7 operations by emergency management and public safety agencies and a public
8 service vehicle may be equipped with auxiliary lights that emit an amber light or
9 a combination of amber and white lights or any shade between amber and white.

33 snow on public ways.

34 (4) A vehicle equipped and used for plowing snow on other than public ways
35 may be equipped with an auxiliary rotary flashing light that must be mounted on
36 top of the vehicle in such a manner as to emit an amber beam of light over a 360-
37 degree angle, or an amber strobe, or combination of strobes, that emits at a
38 minimum a beam of 50 candlepower and provides visible light coverage over a
39 360-degree range. The light may be in use on a public way only when the
40 vehicle is entering the public way in the course of plowing private driveways and
41 other off-highway locations.

42 (5) A rural mail vehicle may be equipped with auxiliary lights.
