12 **1. Definitions.** As used in this section, unless the context otherwise indicates, the  
13 following terms have the following meanings.

14 A. "Agent" means an individual who holds a power of attorney for payment of  
15 financial obligations of a principal who resides in or is applying to reside in a long-  
16 term care facility and includes an individual who has executed as an agent either the  
17 standardized nursing facilities admissions contract or the standard contract for  
18 licensed assisted living programs, each promulgated by the department.

19 B. "Long-term care facility" means a nursing facility or unit licensed pursuant to  
20 chapter 405 or an assisted living facility or program or a residential care facility  
21 licensed pursuant to chapter 1663 or 1664.

22 C. "Principal" means a resident of a long-term care facility or a person applying for  
23 admission as a resident at a long-term care facility.

24 D. "Principal's resources" includes assets, income, pensions, cash benefits, insurance

26 **2. Obligated to fulfill duties.** An agent is obligated to fulfill each of the duties set  
27 forth in this section and Title 18-A, section 5-914, including but not limited to duties to  
28 act in good faith, to act loyally for the principal's benefit, to act with care, competence  
29 and diligence for the sole interest of the principal and to cooperate with any persons  
30 having authority to make health care decisions for the principal. The agent may not  
31 engage in self-dealing that is contrary to the interests of the principal.

32 **3. Coverage and payment of health care expenses.** If a principal may be eligible  
33 for coverage of health care expenses by the Medicare or MaineCare programs or any  
34 other federal or state public health insurance program that provides coverage and  
35 payment for long-term care facility services, the agent shall promptly apply for coverage  
36 and shall comply with all requirements governing these programs. If the principal is  
37 covered by private health insurance or long-term care insurance that provides benefits for  
38 the care provided by the long-term care facility, the agent shall take all appropriate and  
39 necessary actions in a timely fashion to claim these benefits and to comply with all  
40 related regulatory requirements. Except for any exclusions or allowances provided for

1 under a public health insurance program, the agent shall apply the principal's resources to  
2 make timely payment to the long-term care facility for services rendered to the principal.

23 This bill defines duties on the part of persons who hold powers of attorney or act as  
24 agents for residents of long-term care facilities or for persons applying to become  
25 residents of long-term care facilities and requires them to promptly apply for coverage of  
26 services under the MaineCare and other applicable payment programs and comply with

32 licensed assisted living programs set forth in applicable rules to incorporate these several  
33 duties and requirements.

34 The bill also permits collection of attorney's fees and costs from persons who breach  
35 the duties established by this bill.
