

Elizabeth Goodspeed
Cape Elizabeth
LD 2003

I strongly oppose LD2003. This bill takes away any power citizens and their local governments have to determine the fate of their town. In addition, there are no explicit exemptions for HOAs, easements, or contracts of any kind. Please do not vote on this bill and consider amending it to more resemble New Hampshire's housing bill, which focuses on incentives, rather than top-down mandates and overreach.
