are clear; the only way the public can be banned from public hearings in the people's house in this second session or any special session that follows, is if we passed this vote and pass this super-resolution today. I would implore everyone in this chamber to be the leader their constituents elected and go on the record affirmatively stating that they will show up for work and, more importantly, that they will open the doors to the public for all legislative proceedings in the people's house. Mr. Speaker, if Maine families can spend two hours and 28 minutes in a movie theater watching the latest Spiderman movie, we as a legislator can have in-person committee hearings. We need to lead the way and set the example for our constituents. Please follow my light and thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Pittston, Representative Hanley.

Representative **HANLEY**: Thank you, Mr. Speaker. Mr. Speaker, Ladies and Gentlemen of the House, I rise in opposition to the pending motion. I'll make it short and sweet, if I can. When my wife and I go grocery shopping at the IGA in Randolph or over at the supermarket in Gardiner, or any other store, the clerk that checks us out checks out more people; she is in contact face to face with more people in her shift in one day than I would be ever in a committee hearing room. And we are leaders, we are elected to lead, we are elected to show leadership qualities and skills, yet we're not leading; we're hiding. Yet we expect the rest of this State and they are all doing it, they are all back at work and we are not. We're voting not to go back to work. Another issue I'd like to bring up is the immense amount of divided reports out of these chambers, out of these committee hearings. Maybe one of the reasons you have so many divided reports is you've lost the comradery of the hallway conversation, the conversation over lunch or in the parking lot, or just a moment of recess outside of the hearing rooms. That might help alleviate the massive divided reports we deal with all the time here, the personal connection between human beings. Being a video image all the time is not the most effective way to build that friendship and the ability to cross lines and make compromises and make law. So, I'm asking you to do what all of the rest of the State of Maine is doing; go back to work, not willy-nilly or with callousness, but with reasonable caution like everybody else is and come back into this building, do our job as leaders and do it now. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Fairfield, Representative Rudnicki.

Representative **RUDNICKI**: Thank you, Mr. Speaker. Since we started on Zoom, when I introduce myself in committee, the first thing that I say is that we are doing a disservice to our constituents and to the people of this State. We need to be face to face with them. And if you can go to Walmart, if you can go to Hannaford, then there is no reason we can't be back in these committee rooms. Thank you.

The SPEAKER: The Chair recognizes the Representative from Dexter, Representative Foster.

Representative **FOSTER**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I'll keep this very simple. I was a little surprised to find out after successfully holding EUT committee meetings, five of them this fall, the last one I believe it was in December, successfully with the public present, lobbyists and others, that we were now, because the date has changed, we're back in session, going back to Zoom. And I will say this; I do not feel that using Zoom for committee meetings allows the public to have as much participation as in person and, as has been said before, it certainly does not allow a lot of personal intercommunication between committee members. So, I stand in opposition to this motion. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from South Portland, Representative Kessler.

Representative **KESSLER**: Thank you, Mr. Speaker. Mr. Speaker, I cannot sit here and let some of the comments that were just spoken by my colleagues go unaddressed. I'll try to keep this brief. I understand the concern about maintaining the traditions of this institution. I think they are sacred traditions and so, I understand where my colleagues are coming from. At the same time, I have seen remote access to our meetings open the door to more participation from the general public, including those people who have to come from rural areas who don't have access to broadband in their homes but it's a much easier drive to go to the public library than it is to drive three to four hours to come to this building. I feel insulted when we're being accused of sitting in an ivory tower when many of us work our butts off in our regular lives in addition to doing the people's work here. It's disingenuous. I hope for a day where remote participation becomes standard and increases access to our democracy more than it ever has. I'm thankful that the leadership has prioritized our safety to conduct meetings as well as keep it open to as many people as possible. So, I enthusiastically support this.

The SPEAKER: The Chair recognizes the Representative from Auburn, Representative Bickford.

Representative **BICKFORD**: Thank you, Mr. Speaker. May I pose a question through the Chair?

The SPEAKER: The Member may proceed.

Representative **BICKFORD**: Mr. Speaker, I'm wondering why it's more of a risk, a health risk, for us to be in committees when we can sit here today, 135 of us I believe are here, very close contact, very close contact in the hall, but we're not at risk today or on the 26th we're not going to be at risk. Can someone explain why it's going to be more risky for us to meet in committee hearings? Thank you.

The SPEAKER: The Chair recognizes the Representative from Knox, Representative Kinney.

Representative **KINNEY**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I just wanted to rise. I, like you, Mr. Speaker, I'm in my fourth or final term here in the House and certainly remember the days of constituents coming in kind of at the last minute to make testimony. In fact, the first time I ever testified before a committee hearing, I came just as a body, I wasn't planning to speak. And as I sat in the committee hearing and listening to testimony, I made the decision to speak on this particular issue. It's not something that people are able to do today. We can't, and that's a disservice to the people of the State of Maine and is why I am opposed to the pending legislation. We have heard compelling testimony on this. There are going to still be people that that aren't going to feel safe coming in for whatever reason, but the majority of people are back to work, they're going shopping, the grocery stores are full, Walmart is full; believe me I know, talk about Christmas, this Christmas season, people were out, they were shopping. They're moving on and trying to get back to a sense of normalcy. We're hearing from the CDC a much shorter time for quarantining. So, the issues that are out there, if we're truly listening to all the science that's going on, we're finding out that we should be able to be back in person. And commonsense needs to take place. If you don't feel well, don't come in and don't be here. I think we can tell by the number of people who are not here today that people are taking that and being very cautious about it and I just think that that's something we all need to just remember is that we are here to serve the people and I don't think that we're in an ivory tower or anything like that, but that is a perception among some members of our communities back home and we need to remember that some of those people just they're not technologically astute and it's time that we get back to a sense of normalcy. I don't think we want this entire session of two years to be known as the session where we left out the people.

The SPEAKER: The Chair recognizes the Representative from Lewiston, Representative Brooks.

Representative **BROOKS**: Thank you, Speaker, people of the House. I rise in favor of the pending motion. I believe it's important to put public health first. Having testified myself before becoming a legislator, I know that it's travel and transportation is one issue, particularly on a day like today with potentially slippery roads and access to transportation issues. I like the idea of having communities like public libraries facilitating internet connectivity and Zoom assistance and I think it's really important, especially with the Omicron variant and having a lot of us, all of us, having people that we know and love and our friends and constituents suffering with the coronavirus and particularly different variants that are coming around, it's important that we pass this measure.

The SPEAKER: The Chair recognizes the Representative from Fairfield, Representative Rudnicki.

Representative **RUDNICKI**: Thank you, Mr. Speaker. I have a couple of questions to pose through the Chair.

The SPEAKER: The Member may proceed.

Representative **RUDNICKI**: First question is if somebody is up here speaking and if they have a mask on, could they speak louder, because we cannot hear. And my second question is; is this going to require an emergency preamble because for it to take effect immediately wouldn't it need a two-thirds vote?

The **SPEAKER**: The Member from Fairfield, Representative Rudnicki, has posed a question to the Chair regarding speaking, for anyone that may be able to answer and the Member from Fairfield has posed another question to the Chair concerning the Joint Order and whether or not it needs two-thirds and it does not because it's not a bill, it's in regards to the operations of the House and it does not require two-thirds to take effect immediately.

The **SPEAKER**: The Chair recognizes the Representative from Dixfield, Representative Pickett.

Representative **PICKETT**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. Last year in 2021, we came here and we went to work. We knew some about what the pandemic was about, we did everything we could do in being over to the Civic Center, not having committee meetings, to try to do what we could do to protect each other and protect our families and everyone else, as did everybody out here in our communities. 2022, we start the new year. We lost a whole year, in my opinion and the first six years I was here working in committee many bills were able to be worked in committee by having time to go outside to talk with others, by working with the other side and having actual meetings with them in person and talking with them instead of trying to set up individual Zoom meetings while a Zoom meeting is actually going on and those kind of things and it was a different world last year. But this is this year. And, yes, the pandemic is still here, there's a variant out, it's still here. And the pandemic, no one is playing that down, but everybody in my district that works and takes care of their family have gone back to work, for the most part, because they realize they have to work and they have to go. And we are here in this House and we should be leading our State. We should be the example to our State that look, we should be out here working just as they are and our place is here and under this dome, working in our committees and working in this chamber. That's why I oppose this particular motion and I'll be voting against it. We need to get back here and we need to get to work. We need to be smart but we cannot continue to live in a bubble. We've got to get on with our lives and we've got to turn around and we've got to live with COVID, not in fear of it. Thank you, Mr. Speaker.

The **SPEAKER**: There are six Members in queue. The Chair recognizes the Representative from Penobscot, Representative Hutchins.

Representative **HUTCHINS**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I'll try to stay close to the mic because with these things on our faces, we can't be heard very well. We heard some good points made on both sides here in the last few speakers talking about the expanded chance through Zoom meetings that have taken place all over the State and people can listen in, maybe go to their library and do it, but it's still not the same as us being here, reading the room when

you're in a committee room with information that's more accessible. People listening from away at Zoom meetings, all of a sudden, they might have a great idea, that's not going to do them a bit of good because they're not at the committee room where they could perhaps sign in and speak up. So, I'm speaking in opposition to this also. We do need to get back to something that is more nearly normal and in the process of doing it join the rest of the people of Maine that are doing the same thing. Thank you.

The **SPEAKER**: The Chair recognizes the Representative from Calais, Representative Perry.

Representative **PERRY**: Thank you, Speaker. Sorry. I got up because my concern is really the level of exposure, not only to the public but to all who come into this building. I have been working a COVID test site in Calais and on Monday we did 83 tests and 33% of them were positive. This is people who have gone to a basketball game and there were young people who were coming out positive. This is also people who will try and cross to the border. There is a lot more positive than there were when we originally started this. We have a lot of people who are therefore, required to quarantine, required to stay out of work, so work is not back to normal. We have teachers and students who are missing school and trying to do things both remotely and in person. So, my concern, my concern for the public and for everybody who works in this building is really about the level of exposure and the amount of exposure that we would have on a daily basis and that's for our public as well.

The **SPEAKER**: The Chair recognizes the Representative from Skowhegan, Representative Poirier.

Representative **POIRIER**: Thank you, Mr. Speaker. May I pose a question through the Chair?

The **SPEAKER**: The Member may proceed.

Representative **POIRIER**: Thank you. I would just like to know if we're exploring the possibility of hybrid meetings where those who are comfortable being able to participate in person and those who are not, participating remotely.

The **SPEAKER**: The Member has posed a question through the Chair. The Chair will answer the question. At this point, the President of the Senate and I have decided that we will make decisions related to whether it's strictly remote or hybrid on a month-to-month basis and so, as we approach February, we'll have another decision as to whether or not we move to hybrid. We have purchased the equipment necessary, the technological equipment necessary to set up the committee room so that they can function in a hybrid way. If anyone has been in the appropriations committee room during the course of the off-session, that committee room has been equipped to do hybrid and, in fact, we did a couple hybrid meetings during the course of the summer for a commission that I was actually chairing. However, not all the committee rooms were equipped with that technology. However, we have made the investment in ensuring that the committee rooms can handle hybrid meetings. So, we are prepared for hybrid meetings should the situation with COVID lend itself to making that decision happen. So, it's not out of the realm of possibility for for this session.

The SPEAKER: The Chair recognizes the Representative from Vassalboro, Representative Bradstreet.

Representative **BRADSTREET**: Thank you, Mr. Speaker, Ladies and Gentlemen of the House. I rise in opposition to the pending motion. I do share the sentiments of those who have already spoken regarding their opposition to the motion. What I'd like to add simply is this, that the last part of the Joint Order, it says; ordered, the House concurring, that, notwithstanding Joint Rule 103, this order may be suspended with the consent of a majority of members of each chamber voting. And one of the frustrations that I and I know a lot of other Members have had is that if we're not convened, we don't have a chance to vote. And from a practical matter, we won't be able to vote on again because we are convening so rarely. Thank you, Mr. Speaker.

The SPEAKER: The Chair recognizes the Representative from Paris, Representative Andrews.

Representative **ANDREWS**: Thank you, Mr. Speaker. I appreciate the opportunity to rise again and I appreciate your words about the hybrid model. I welcome that and look forward to that day, but saying what's going to happen in the future sounds a lot like two weeks to flatten the curve to me and that's why I feel we need to vote this motion down today and allow the public in for public proceedings. Thank you.

The SPEAKER: The Chair recognizes the Representative from Bangor, Representative Roeder.

Representative **ROEDER**: Thank you, Mr. Speaker. I'll be very brief. Should this motion pass, one of the concerns that I have is for the connectivity of this Body and whether or not all Members of this Body would be able to participate remotely. And my question, then, is will we have resources available for those folks who might not have a strong internet connection, who might not have an internet connection at all at times? So, that is my question. Thank you.

The SPEAKER: The Representative from Bangor, Representative Roeder, has posed a question through the Chair. The Chair would advise that we met virtually during the First Regulation Session and the Special Session that proceeded it and anyone that had an issue with connecting amongst this Body or otherwise, I believe those issues were worked out. In fact, there were many Members who continued to come to the State House, sit in their committee rooms and connect to the State House internet and participate in the committee process. And so, my understanding, unless someone never spoke up, is that there have not been any issues with any Members connecting to their Zoom meetings during the course of the work that we did in the last legislative session.

The SPEAKER: The Chair recognizes the Representative from Caribou, Representative Bernard.

Representative **BERNARD**: Thank you very much, Mr. Speaker. Ladies and gentlemen, I just want to address the point that was made earlier regarding the number of positive cases that we have and there are a number of positive cases that we have. In fact, they've been on the rise. But most recently from the CDC and Dr. Anthony Fauci said that that is not the number, that's not the metric that we need to be looking at, because it's going to be spreading, especially with the Omicron virus. The

trouble is going to be we should be looking at hospitalizations and deaths. But you're not supposed to be looking any more, he advised this, of the numbers of cases. So, that's really not something to be considered as we determine what we should be doing and it's obviously not what's being considered when businesses and restaurants and everybody else seems to be doing. So, yes, hospitalizations, yes, deaths, but not the numbers of cases. Thank you.

The SPEAKER: The Chair recognizes the Representative from Windham, Representative Corey.

Representative **COREY**: Thank you, Mr. Speaker. I'll keep this short. Men and Women of the House, this building used to be collaborative, energizing and welcoming. This Legislature used to be collaborative, energizing and welcoming. We did our best work then. It used to be fun. Thanks.

The SPEAKER: The Chair recognizes the Representative from Hodgdon, Representative Quint.

Representative **QUINT**: Thank you, Mr. Speaker. As a new legislator, I've been very disappointed in my ability to look my constituents in the face when they come and want to testify. I think there's a personal connection missing with that and Zoom will not cover that. I appreciate the hybrid model for the people that truly it's more difficult for them to come in, but one of the great things is that our constituents should be able to look us in the face and question us about the way that we vote. And we do have Members who do not have to look their constituents in the face and that, to me, is utterly regrettable and unconscionable. I would like to thank the Representative from Bangor. I am one of the Representatives who has come down four days a week all last year because I do not have a reliable internet connection. We are denying people the right to come and speak to us because of that. I should not have to go down to my local library when this building is here in Augusta and it should be open. Other states in our country are able to do this. Why is our leadership so poor that we are unable to do this? I just do not understand that. So, thank you, Mr. Speaker.

The SPEAKER: A roll call has been ordered. The pending question before the House is Passage of the Joint Order. All those in favor will vote yes, those opposed will vote no.
