**STATE OF MAINE
HOUSE OF REPRESENTATIVES
128TH LEGISLATURE
SECOND REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 921, L.D. 1327, Bill, “An Act To Allow Former Military Medical Personnel To Perform Certain Medical Services”

Amend the bill by striking out the title and substituting the following:

'An Act To Expedite Health Care Employment for Military Veterans'

Amend the bill by striking out everything after the enacting clause and before the summary and inserting the following:

'Sec. 1. 26 MRSA c. 29 is enacted to read:

CHAPTER 29

HEALTH CARE EMPLOYMENT FOR MILITARY VETERANS

§2131. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

- 1. Apprentice.** "Apprentice" has the same meaning as in section 3201, subsection 1.
- 2. Department.** "Department" means the Department of Labor.
- 3. Eligible veteran.** "Eligible veteran" means:
 - A.** A person who currently serves in the United States Armed Forces, the National Guard of any state or the Reserves of the United States Armed Forces and who has obtained health care-related military training or experience; or
 - B.** A person who was discharged or released under conditions other than dishonorable and who has completed health care-related military training or experience in the United States Armed Forces, the National Guard of any state or the Reserves of the United States Armed Forces.
- 4. National certification.** "National certification" means a credential from a national organization or national board that evaluates the qualifications and competency

COMMITTEE AMENDMENT

1 of individuals to practice in a specific occupation and includes but is not limited to a
2 credential issued following passage of an examination administered by the organization
3 or board.

4 **5. Program.** "Program" means the Health Care Employment for Military Veterans
5 Program established in section 2132.

6 **§2132. Health Care Employment for Military Veterans Program**

7 **1. Establishment; purpose.** The department shall, using existing resources and
8 available grant funding, establish and implement in accordance with this section the
9 Health Care Employment for Military Veterans Program to assist eligible veterans who
10 desire to obtain employment in civilian health care occupations in the State.

11 **2. Evaluation of military health care occupational specialties.** The department, in
12 implementing the program, shall create a document, referred to in this subsection as "the
13 military-to-civilian crosswalk," that describes the military training and experience that
14 members of the United States Armed Forces, the National Guard of any state or the
15 Reserves of the United States Armed Forces are required to complete to engage in various
16 military health care occupational specialties and compares that required military training
17 and experience with the education and training requirements for equivalent or similar
18 civilian health care occupations in this State. The military-to-civilian crosswalk must
19 include information to assist eligible veterans, occupational licensing boards and
20 postsecondary education institutions in the State in determining:

21 A. The gaps that exist between the military training and experience obtained by
22 individuals who served in specific military health care occupational specialties and
23 the education and experience required to obtain national certification in equivalent or
24 similar civilian health care occupations; and

25 B. The gaps that exist between the military training and experience obtained by
26 individuals who served in specific military health care occupational specialties and
27 the education and experience required to obtain any required licensure or certification
28 to perform an equivalent or similar civilian health care occupation in this State.

29 **3. Direct assistance to eligible veterans.** The department, in implementing the
30 program, shall provide direct assistance to eligible veterans. The department shall:

31 A. Assist eligible veterans in compiling comprehensive portfolios of their military
32 training and experience;

33 B. Collaborate with postsecondary education institutions in the State to assist eligible
34 veterans in receiving academic credit for experience, education and training the
35 eligible veterans obtained during military service; and

36 C. Advocate for eligible veterans who request assistance in enrolling in
37 postsecondary education programs in the State or in securing employment in a health
38 care occupation in the State.

39 **4. Coordination with the Maine Apprenticeship Program.** The department shall
40 ensure collaboration between the program and the Maine Apprenticeship Program,
41 established in section 3202, to recruit employers in the State to sponsor eligible veterans
42 to serve as apprentices in health care occupations.

19

This amendment strikes and replaces the bill. The amendment establishes the Health Care Employment for Military Veterans Program within the Department of Labor and charges the program with creating a "military-to-civilian crosswalk" that compares the military training and experience obtained by individuals who have served in specific military health care occupational specialties and the education and experience required to obtain national certification or state licensure or certification in equivalent or similar civilian health care occupations. The program is also charged with providing direct assistance to eligible veterans who seek to enroll in postsecondary education institutions and obtain academic credit for their military training and experience as well as eligible veterans who seek to secure an apprenticeship or employment in a health care occupation in the State. The department is required to operate the program using existing resources or available grant funding and, to the extent resources are limited, the program is required to give priority to eligible veterans who were discharged or released from military service no longer than 2 years prior to seeking assistance.
