Dear President Daughtry and Speaker Fecteau:

Please accept this letter as the report of the findings of the Joint Standing Committee on Transportation from its review and evaluation of the Maine Pilotage Commission under the State Government Evaluation Act, Title 3 Maine Revised Statutes, chapter 35.

Pursuant to the requirements of the Act, the committee notified the Maine Pilotage Commission by letter of its intent to review the agency on April 22, 2025. The Maine Pilotage Commission submitted their report and were invited to present before the committee on January 15, 2026.

The committee finds that the Maine Pilotage Commission is operating within its statutory authority.

The committee is concerned that all members' terms on the Maine Pilotage Commission have expired, and the Governor has not yet made appointments or reappointments. During its presentation to the commission, the Maine Pilotage Commission informed us that all potential or current commission members desiring to serve or continue service on the Commission have sent appointment or reappointment materials to the Governor. The committee understands that current commission members may continue to serve as they await reappointment, but there is a certain level of ambiguity, that make it is challenging for the Commission to fulfill its statutory duties. The committee requested for the Governor make appointments or reappointments to the Maine Pilotage Commission in a timely fashion to ensure all members are serving on the Commission within an unexpired term. The committee has communicated this request to the Governor's Office of Board and Commissions on February 5, 2026.

Dear President Daughtry:

Pursuant to 5 M.R.S.A., Section 12023, please consider this the letter of transmittal for the required report from the University of Maine System (UMS) due by Feb. 1, 2026, documenting our qualifying sole-source procurements and contributions in Fiscal Year 2025 (FY25).

UMS is the state's most powerful engine of educational attainment and economic development. Beyond producing Maine's skilled workforce and research-driven innovation, our System positively impacts the state's economy as one of Maine's largest employers and by purchasing goods and services from Maine vendors or those that employ Mainers. In FY25, UMS invested \$108 million directly in the state's economy by purchasing goods and services from Maine-based suppliers.

As it conducts business, our System is committed to ensuring the greatest value for tuition and taxpayers, and transparency and fairness for our vendors. While competitive procurement is our standard, there are legitimate reasons, permitted by State law and corresponding UMS policy, to waive the competitive process for the purchases detailed in this report.

If you need any additional information, please contact UMS Chief External & Governmental Affairs Officer Samantha Warren at samantha.warren@maine.edu.

Thank you for your ongoing partnership and support of Maine's public universities.

Honorable Matthea Elisabeth Larsen Daughtry
President of the Maine Senate
3 State House Station
Augusta, ME 04333

Dear President Daughtry:

On behalf of the Board of Trustees of the Maine Community College System (MCCS), I respectfully submit the attached report on certain procurements, contributions, and policy changes for the period July 1, 2024 through June 30, 2025 (SFY25), as required by 5 M.R.S.A. § 12023.

MCCS used customized reporting features built into its business management systems to compile this report. The validity of the reports was tested, and several transactions were reviewed with college personnel. Collectively, the seven colleges and the MCCS System Office make thousands of purchases each year.

While reporting is complex, the review indicates that compliance with existing policies is extremely high, and expenditures are consistently mission related. In the limited areas where improvements were identified, refinements have been made or are under way.

MCCS will continue to rely on internal controls and its annual external audit to adapt its systems to changing needs. The Board of Trustees will continue to monitor compliance through regular reporting and ongoing dialogue with auditors.

If you have any questions, please do not hesitate to contact me. Thank you.

Sincerely yours,
