An Act To Authorize a Tribal Commercial Track and Slot Machines in Washington County

Be it enacted by the People of the State of Maine as follows:

Sec. 1. 8 MRSA §271, sub-§9, as reallocated by RR 1997, c. 1, §7, is amended to read:

9. Previous year's dates. Beginning with licenses issued for calendar year 1996, notwithstanding any other provision of this chapter, every commercial track or tribal commercial track that is licensed for a specific calendar year must be assigned all of the race dates that it requests for that year if it conducted live racing on those dates during the immediately preceding calendar year. For the purposes of this section, a race date is the same from year to year if it is the closest calendar date that falls on the same day of the week.

Sec. 2. 8 MRSA §275-A, sub-§12 is enacted to read:

12. Tribal commercial track. "Tribal commercial track" means a harness racing track, operated by a tribe federally recognized as a tribe in Maine as of January 1, 2005, that:

A. Is located more than 90 miles from an existing commercial track that operates slot machines but within 45 miles of the operating tribe's Indian reservation as described in Title 30, chapter 601; and

B. Conducts racing on more than 25 days each calendar year after being granted a license to conduct harness racing.

For purposes of this subsection, distance in miles is determined by measuring the distance from the center of the tribal commercial track along the most commonly used roadway as determined by the Department of Transportation.

Sec. 3. 8 MRSA §275-C, sub-§2, as enacted by PL 1997, c. 390, §1, is amended to read:

2. Payments to agricultural fairs conducting live racing. A commercial track or tribal commercial track located within a 35-mile radius of an agricultural fair track may not present a simulcast on a day when the commercial track or tribal commercial track is not conducting live racing and the agricultural fair track is conducting live racing unless the commercial track or tribal commercial track pays the agricultural fair track 2% of the wagers made at the commercial track or tribal commercial track at the time live racing is being conducted at the agricultural fair track and 1% of the wagers on the other races conducted on a day when live racing is being conducted at the agricultural fair track.

Sec. 4. 8 MRSA §275-D, sub-§3, as amended by PL 2003, c. 401, §12, is further amended to read:

3. Notice to commercial racetracks or tribal commercial tracks; objections. An applicant shall send written notice of its application for an off-track betting license to any commercial racetrack or tribal commercial track in whose market area the facility will be located and shall present proof to the commission that it has provided the notice. The notice must include all information contained in the application except information described in subsection 2, paragraph Q. A commercial racetrack or tribal commercial track shall notify the commission within 30 days of receiving notice if the racetrack objects to the location of the facility based on adverse impact to the commercial track or tribal commercial track. The commission shall suspend consideration of the application for the 30-day objection period. If the commission receives an objection from a racetrack in whose market area the facility would be located within the 30-day period, the commission shall reject the application. If the commission does not receive an objection within that period, the commission may proceed to consider the application. For purposes of this subsection, the market area is determined by measuring a distance of 50 miles from the center of the racetrack along the most commonly used roadway adjacent to the racetrack, as determined by the Department of Transportation, drawing a circle around the center of the racetrack using that 50-mile measurement.

Sec. 5. 8 MRSA §275-D, sub-§6, ¶D, as enacted by PL 1993, c. 388, §8, is amended to read:

D. No commercial racetrack, tribal commercial track or off-track betting facility in whose market area the facility would be located has filed a written objection to the facility within the time period prescribed in subsections 3 and 4.

Sec. 6. 8 MRSA §275-N, as amended by PL 2003, c. 401, §14, is further amended to read:

§ 275-N. Limitations on off-track betting facilities

The commission may not allow interstate simulcasting or license any off-track betting facility for any calendar year unless during the preceding 2 calendar years there were at least 150 race dates on which live racing actually was conducted at the commercial tracks or tribal commercial track. Interstate simulcasting always must be allowed at any commercial track or tribal commercial track that conducted at least 136 race dates during the immediately preceding 2 calendar years or at an existing commercial track as defined in section 275-A, subsection 1, paragraph B or tribal commercial track as defined in section 275-A, subsection 12 at which at least 35 race dates were conducted during the preceding 2 years if the interstate simulcasting at the commercial track or tribal commercial track is conducted during the regular meeting. For the purposes of this section, any race date that the commission determines was canceled due to a natural or other disaster must be counted as a race date. For the purposes of this section and for the purpose of meeting the requirements of section 275-A, subsection 1, any race date that is canceled at a commercial race track due to the inability to meet the requirements of section 275-A, subsection 9-A because of a horse shortage, as verified by the state steward, is counted as a race date.

Sec. 7. 8 MRSA §286, sub-§2, ¶A, as enacted by PL 1997, c. 528, §46, is amended to read:

A. On exotic wagers:

(1) The state share is 2.248% for an off-track betting facility located in the same municipality as a commercial track or tribal commercial track and 2.578% for all other facilities;

- (2) The Sire Stakes Fund share is 1.551%;

Sec. 8. 8 MRSA §286, sub-§2, ¶B, as enacted by PL 1997, c. 528, §46, is amended to read:

B. On regular wagers:

- (1) The state share is 0.493% for an off-track betting facility located in the same municipality as a commercial track or tribal commercial track and 0.823% for all other facilities;

- (3) The Stipend Fund share is 1.186%;
- (4) The Harness Racing Promotional Fund share is 0.25%;
- (5) The horsemen's purse share is 5.062%;

Sec. 9. 8 MRSA §287, sub-§5, as amended by PL 1999, c. 622, §1, is further amended to read:

5. Definition. For the purposes of this section, "improvements" means the amount paid out for new buildings or for permanent improvements made to improve the facilities utilized by the licensee for conducting its racing meetings; or the amount expended in restoring property or in improving the facility or any part of the facility that results in the addition, replacement or substantial enhancement or restoration of a fixed asset or of a movable asset that is important to efficient operation of the racing

meetings. In general, the amounts referred to as improvements include amounts paid that add to the value, improve or substantially prolong the useful life of the racetrack and moveable assets utilized by the licensee for conducting its racing meetings. Amounts paid or incurred for routine repairs and maintenance of property, interest expense or lease payments in connection with the capital improvements are not improvements within the meaning of this section. In order to qualify as an improvement, a substantial enhancement or restoration of an asset must cost at least \$2,000 and must be an expenditure that would qualify for depreciation under the United States Internal Revenue Code. A moveable asset may be considered important to the efficient operation of a race meeting if the asset will remain at the commercial track or tribal commercial track or at the offices of the licensee throughout its use and if that asset is directly associated with running races, accommodating patrons of the race meet, conducting pari-mutuel wagering or paying purses.

Sec. 10. 8 MRSA §287, sub-§7, as enacted by PL 1999, c. 622, §2, is amended to read:

7. Interim payments to commercial tracks or tribal commercial track. If during the course of any calendar year the commission finds that wagers placed at facilities licensed under this chapter for the year are likely to exceed \$35,000,000, it may, if reasonably necessary for improvements to be effected expeditiously, direct the Treasurer of State to make interim payments to a commercial track or tribal commercial track in amounts as the commission finds the commercial track or tribal commercial track is likely to be entitled to receive under this section. If a commercial track or tribal commercial track receives interim payments under this subsection that exceed the total amount the commercial track or tribal commercial track is entitled to receive for the calendar year, the Treasurer of State shall reimburse the General Fund for this excess by retaining money otherwise due to that commercial track or tribal commercial track pursuant to section 295.

Sec. 11. 8 MRSA §299, sub-§2, as enacted by PL 2003, c. 687, Pt. A, §4 and affected by Pt. B, §11, is amended to read:

2. Distribution. On May 30th, September 30th and January 30th, all amounts credited to the fund established by this section as of the last day of the preceding month and not distributed before that day must be distributed to each commercial track licensed, including tribal commercial tracks, under section 271, with each track receiving that amount of the money available for distribution determined by multiplying that amount times a fraction, the numerator of which is the total number of live race days conducted by the commercial track during the preceding time period and the denominator of which is the total number of race days conducted by all commercial tracks licensed under section 271 during that time period. The payment in January must be adjusted so that for the prior 3 time periods each commercial track receives that fraction of the total money distributed over the full year from the fund established by this section, the amount determined by multiplying the total amount of money times a fraction, the numerator of which is the number of live race days conducted by the commercial track during the calendar year and the denominator of which is the total number of race days conducted by all commercial tracks licensed under section 271 during that calendar year.

Sec. 12. 8 MRSA §300, sub-§1, as enacted by PL 2003, c. 687, Pt. A, §4 and affected by Pt. B, §11, is amended to read:

The fund must also provide revenues to an off-track betting facility licensed and operating after December 31, 2003 within the market area of a tribal commercial track as long as the tribal commercial track is licensed to operate and operates slot machines.
