Sec. 4. 24-A MRSA §2736-C, sub-§2, ¶I is enacted to read:

I. Except for grandfathered health plans under the Affordable Care Act, a carrier shall consider all enrollees in all individual health plans offered by the carrier to be members of a single risk pool to the extent required by the Affordable Care Act.

Sec. 5. 24-A MRSA §2736-C, sub-§9, as enacted by PL 1995, c. 570, §7, is amended to read:

9. Exemption for certain associations. The superintendent may exempt a group health insurance policy or group nonprofit hospital or medical service corporation contract issued to an association group, organized pursuant to section 2805-A, from the requirements of subsection 3, paragraph A; subsection 6, paragraph A; and subsection 8 if:

A. Issuance and renewal of coverage under the policy or contract is guaranteed to all members of the association who are residents of this State and to their dependents;

B. Rates for the association comply with the premium rate requirements of subsection 2 or are established on a nationwide basis and substantially comply with the purposes of this section, except that exempted associations may be rated separately from the carrier's other individual health plans, if any;

C. The group's anticipated loss ratio, as defined in subsection 5, is at least 75%;

D. The association's membership criteria do not include age, health status, medical utilization history or any other factor with a similar purpose or effect;

E. The association's group health plan is not marketed to the general public;

F. The association does not allow insurance agents or brokers to market association memberships, accept applications for memberships or enroll members, except when the association is an association of insurance agents or brokers organized under section 2805-A;

G. Insurance is provided as an incidental benefit of association membership and the primary purposes of the association do not include group buying or mass marketing of insurance or other goods and services; and

H. Granting an exemption to the association does not conflict with the purposes of this section.

Except for individuals with grandfathered health plans under the Affordable Care Act, this subsection does not apply to policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2014.

Sec. 6. 24-A MRSA §2808-B, sub-§1, ¶D, as repealed and replaced by PL 2003, c. 428, Pt. H, §5, is amended to read:

D. ~~"Eligible~~ Prior to January 1, 2014, "eligible group" means any person, firm, corporation, partnership, association or subgroup engaged actively in a business that employed an average of 50 or fewer eligible employees during the preceding calendar year. On or after January 1, 2014, "eligible group" means any person, firm, corporation, partnership, association or subgroup engaged actively in a business that employed an average of 100 or fewer employees during the preceding calendar year.

(1) If an employer was not in existence throughout the preceding calendar year, the determination must be based on the average number of employees that the employer is reasonably expected to employ on business days in the current calendar year.

(2) In determining the number of eligible employees, companies that are affiliated companies or that are eligible to file a combined tax return for purposes of state taxation are considered one employer.

(3) A group is not an eligible group if there is any one other state where there are more eligible employees than are employed within this State and the group had coverage in that state or is eligible for guaranteed issuance of coverage in that state.

(4) An employer qualifies as an eligible group for 2-person coverage if the employer provides a carrier with the following information demonstrating that the employer's business and employees meet the minimum qualifications for group coverage in paragraph C:

(a) A copy of the most recent quarterly combined filing for income tax withholding and unemployment contributions, Form 941/C1-ME;

(b) For an employee claimed to be an employee eligible for group coverage whose name is not listed on Form 941/C1-ME, a copy of the employer's payroll records for the most recent 3 months showing tax withholding or a wage report from a payroll company showing wages paid to that employee for the most recent quarter with tax withholding;

(c) If an employer is exempt from filing Form 941/C1-ME for group coverage, documentation of that exemption and a copy of the employer's payroll records for the most recent 3 months showing tax withholding or a wage report from a payroll company showing wages paid to that employee for the most recent quarter with tax withholding; or

(d) If the name of the business owner or employee does not appear on Form 941/C1-ME, a copy of one of the following:

(i) Federal income tax Form Schedule C or Schedule F;

(ii) Federal income tax Form 1120S, Schedule K-1;

(iii) Federal income tax Form 1065, Schedule K-1;

(iv) A workers' compensation insurance audit or evidence of a waiver of benefits under Title 39-A;

(v) A description of operations in a commercial general liability insurance policy or equivalent insurance policy providing coverage for the business; or

(vi) A signature card from a financial institution or credit union authorizing the employee to sign checks on a business checking or share draft account that is at least 6 months old; a notarized affidavit from the employer describing the duties of the employee and the average number of hours worked by the employee and attesting that the employer is not defrauding the carrier and is aware of the consequences of committing fraud or making a material misrepresentation to the carrier, including a loss of coverage and benefits; and, if the group coverage is purchased through a producer, a notarized affidavit from the producer affirming the producer's belief that the employer qualifies as an eligible group for coverage.

In determining if a new business or a business that adds an owner or a new employee to payroll during the course of a year qualifies as an eligible group for 2-person coverage under this subparagraph, the employer must submit an affidavit stating that all employees meet the criteria in this subparagraph and that the documentation and forms required under this subparagraph will be provided to the carrier when payroll records become available, when ownership distribution forms become available or the first renewal date of the coverage, whichever date is earlier. A false affidavit or misrepresentation on an affidavit submitted by an employer may result in the loss of group coverage and repayment of claims paid. This subparagraph may not be construed to prohibit a

carrier from recognizing an employer as an eligible group if the employer has not produced the documentation required in this subparagraph.

This subparagraph applies only to an employer applying for group health insurance coverage as a 2-person group ~~on or after~~ from October 1, 2001 to December 31, 2013.

Sec. 7. 24-A MRSA §2808-B, sub-§2, as amended by PL 2003, c. 469, Pt. E, §§14 and 15, is further amended to read:

2. Rating practices. The following requirements apply to the rating practices of carriers providing small group health plans. ~~This subsection does not apply to policies issued before January 1, 1998 to eligible groups that employed, on average, 25 to 50 eligible employees until their first renewal date on or after January 1, 1998.~~

B. A carrier may not vary the premium rate due to the gender, health status, claims experience or policy duration of the eligible group or members of the group. For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2014, a carrier may not vary the premium rate due to occupation, industry or group size.

C. ~~A~~ For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State before January 1, 2014, a carrier may vary the premium rate due to family membership, smoking status, participation in wellness programs and group size. The superintendent may adopt rules setting forth appropriate methodologies regarding rate discounts pursuant to this paragraph. The superintendent may adopt rules to phase out group size variations gradually over a period not to exceed 2 years prior to January 1, 2014. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter ~~II-A~~ 2-A.

C-1. For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2014, a carrier may vary the premium rate due to family membership and tobacco use. Variations due to tobacco use may not exceed a ratio of 1.5 to 1.

D. A carrier may vary the premium rate due to age, occupation or industry and geographic area only under the following schedule and within the listed percentage bands.

~~(1) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State between July 15, 1993 and July 14, 1994, the premium rate may not deviate above or below the community rate filed by the carrier by more than 50%.~~

~~(2) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State between July 15, 1994 and July 14, 1995, the premium rate may not deviate above or below the community rate filed by the carrier by more than 33%.~~

(3) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State ~~after July 15, 1995~~ before January

1, 2014, the premium rate may not deviate above or below the community rate filed by the carrier by more than 20%~~, except as provided in paragraph D-1~~.

(4) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2014, the premium rate may not deviate above or below the community rate filed by the carrier based on age and geographic area by more than 20%.

~~D-1. With respect to eligible groups that employed, on average, 25 to 50 eligible employees in the preceding calendar year, a carrier may vary the premium rate due to age, occupation or industry and geographic area only under the following schedule and within the listed percentage bands.~~

~~(1) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State in 1998, the premium rate may not deviate above or below the community rate filed by the carrier by more than 40%.~~

~~(2) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State in 1999, the premium rate may not deviate above or below the community rate filed by the carrier by more than 30%.~~

~~(3) For all policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State after January 1, 2000, the premium rate may not deviate above or below the community rate filed by the carrier by more than 20%.~~

D-2. Notwithstanding the requirements of paragraph D, rates with respect to employees whose work site is not in this State may be based on area adjustment factors appropriate to that location.

E. The superintendent may authorize a carrier to establish a separate community rate for an association group organized pursuant to section 2805-A or a trustee group organized pursuant to section 2806, as long as association group membership or eligibility for participation in the trustee group is not conditional on health status, claims experience or other risk selection criteria and all small group health plans offered by the carrier through that association or trustee group:

(1) Are otherwise in compliance with the premium rate requirements of this subsection; and

(2) Are offered on a guaranteed issue basis to all eligible employers that are members of the association or are eligible to participate in the trustee group except that a professional association may require that a minimum percentage of the eligible professionals employed by a subgroup be members of the association in order for the subgroup to be eligible for issuance or renewal of coverage through the association. The minimum percentage must not exceed 90%. For purposes of this subparagraph, "professional association" means an association that:

(a) Serves a single profession that requires a significant amount of education, training or experience or a license or certificate from a state authority to practice that profession;

(b) Has been actively in existence for 5 years;

(c) Has a constitution and bylaws or other analogous governing documents;

(d) Has been formed and maintained in good faith for purposes other than obtaining insurance;

(g) Has a least 1,000 members if it is a national association; 200 members if it is a state or local association;

(h) All members and dependents of members are eligible for coverage regardless of health status or claims experience; and

(i) Is governed by a board of directors and sponsors annual meetings of its members.

Producers may only market association memberships, accept applications for membership or sign up members in the professional association where the individuals are actively engaged in or directly related to the profession represented by the professional association.

Except for employers with plans that have grandfathered status under the Affordable Care Act, this paragraph does not apply to policies, contracts or certificates that are executed, delivered, issued for delivery, continued or renewed in this State on or after January 1, 2014.

F. Premium rates charged to a private purchasing alliance, as defined by chapter 18-A, may be reduced in accordance with rules adopted pursuant to that chapter.

H. Except for plans that have grandfathered status under the Affordable Care Act, a carrier shall consider all enrollees in all small group health plans offered by the carrier to be members of a single risk pool to the extent required by the Affordable Care Act.

Sec. 8. 24-A MRSA §2808-B, sub-§2-C, ¶B, as enacted by PL 2003, c. 469, Pt. E, §16, is amended to read:

B. On an annual schedule as determined by the superintendent, the carrier shall file a report with the superintendent showing aggregate earned premiums and incurred claims for the period the rates were in effect. Incurred claims must include claims paid to a date ~~6 months~~ after the end of the annual reporting period ~~determined by the superintendent~~ and an estimate of unpaid claims. The report must state how the unpaid claims estimate was determined. The superintendent shall determine the reporting period and the date until which paid claims must be included as incurred claims. Beginning January 1, 2011, both the reporting period and the date until which paid claims must be included as incurred claims must be consistent with those for the rebates required pursuant to the Affordable Care Act.

Sec. 9. 24-A MRSA §2808-B, sub-§2-C, ¶C, as amended by PL 2007, c. 629, Pt. M, §10, is further amended to read:

C. If incurred claims were less than 78% of aggregate earned premiums over a continuous 36-month period, the carrier shall refund a percentage of the premium ~~to the current in-force policyholder~~. The refund must be paid on a basis consistent with requirements for rebates required pursuant to the Affordable Care Act. For the purposes of calculating this loss-ratio percentage, any payments paid pursuant to former section 6913 must be treated as incurred claims. The excess premium is the amount of premium above that amount necessary to achieve a 78% loss ratio for all of the carrier's small group policies during the same 36-month period. The refund must be distributed ~~to policyholders in an amount reasonably calculated to correspond to the aggregate experience of all policyholders holding policies having similar benefits~~ in the same manner as is required for rebates required by the Affordable Care Act. The total of all refunds must equal the excess premiums, unless larger amounts are required under section 4320-D.

(1) For determination of loss-ratio percentages in 2005, actual aggregate incurred claims expenses include expenses incurred in 2005 and projected expenses for 2006 and 2007. For determination of loss-ratio percentages in 2006, actual incurred claims expenses include expenses in 2005 and 2006 and projected expenses for 2007.

(2) The superintendent may waive the requirement for refunds during the first 3 years after the effective date of this subsection or for the period between the last reporting period ending before January 1, 2011 and the first reporting period beginning on or after January 1, 2011.

Sec. 10. 24-A MRSA §2808-B, sub-§6, ¶I, as enacted by PL 1993, c. 477, Pt. B, §3 and affected by Pt. F, §1, is amended to read:

I. Notwithstanding any other provision of this section, prior to January 1, 2014, a carrier may choose whether it will offer to groups having only one member coverage under the carrier's individual health policies offered to other individuals in this State in accordance with section 2736-C or coverage under a small group health plan in accordance with this section, or both, but the carrier need not offer to groups of one both small group and individual health coverage.

Sec. 11. 24-A MRSA §2850, sub-§2, ¶F is enacted to read:

§4320-D. Rebates

1. Definition. For purposes of this section, "medical loss ratio" means a fraction, the numerator of which is the amount expended on reimbursement for clinical services provided to enrollees and activities that improve health care quality and the denominator of which is the total amount of premium revenue excluding federal and state taxes and licensing or regulatory fees after accounting for payments or receipts for risk adjustment, risk corridors and reinsurance under section 4320-E, determined in accordance with the Affordable Care Act, including with regard to the period over which the medical loss ratio is determined.

2. Rebates required. A carrier shall provide rebates in the large group, small group and individual markets, to the extent required by the Affordable Care Act, if the medical loss ratio is less than the minimum medical loss ratio required by subsection 3. In the small group market, a carrier must pay the larger of any rebate required by this section and any refund required by section 2808-B, subsection 2-C.

3. Minimum medical loss ratio. The minimum medical loss ratio is:

A. Eighty-five percent in the large group market;

B. Eighty percent in the small group market; and

C. In the individual market, 80% or such lower medical loss ratio as the Secretary of the United States Department of Health and Human Services determines based on a finding, pursuant to the Affordable Care Act, that the 80% minimum medical loss ratio may destabilize the individual market in this State.

Sec. 32. 24-A MRSA §4320-E is enacted to read:

§4320-E. Reinsurance, risk corridors and risk adjustment

1. Transitional reinsurance program. The superintendent shall establish a transitional reinsurance program for calendar years 2014, 2015 and 2016 as required by Section 1341 of the Affordable Care Act.

2. Risk corridors. A carrier shall make any payments required under the risk corridors program established by the Secretary of the United States Department of Health and Human Services for calendar years 2014, 2015 and 2016 as required by Section 1342 of the Affordable Care Act.

3. Risk adjustment. The superintendent shall establish a risk adjustment program as required by Section 1343 of the Affordable Care Act.

Sec. 33. 24-A MRSA §4320-F is enacted to read:

§4320-F. Oversight of plans offered on the American Health Benefit Exchange and the SHOP Exchange

1. Superintendent's authority preserved. Except as otherwise expressly provided by applicable law, the requirements established by this Title, Title 24 and rules adopted by the superintendent continue to apply to carriers and health plans and are not extinguished or modified in any way by:

A. Certification of a health plan as a qualified health plan or any other determination made by the American Health Benefit Exchange or the SHOP Exchange pursuant to the Affordable Care Act; or

B. Recognition by the applicable federal agency of a carrier as a qualified nonprofit health insurance issuer or as an issuer of multistate qualified health plans, or of a health plan as a multistate qualified health plan, pursuant to the Affordable Care Act.

2. Coordination with exchanges. The superintendent has all additional powers and duties conferred upon a state insurance regulator with respect to the American Health Benefit Exchange and the SHOP Exchange by the Affordable Care Act. The superintendent may enter into agreements with the American Health Benefit Exchange and the SHOP Exchange relating to coordination of responsibilities, and such agreements may provide for the superintendent to assume additional authority relating to the certification of qualified health plans or the authorization of a carrier to participate in the American Health Benefit Exchange or the SHOP Exchange.

Sec. 34. 24-A MRSA §4320-G is enacted to read:

§4320-G. Applicability to health plans grandfathered under the Affordable Care Act

A health plan that is exempt from certain requirements of the Affordable Care Act because it has grandfathered status is also exempt, to the same extent, from substantially similar provisions in this Title and Title 24 enacted after January 1, 2011, except to the extent that those provisions state that they apply to grandfathered health plans.

Sec. 35. 24-A MRSA §6451-A, sub-§3-A is enacted to read:

3-A. Qualified nonprofit health insurance issuers. Qualified nonprofit health insurance issuers as defined in Section 1322 of the Affordable Care Act are considered health organizations for purposes of this chapter.
