Providers of Dental, Hearing and Vision Services**

Sec. 1. Development of comprehensive strategy. Resolved: That the Department of Health and Human Services, referred to in this resolve as "the department," shall develop a comprehensive strategy to address inequality in access to providers of dental, hearing and vision services for children 17 years of age and under who are eligible for MaineCare and to ensure that children eligible for MaineCare have the same access to these services as have children who have health insurance coverage through the private market. As part of the development of the comprehensive strategy required by this section, the department shall identify:

1. By geographic area and type of service, the level and scope of disparity in access;

4. Potential pilot projects in underserved geographic areas; and be it further

Sec. 2. Stakeholder input. Resolved: That, in developing the comprehensive strategy required in section 1, the department shall actively seek input from a broad range of interested parties, including, but not limited to, parents and caregivers; providers of dental, hearing and vision services; pediatric and family health care practitioners; representatives of the child advocacy community; and the statewide associations representing physicians, osteopathic physicians, hospitals, federally qualified health centers, audiologists, dentists, optometrists and eye physicians and surgeons; and be it further

Sec. 3. Recommendations.
