LD 1578

I heartily oppose LD 1578 “An Act to Adopt an Interstate Compact to Elect the President of the United States by National Popular Vote”.

I fail to see how changing our method of determining a President of the United States is necessary. This method was instituted and adopted in our country’s infancy, and is recognized as the best, most fair, and reasonable method to determine the country’s leader. Our founding fathers recognized this, and it has served us well for hundreds of years. Any attempt to undermine this method appears to be partisan politics driven, versus what is good for the Nation.

If this bill were to become law, we in Maine would lose our voice to bigger states and cities. Our votes would be rendered useless. I do not support losing my voice in electing the President of the United States.

Once again, I do not support LD 1578 “An Act To Join the National Popular Vote Compact”, and it OUGHT NOT PASS.
