1 **Be it enacted by the People of the State of Maine as follows:**

2 **Sec. 1. 39-A MRSA §207, first ¶**, as amended by PL 2001, c. 278, §1, is further
3 amended to read:

4 An employee being treated by a health care provider of the employee's own choice
5 shall, after an injury and at all reasonable times during the continuance of disability if so
6 requested by the employer, submit to an examination by a physician, surgeon or
7 chiropractor authorized to practice as such under the laws of this State, to be selected and
8 paid by the employer. The physician, surgeon or chiropractor must have an active
9 practice of treating patients. For purposes of this section, "active practice" may be
10 demonstrated by having active clinical privileges at a hospital. A physician or surgeon
11 must be certified in the field of practice that treats the type of injury complained of by the
12 employee. Certification must be by a board recognized by the American Board of
13 Medical Specialties or the American Osteopathic Association or their successor
14 organizations. A chiropractor licensed by the Board of Chiropractic Licensure, who has
15 an active practice of treating patients may provide a 2nd opinion when the initial opinion
16 was given by a chiropractor. Once an employer selects a health care provider to examine
17 an employee, the employer may not request that the employee be examined by more than
18 one other health care provider, other than an independent medical examiner appointed
19 pursuant to section 312, without prior approval from the employee or a hearing officer.
20 This provision does not limit an employer's right to request that the employee be
21 examined by a specialist upon referral by the health care provider. Once the employee is
22 examined by the specialist, the employer may not request that the employee be examined
23 by a different specialist in the same specialty, other than an independent medical
24 examiner appointed pursuant to section 312, without prior approval from the employee or
25 the board. The employee has the right to have a physician, surgeon or chiropractor of the
26 employee's own selection present at such an examination, whose costs are paid by the
27 employer. The employee has the right to have a union representative or other
28 representative of the employee's own selection present at an examination by a health care
29 provider selected by the employer. The employer shall give the employee notice of ~~this~~
30 ~~right~~ these rights at the time the employer requests an examination.

31 **SUMMARY**

32 This bill amends the laws governing workers' compensation to provide that an injured
33 employee is entitled to have a union representative or other representative of the
34 employee's own selection present at an examination by an employer-selected health care
35 provider.
