2 section number to read consecutively.

3 **SUMMARY**

4 This amendment establishes an alternative that provides legislative candidates in  
5 contested races the opportunity to qualify for supplemental funds to support their  
6 campaigns. Under this amendment, a candidate in a contested race certified to participate  
7 in the Maine Clean Election Act is able to qualify for an additional distribution made  
8 after September 1st of the election year upon request of the candidate. In order to qualify  
9 for the supplemental payment, a candidate for the House of Representatives needs to  
10 collect an additional 30 qualifying contributions and a candidate for the Senate is required  
11 to collect 100 additional qualifying contributions. This amendment specifies that a  
12 candidate in a general election may return unspent Maine Clean Election Fund revenue to  
13 the Commission on Governmental Ethics and Election Practices at any time prior to the  
14 general election. The commission is authorized to disburse the returned revenue to  
15 provide for supplemental payments to candidates in contested races. This amendment,  
16 for the 2012 general election cycle only, extends the amount of time a candidate has to  
17 collect qualifying contributions in order to qualify for a supplemental payment. The  
18 amendment also adds an appropriations and allocations section.
