COMMITTEE AMENDMENT

1 risks of camping. The inherent dangers and risks of camping include but are not limited
2 to water activities such as swimming, boating, water-skiing and fishing; changing
3 weather conditions; surface or subsurface conditions, such as rocks, stumps, trees, forest
4 growth or other natural objects; variations in terrain; and the failure of campers and their
5 guests to recreate safely, in control and within their own abilities.”

6 Amend the bill by relettering or renumbering any nonconsecutive Part letter or
7 section number to read consecutively.

8 **SUMMARY**

9 This amendment replaces "immunity" with "limited liability" to provide a clearer
10 description of the law. It also provides that the limitation on a campground owner's or
11 operator's liability does not apply unless notice of the assumption of risk of the inherent
12 risks of camping is given. It changes the title of the bill to be consistent with these
13 changes.
