---

## Preliminary Fiscal Impact Statement

Current biennium cost increase - General Fund

Minor revenue increase - General Fund

Minor revenue increase - Other Special Revenue Funds

### Correctional and Judicial Impact Statements

Increases the number of Class B and Class C crimes by making possession of compounds, mixtures or substances containing a detectable amount of certain scheduled drugs to be considered proof that a person is unlawfully trafficking in scheduled drugs. The current average cost of incarcerating one individual for a single year is \$55,203.

The additional workload associated with the minimal number of new felony cases filed in the court system does not require additional funding at this time.

The collection of additional fines will increase General Fund or other dedicated revenue by minor amounts.
