27 SUMMARY

28 This bill accomplishes the following.

29 1. It adds a physician assistant member to the Board of Licensure in Medicine and
30 the Board of Osteopathic Licensure, which are the boards that issue licenses to physician
31 assistants.

32 2. It permits physician assistants to delegate medical acts to medical assistants as
33 long as that delegation is included in the plan of supervision established by the physician
34 assistant and the supervising physician.

35 3. It repeals a provision in the laws governing licensing by the Board of Osteopathic
36 Licensure that prohibits a physician assistant from employing a supervising physician.

37 4. In order to have one set of rules governing physician assistants and their
38 supervising physicians, it requires the Board of Osteopathic Licensure and the Board of
39 Licensure in Medicine to do joint rulemaking and requires that the rules provide for the

1 issuance of a single license regardless of the number of practice sites or supervisory
2 physicians.
