21 **SUMMARY**

22 This bill requires the Commissioner of Inland Fisheries and Wildlife, if antlerless
23 deer permits are issued, to issue antlerless deer permits to applicants who are chosen
24 through a public chance drawing. The commissioner is required to adopt rules by
25 November 1, 2017 establishing a public chance drawing for antlerless deer permits,
26 including provisions for awarding to applicants who are not selected for a permit points
27 that increase the applicants' chances of being selected in a subsequent consecutive year.

28 The bill requires the commissioner to issue antlerless deer permits to veterans, who
29 are not required to participate in the public chance drawing. The number of permits
30 issued to veterans is determined by the commissioner annually based upon the deer
31 population.
