2. Prohibition. A health care facility is prohibited from knowingly charging a patient or the patient's insurer for health care services it provided as a result of or to correct a mistake or preventable adverse event caused by that health care facility.

3. Patient education. A health care facility is required to inform patients of the prohibition on payment for health care facility mistakes or preventable adverse events.'

SUMMARY

This amendment changes the title and replaces the bill. It prohibits a health care facility from knowingly charging a patient or insurer for treatment to correct mistakes or preventable adverse events. The amendment clarifies that, in the case of a patient's death or disability, the mistake or preventable adverse event must be the cause of the patient's death or disability; the bill only requires the death or disability to be associated with the mistake or adverse event. It requires health care facilities to inform patients of the prohibition on payment for health care facility mistakes or preventable adverse events.
