SUMMARY

This amendment is the majority report and designates e-mail addresses received by the Department of Inland Fisheries and Wildlife through its online licensing and registration service as confidential and makes those e-mails confidential retroactive to January 1, 2009. The amendment also provides that a person who obtained e-mail addresses from the department's online licensing and registration service through a request under the freedom of access laws between January 1, 2009 and August 1, 2010 may not distribute or use those e-mail addresses for solicitation, communication or notification purposes. It also provides that violations of that provision are civil violations for which a fine of not less than \$500 or more than \$1,000 may be adjudged. This amendment also removes the phrase "is entitled to" as proposed in the bill, retaining the phrase "may obtain" from current law regarding senior lifetime licenses to clarify that licenses and permits issued by the department are a privilege and not a right.
