20 **SUMMARY**

21 This bill amends the laws governing the establishment of the rates of tolls on the
22 Maine Turnpike as follows.

23 1. It restores language that was repealed in Public Law 2011, chapter 476 requiring
24 that the system of commuter discounts established by the Maine Turnpike Authority
25 provide passenger vehicles with reduced rates that do not exceed 50% of the normal
26 passenger vehicle toll.

27 2. It requires that the rate of toll be based on the number of miles traveled.

28 3. It requires that, prior to implementing toll revisions, the authority must submit its
29 proposed revisions to the joint standing committee of the Legislature having jurisdiction
30 over transportation matters and authorizes the committee to submit legislation to the
31 Legislature authorizing, rejecting or modifying the authority's proposed revisions.
