Amend the bill in section 2 by striking out all of paragraph A and inserting the following:

‘A. The provisions of subsection 1 do not apply to:

(1) A certificate or other paper required or allowed by law to be displayed;

(2) The label attached to a window showing the price, estimated mileage and other federally mandated information commonly known as the manufacturer’s suggested retail price label;

(3) Sun-screening or window-tinting material ~~along a 4-inch strip at~~ above the AS-1 line in the top portion of the windshield or, if there is no AS-1 line in the top portion of the windshield, along a 5-inch strip at the top of the windshield. For purposes of this paragraph, "AS-1 line" means the marking that includes the letters "AS," the number "1" and an arrow that is required to be placed on certain safety glazing materials pursuant to 49 Code of Federal Regulations, Section 571.205 (2006); or

,

(4) Motor vehicles for which the Chief of the State Police has granted an exception because the health of the owner or a person who usually occupies the vehicle is adversely affected by sunlight. The Chief of the State Police may, upon proper application, provide the owner of a motor vehicle with a certificate of exemption that must be displayed upon the request of a law enforcement officer.

SUMMARY

This amendment modifies the bill by removing the provisions that would have required certain certificates and labels attached to vehicle windows to be removable and changing language allowing sun-screening at the top of the windshield. The amendment allows sun-screening above the AS-1 line at the top of the windshield or, if there is no AS-1 line, along a 5-inch strip at the top of the windshield.
