In the case of partnerships, limited liability companies, S corporations, nontaxable trusts and any other entities that are treated as flow-through entities for tax purposes under the Code, the individual partners, members, stockholders, beneficiaries or equity owners of such entities must be treated as the investors under this section and are allowed a credit against the tax otherwise due from them under this Part in proportion to their respective interests in those partnerships, limited liability companies, S corporations, nontaxable trusts or other flow-through entities. Except as limited or authorized by subsection 3 or 4, 25% of the credit must be taken in the taxable year the investment is made and 25% per year must be taken in each of the next 3 taxable years.

In no case may this carry-forward period exceed 15 years.

5. Recapture. In the event that the Department of Inland Fisheries and Wildlife revokes a certificate, there must be added to the tax imposed on the investor under this Part for the taxable year in which the revocation occurs an amount equal to the excess of the amount of credit revoked over the amount of credit not yet taken.
