Fiscal Detail and Notes

This bill would eliminate the \$7 fee the Department of Agriculture, Conservation and Forestry (ACF) charges for electronically issued burn permits via their online permit system. Currently, \$4 is deposited into the General Fund, \$2 is transferred to the municipality where the permit was issued and \$1 goes to InforME for the administrative cost of the online permit system. In unorganized areas, \$6 of the fee is deposited into the General Fund and \$1 is for the administrative costs of InforME. Beginning in fiscal year 2020-21, elimination of the fee would reduce annual General Fund revenue by \$43,139, reduce revenue to municipalities by approximately \$20,000 a year and reduce revenue available to pay InforME by \$9,600. The ACF will require an ongoing General Fund appropriation of \$9,600 beginning in fiscal year 2020-21 to continue to pay InforME for burn permits issued through the state online system.
