HOUSE OF REPRESENTATIVES  
130TH LEGISLATURE  
FIRST SPECIAL SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 184, L.D. 263, “An Act To Make Technical Changes to Maine's Marine Resources Laws”

Amend the bill by inserting before section 1 the following:

**'Sec. 1. 12 MRSA §6072-A, sub-§8**, as amended by PL 2021, c. 52, §12, is further amended to read:

**8. Rules; general and lease application.** The commissioner may adopt rules to implement the provisions of this section. Within 180 days of the effective date of this section, the commissioner shall adopt rules regarding a limited-purpose lease application. The rules must require an applicant to, at a minimum, meet the requirements of section 6072, subsection 2, paragraph E and section 6072, subsection 4, paragraphs A, B, C, E, F, G and J. The rules must also require an applicant to provide to the department proof of access to the lease area. If access will be across riparian land, the applicant shall provide to the department the written permission of every riparian owner whose land will be used to access the lease area. The commissioner may adopt rules to add or delete authorization for the holder of an aquaculture lease that is held only for scientific research purposes to grow specific species and to use specific gear on the lease site. A change in authorization is not an adjudicatory proceeding. The rules must provide for notice of proposed changes in gear authorization to the public, riparian landowners and the municipality in which the lease is located and an opportunity to submit written comments on the proposal. Authorization to add species or gear must be consistent with the findings made under subsection 13 when the lease was approved.

**Sec. 2. 12 MRSA §6073-C**, as amended by PL 2017, c. 296, §2 and affected by §10, is further amended to read:

**§6073-C. Harvester license exemption; scallop aquaculture**

**COMMITTEE AMENDMENT**

1 except that, beginning May 1, 2018, a person may not sell organisms cultured on the lease  
2 site or under the limited-purpose aquaculture license without a license issued under section  
3 6810-B. ~~This exemption does not apply to scallops in any other form.'~~

4 Amend the bill by striking out all of section 3 and inserting the following:

6 to read:

14 accordance with rules adopted pursuant to subsection 1.'

15 Amend the bill by relettering or renumbering any nonconsecutive Part letter or section  
16 number to read consecutively.

#### 17 SUMMARY

18 This amendment adds language permitting the Commissioner of Marine Resources to  
19 adopt rules to add or delete authorization for the holder of an aquaculture lease held only  
20 for scientific research purposes. The amendment expands the exemption from requirements  
21 to hold a separate license to remove, possess or transport scallops to all scallops and not  
22 just when the final product form is the adductor muscle only. This amendment adds into  
23 statute a penalty for lobster traps not tagged in accordance with rules adopted by the  
24 Department of Marine Resources.
